Back to the Stone Age Edgar Rice Burroughs, 2007-06-01 The fifth installment of Edgar Rice Burroughs's Pellucidar series *Back to the Stone Age* recounts the strange adventures of Lieutenant von Horst a member of the original crew that sailed to Pellucidar with Jason Gridley and Tarzan who is left behind in the inner world Von Horst wanders friendless and alone from one danger to the next among the Stone Age peoples mighty reptiles and huge animals that have been extinct on the outer crust for thousands of years But woven among the tales of savage cave men in the country of the Basti the hideous Gorbuses in the caverns beneath the Forest of Death and the terrible Gaz is the story of the love this cultured hero feels for a barbarian slave girl who has spurned and discouraged him working instead toward her own mysterious goal

The Disappearance Philip Wylie, 2004-01-01 The female of the species vanished on the afternoon of the second Tuesday of February at four minutes and fifty two seconds past four o'clock Eastern Standard Time The event occurred universally at the same instant without regard to time belts and was followed by such phenomena as might be expected after happenings of that nature On a lazy quiet afternoon in the blink of an eye our world shatters into two parallel universes as men vanish from women and women from men After families and loved ones separate from one another life continues in very different ways for men and women boys and girls An explosion of violence sweeps one world that still operates technologically social stability and peace in the other are offset by famine and a widespread breakdown in machinery and science And as we learn from the fascinating parallel stories of a brilliant couple Bill and Paula Gaunt the foundations of relationships love and sex are scrutinized tested and sometimes redefined in both worlds The radically divergent trajectories of the gendered histories reveal stark truths about the rigidly defined expectations placed on men and women and their sexual relationships and make clear how much society depends on interconnection between the sexes Written over a half century ago yet brimming with insight and unsettling in its relevance

today The Disappearance is a masterpiece of modern speculative fiction **The Secret of Wilhelm Storitz** Jules Verne,2011-04-01 Translation of Le secret de Wilhelm Storitz **Tarzan at the Earth's Core** Edgar Rice Burroughs,2006-09-01 The fourth installment in the Pellucidar series from the legendary creator of Tarzan The Golden Volcano Jules Verne,2008-01-01 The Golden Volcano thrusts two Canadian cousins unexpectedly bequeathed a mining claim in the Klondike into the middle of the gold rush where they encounter disease disaster extremes of weather and human nature twisted by a passion for gold A deathbed confidence sends the two searching for a fabulous gold filled volcano on the shore of the Arctic Ocean But nature both human and physical hasn't finished with them and their story plays out with the nail biting adventure of an action thriller and the moral and emotional force of high drama Like many of the works left unpublished when Jules Verne died The Golden Volcano was altered and edited by his son Michel This first translation from the original manuscript allows readers of English to rediscover the pleasures of Verne's storytelling in its original form and to enjoy a virtually unknown gem of action adventure and style from a master of French literature The Eternal Savage Edgar Rice Burroughs,2003-01-01 With a new introduction this classic adventure tale from the creator of the Tarzan series finds Nu a Stone Age warrior trapped in suspended animation by an earthquake as he reawakens on Tarzan's African estate and tries to adapt to new surroundings including a relationship with a woman from Nebraska Reprint Science Fiction Fantasy

The Self-Propelled Island Jules Verne,2015-07-01 The Self Propelled Island is the first unabridged English translation of Jules Verne's original story featuring a famous French string quartet that is abducted by an American businessman and taken to Standard Island to perform for its millionaire inhabitants The quartet soon discovers that Standard Island is not an island at all but an immense futuristic ship possessing all the features of an idyllic haven Equipped with the most opulent amenities Standard Island travels the Pacific Ocean traversing the south archipelagos and stopping at many sister islands for the pleasure of its well heeled inhabitants These inhabitants soon meet with the danger in its various forms that is inherent in ocean travel Meanwhile the French quartet is witness to the rivalry that exists between the two most powerful families onboard a rivalry that keeps the future of the island balancing on the edge of a knife First published in English in 1896 the novel was originally censored in translation Dozens of pages were cut from the story because English translators felt they were too critical of Americans as well as the British Here for the first time readers have the pleasure of reading The Self Propelled Island as Verne intended it The Croquet Player Herbert George Wells,2004-01-01 Something is horribly wrong in the remote English village of Cainsmarsh An elderly woman stiffens in dread at her own shadow a terrified farmer murders a scarecrow food prepared by others is eyed with suspicion family pets are bludgeoned to death loving couples are devoured by rage and violence A spirit corrupting evil pervades the land infesting the minds of those who call Cainsmarsh home Is this vision real or a paranoid fantasy generated by an even darker worldwide threat And is the call to resist the danger itself a danger These are questions that disturb the calm of an indolent croquet player who happens to hear the tale of the unlucky

village H G Wells s ambiguous story of horror is a modern classic a prophetic disturbing glimpse of the primitive distrust and violence that gnaw at the heart of the modern world *Lost Worlds* Clark Ashton Smith,2006-01-01 Collection of classic macabre and fantastic tales from a master of pulp fiction *Gladiator* Philip Wylie,2004-01-01 Hugo Danner is the strongest man on Earth due to an experiment conducted by his father a scientist but he is doomed to live a life of alienation because of his special strength and abilities Reprint Under the Moons of Mars Edgar Rice Burroughs,2003-01-01 Ambushed in the cold moonlight of an Arizona night Captain John Carter is inexplicably teleported to Mars called Barsoom by its inhabitants Legendary Barsoom where hostile tribes of towering green warriors roam an arid landscape of dead cities and feuding city states where pilgrimages are made to a river of death that conceals a terrifying secret where lifespans are measured in centuries and where airships speed through the thinning atmosphere while duels are fought with swords below Stranded and fighting for his life in a dying savage world John Carter embarks on one of the greatest adventures of all time as his destiny and Barsoom s become one The first three books of Edgar Rice Burroughs s brilliantly conceived Barsoom series A Princess of Mars The Gods of Mars and The Warlord of Mars are brought together here for the first time The trilogy follows the saga of John Carter from his unexpected arrival on Barsoom through hair raising adventures and startling discoveries from pole to pole of the planet
