Pennsylvania in Perspective ,2008 The Illegal Wildlife Trade Daan P. van Uhm,2016-11-15 In this book the author examines the illegal wildlife trade from multiple perspectives the historical context the impact on the environment the scope of the problem internationally the sociocultural demand for illegal products the legal efforts to combat it and several case studies from inside the trade The illegal wildlife trade has become a global criminal enterprise following in the footsteps of drugs and weapons Beyond the environmental impact financial profits from the illegal wildlife trade often fund organized crime groups and violent gangs that threaten public safety and security in myriad ways This innovative volume covers several key questions surrounding the wildlife trade why is there a demand for illegal wildlife products which actors are involved in the trade how is the business organized and what are the harmful consequences The author performed ethnographic fieldwork in three key markets Russia Morocco and China and has constructed a detailed picture of how the wildlife trade operates in these areas Conversations with informants directly involved in the illegal business ensure unique insights into this lively black market In the course of his journey the author follows the route of the illegal wildlife trade from poor poaching areas to rich business districts where corrupt officials legally registered companies wildlife farms and sophisticated criminal organizations all have a share A fascinating look inside the world of poachers smugglers and traders *Handbook of Policing* Tim Newburn,2012-08-21 This new edition of the Handbook of Policing updates and expands the highly successful first edition and now includes a completely new chapter on policing and forensics It provides a comprehensive but highly readable overview of policing in the UK and is an essential reference point combining the expertise of leading academic experts on policing and policing practitioners themselves **Social Movements and the Transformation of American Health Care** Jane C. Banaszak-Holl,Sandra R. Levitsky,Mayer N. Zald,2010-06-24 This is the first collection of essays to examine dynamics of change in health care institutions through the lens of contemporary theory and research on collective action Gathering scholars from medicine health policy history sociology and political science the book considers health related social movements from four distinct levels concentrating on movements seeking changes in the regulation financing and distribution of health resources changes in institutions in public health bio ethics and other fields interactions between social movements and professions and the cultural dominance of the medical model and the difficulties for framing and legitimizing new issues in health care it poses At a time when American health care is long overdue for major changes this book takes an essential look at movements policies and institutions to identify the common constraints and opportunities for reform within the health care system **Pennsylvania Crime in Perspective 2003** Kathleen O'Leary Morgan,Scott E. Dimension of European Security B. Germond, 2015-05-19 In an age of uncertainties influenced by information technologies and the networking of societies the maritime domain remains the main global lane of communication vital for trade and security The European Union has become a maritime actor carrying out counter piracy and maritime capacity building operations and actively dealing with maritime safety fisheries protection port security maritime surveillance and counter immigration at sea The Union's policies mechanisms and activities related to the maritime domain are now backed by a Maritime Security Strategy adopted by the Council in June 2014 This cutting edge book accounts for the trends in maritime strategy and seapower politics as well as the recent developments in the field both at the conceptual and practical level It discusses the significance of the maritime domain for European security in general and for the EU in particular Readers are provided with the necessary tools to critically assess the EU's potential as a global maritime actor and evaluate why Europe's prosperity and security rests on its capacity to shape events at sea *Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954* United States. Internal Revenue Service, 1997 **Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1986**, 1998 Oxbridge Directory of Newsletters, 2002 *Library Journal*, 2002 *The Ruined Anthracite* Paul A. Shackel, 2023-08-01 Once a busy if impoverished center for the anthracite coal industry northeastern Pennsylvania exists today as a region suffering inexorable decline racked by economic hardship and rampant opioid abuse abandoned by young people and steeped in xenophobic fear Paul A Shackel merges analysis with oral history to document the devastating effects of a lifetime of structural violence on the people who have stayed behind Heroic stories of workers facing the dangers of underground mining stand beside accounts of people living their lives in a toxic environment and battling deprivation and starvation by foraging bartering and relying on the good will of neighbors As Shackel reveals the effects of these long term traumas he sheds light on people's poor health and lack of well being The result is a valuable on the ground perspective that expands our understanding of the social fracturing economic decay and anger afflicting many communities across the United States Insightful and dramatic The Ruined Anthracite combines archaeology documentary research and oral history to render the ongoing human cost of environmental devastation and unchecked capitalism **Index to Legal Periodicals & Books**, 2002 **Forthcoming Books** Rose Army, 2003 **Critical Criminology Today** Vincenzo Ruggiero, 2021-08-10 What survives of the notions principles and values of critical criminology Faced with contexts that could not be more dramatically different to those fostering critical approaches to crime and its control what is left of the radical theories and practical initiatives that characterized it in the 1970s This book argues that critical criminology today can be reimagined if new concepts are elaborated which bring academic efforts close to the practices of social movements Building on an original collection of anti hegemonic essays focused on specific criminological areas including femicide organized crime drug use punishment state corporate terrorism and financial crime this book identifies the radical potential inherent in the choice of areas topics and

variables that critical criminologists can address today In discussing concepts of distance power mercy and troublemaking this book considers the relationship between critical criminology social justice and activism An accessible and compelling read this book will appeal to all those engaged with critical criminology sociology and cultural studies **Who's who in America** ,2003 *Index to Subjects and Corporate Names in the National Union Catalog of Manuscript Collections, 1959-1984: P-Z* ,1994
