New Lovers Younger Men Older Women:

Older Women, Younger Men Felicia Brings, Susan Winter, 2000 Despite famous couples most older women have never been open to finding that special someone from the pool of younger men **Women & Aging** Helen Rippier Wheeler, 1997 Guide with more than two thousand bibliographic entries and cross references It includes journal articles book chapters essays and doctoral dissertations as well as complete books **The New Lovers** Joyce Sunila, 1980 *Romance in Post-Socialist Chinese Television* Huike Wen, 2020-07-13 This book is about how the representations of romantic love in television reflect the change and the dilemma of the dominant values in post socialist Chinese mainstream culture These values mainly center on the impact of individualism consumerism capitalism and neoliberalism often referred to as western culture on the perception of romantic love and self realization in China The book focuses on how romantic love which plays a vital role in China s ideologically highly restricted social environment by empowering people with individual choice change and social mobility must struggle and compromise with the reality specifically the values and problems emerging in a transitional China The book also examines how the representation of romantic love celebrates ideals individual freedom passion and gender equality and promises changes based on individual diligence and talent while simultaneously obstructing the fulfillment of these ideals International Handbook of Love Claude-Hélène Mayer, Elisabeth Vanderheiden, 2021-05-04 This handbook is the winner of the William B Gudykunst Award for Outstanding Book in 2023 given by the International Academy of Intercultural Research This handbook includes state of the art research on love in classical modern and postmodern perspectives It expands on previous literature and explores topics around love from new cultural intercultural and transcultural approaches and across disciplines It provides insights into various love concepts like romantic love agape and eros in their cultural embeddedness and their changes and developments in specific cultural contexts It also includes discussions on postmodern aspects with regard to love and love relationships such as digitalisation globalisation and the fourth industrial revolution The handbook covers a vast range of topics in relation to love aging health special needs sexual preferences spiritual practice subcultures family and other relationships and so on The chapters look at love not only in terms of the universal concept and in private intimate relationships but apply a broad concept of love which can also for example be referred to in postmodern workplaces This volume is of interest to a wide readership including researchers practitioners and students of the social sciences humanities and behavioural sciences In the 1970s through the 90s I was told that globalization was homogenizing cultures into a worldwide monoculture This volume as risky and profound as the many adventures of love across our multiplying cultures are proves otherwise The authors revolutionary and courageous work will challenge our sensibilities and expand the boundaries of what we understand what love is But that s what love does It communicates what is offers what can be and pleads for what must be I know you ll enjoy this wonderful book as much as I do Jeffrey Ady Associate Professor retired Public Administration Program University of Hawaii at Manoa Founding Fellow

International Academy for Intercultural Research The International Handbook of Love is far more than a traditional compendium It is a breath taking attempt to synthesize our anthropological and sociological knowledge on love It illuminates topics as diverse as Chinese love one night stands teen romance or love of leaders and many more This is a definitive reference in the field of love studies Eva Illouz author of The End of Love A sociology of Negative relationships Oxford University Press This is not a volume to be read in a single sitting though I almost did due to a protracted hospital stay nor is it romantic or inspirational reading though in some cases I had hoped for more narrative examples and case studies Rather it is a highly diverse scholarly effort a massive resource collection of research papers on love in a variety of contexts personal and professional settings and cultures The work is well referenced providing a large number of resources for deeper exploration We owe our thanks to the authors and editors of this handbook for work well done though that word in the title should not lead readers to suspect that enlightening as it is this book is a vade mecum or practical tour guide that provides ready solutions to the vicissitudes and challenges of our love lives Reviewed by Dr George F Simons on amazon com Please see Claude H l ne Mayer s interview related to the handbook in LeanHealth Talks published by Bernadette Bruckner <https://www.youtube.com/watch?v=VNXA9sWuWo> Please see Claude H l ne Mayer s interview related to the handbook published in Iran News Daily <https://newspaper.irandaily.ir/nid/6941/pid/6/type/0> Marabout Women in Dakar Amber B. Gemmeke, 2008 This rich ethnographic study explores the life and work of successful marabout women in Dakar It is set against the background of their private family lives of developments in Senegalese society and of global changes While including female experts in spirit possession and plant based healing it also gives a rare insight in the work of women who offer Islamic knowledge such as Arabic astrology numerology divination and prayer sessions With the analysis of marabout women s work this study sheds light on the ways in which women s authority in esoteric knowledge is negotiated legitimated and publicly recognised in Dakar The study focuses especially upon marabout women s strategies to gain their clients trust Reference to rural areas is a significant element in this process This study thus contributes to an understanding of the gendered way in which trust and scepticism are related to marabouts work and of the role of a connection between Dakar and the rural areas therein The Change Germaine Greer, 2018-05-17 A brilliant gutsy exhilarating exasperating fury of a book New York Times Germaine Greer has given women just the book they need for this time of their lives Read it pass it on talk about it disagree with it keep the circle going Washington Post The seminal ground breaking and controversial feminist text on the menopause revised and updated When The Change was published in 1991 menopause was a word of fear Then as now expensive magazines advertised even more expensive anti ageing preparations none of which worked Big pharma was pushing replacement hormones but doctors were dragging their feet Some women told horror stories of their experiences with replacement hormones others called them lifesavers Nobody knew why some women went through this change of life without difficulty What was working for them when other women were tormented almost to madness It seemed that we were

close to an answer to that question but that was before large scale studies revealed that the protective effects of hormone replacement had been vastly exaggerated given the perceived increase in the risk of life threatening disease the studies had to be called off Now more than ever amid the clamour of online chatrooms and promotions for a vast array of alternative therapies the individual woman has to manage her passage through menopause for herself In *The Change* Germaine Greer provides a common sense guide to a very interesting and important stage of women s lives
