Italian Crime Fiction in the Era of the Anti-Mafia Movement William Farina,2020-03-03 Over the last three decades Italian crime fiction has demonstrated a trend toward a much higher level of realism and complexity The origins of the New Italian Epic as it has been coined by some of its proponents can be found in the widespread backlash against the Mafia sponsored murders of Sicilian magistrates which culminated with the assassinations of Judges Giovanni Falcone and Paolo Borsellino in 1992 Though beginning in the Italian language this prolific popular movement has more recently found its way into the English language and hence it has found a much wider international audience Following a brief yet detailed history of the cultural and economic development of Sicily this book provides a multilayered look into the evolution of the New Italian Epic genre The works of ten prominent contemporary writers including Andrea Camilleri Michael Dibdin Elena Ferrante and Massimo Carlotto are examined against the backdrop of various historical periods This past is prologue approach to contemporary crime fiction provides context for the creation of these recent novels and enhances understanding of the complex moral ambiguity that is characteristic of anti mafia Italian crime fiction *Cassell Dictionary Italian*

Literature Peter Bondanella,Julia Conway Bondanella,Jody Robin Shiffman,2001-01-01 [Contemporary Italian Women Writers and Traces of the Fantastic](#) Danielle Hipkins,2017-12-02 Contemporary fantastic fiction particularly that written by women often challenges traditional literary practice At the same time the predominantly male authored canon of fantastic literature offers a problematic range of gender stereotypes for female authors to re write Fantastic tropes of space in particular enable three important contemporary Italian female writers Paola Capriolo b 1962 Francesca Duranti b 1935 and

Rossana Ombres b 1931 to encounter and counter anxieties about writing from the female subject All three writers begin by exploring the hermetic fantastic space of enclosure with a critical or troubled eye but eventually opt for wider national and often international spaces in which only a fantastic trace remains This shift mirrors their own increasingly confident distance from male authored literary models and demonstrates the creative input that these writers bring to the literary canon by redefining its generic boundaries

seek new ways to promote cognitive transformations and foster ethical interventions *The A to Z of Postmodernist Literature and Theater* Fran Mason, 2009 *The A to Z of Postmodernist Literature and Theater* examines the different areas of postmodernist literature and theater and the variety of forms that have been produced. Interrupted Narratives and Intersectional Representations in Italian Postcolonial Literature Caterina Romeo, 2023-01-17 This book argues for the importance of adopting a postcolonial perspective in analysing contemporary Italian culture and literature. Originally published in Italian in 2018 as *Riscrivere la nazione* *La letteratura italiana postcoloniale*, this new English translation brings to light the connections between the present, the colonial past, and the great historical waves of international and intranational migration. By doing so, the book shows how a sense of Italian national identity emerged at least in part as the result of different migrations and why there is such a strong resistance in Italy to extending the privilege of Italianity or Italianness to those who have arrived on Italian soil in recent years. Exploring over 100 texts written by migrant and second-generation writers, the book takes an intersectional approach to understanding gender and race in Italian identity. It connects these literary and cultural contexts to the Italian colonial past while also looking outwards to a more diffuse postcolonial condition in Europe.

Architecture and the Novel under the Italian Fascist Regime Francesca Billiani, Laura Pennacchietti, 2019-09-14 *Architecture and the Novel under the Italian Fascist Regime* discusses the relationship between the novel and architecture during the Fascist period in Italy, 1922–1943. By looking at two profoundly diverse aesthetic phenomena within the context of the creation of a Fascist State, art, Billiani and Pennacchietti argue that an effort of construction or reconstruction was the main driving force behind both projects: the advocated revolution of the novel form, realism, and that of architecture, rationalism. The book is divided into seven chapters which in turn analyze the interconnections between the novel and architecture in theory and in practice. The first six chapters cover debates on State art, on the novel, and on architecture, as well as their historical development and their unfolding in key journals of the period. The last chapter offers a detailed analysis of some important novels and buildings which have in practice realized some of the key principles articulated in the theoretical disputes.
