Excerpt from *Nursing Problems and Obligations* Arms working together for the sick both in peace and in war through so many years it goes without saying that Miss Parsons and I agree on the points of ethics with which she deals in this book otherwise one of us would have convinced the other But as a fact I think both of us have been convinced by the same masters by daily trial and error by daily experience What she here records is well founded because it is a transcript of what any honest intelligent nurse finds written into her life by the successes and failures of her work When she and others have followed the path described in this book things have gone right other wise wrong About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
