Technologies in a Multilingual Environment Daria Bylieva, Alfred Nordmann, 2023-02-18. The book addresses the challenge of living in a multilingual world from three perspectives: socio-linguistics and the study of multilingualism in contrast; philosophy of technology with its emphasis on the world as a technosphere, how it is made, how it is experienced, and how it can be managed; and then pedagogy and the question of teaching and learning to competently negotiate multilingual environments. In today's multicultural and multilingual world, technologies provide a common ground. The story of the technosphere as a multilingual environment offers new perspective, namely that of learning to cooperate and coordinate.
