Power Transfer Electoral Politics

Hsin-chi Kuan

Power Transfer Electoral Politics:

Power Transfer and Electoral Politics Hsin-chi Kuan, 1999 This book provides an in depth analysis of the election of the Hong Kong Legislative Council in May 1998 which was the first general election in Hong Kong since the change of sovereignty to China in 1997 The election was conducted in the wake of the government's mismanagement of health policy and other aspects of public concern and amid widespread hardships inflicted by the Asian financial crisis Nevertheless the election still had the highest turnout rate in Hong Kong's entire history The elected legislature replaced the Provisional Legislative Council which was a product of the Sino British conflict before the change over However as a result of institutional design and electoral outcome this duly elected Legislative Council has been fragmented and weak in its legislative and supervisory powers and therefore there are long term implications for the governance of Hong Kong in general and for the executive legislative relations in particular Contributors to this volume are renowned scholars in Hong Kong studies The various aspects of the 1998 legislative election are critically examined to ascertain their exact meanings and to clarify doubts Questions such as the following are properly addressed Did the transfer of sovereignty have any impact on the systems of election representation and authority What was the impact of institutional change on the conduct of electoral campaigns Did the end of colonialism and the advent of one country two systems help to activate Hong Kong voters who were once dubbed attentive spectators Did the China factor which had been influential in the 1991 and 1995 elections give way to other electoral divisions Did the mass media properly perform their roles during the election Does the emergence of class and economic issues during the election signify a new era of political normalization Will the now legitimately constituted Legislative Council have political clout What is in store for the future Electoral Politics in Post-1997 Hong Kong Stan Hok-Wui Wong, 2015-03-29 This book offers a novel and parsimonious framework to help understand Hong Kong's lengthy democratic transition by analyzing the electoral dynamics of the city's competitive authoritarian political system where pro Beijing and pro democracy parties have struggled to keep each other in check The author demonstrates how a relatively liberal media environment has shaped the electoral incentives of the opposition and the pro establishment elite differently which has helped the latter improve its basis of electoral support The political explanation the book puts forward seeks to shed new light on why many autocracies are interested in regularly holding elections that are considered somewhat competitive This book will be of great interest not only to specialists in comparative studies of democratization but also to all those concerned with Hong Kong's democratic transition Taiwan's Electoral Politics and Democratic Transition: Riding the Third Wave Hung-Mao Tien, 2016-09-16 An examination of the evolution of the democratic two party system in Taiwan This work explores the growth of Taiwan's competitive party system in the context of social attitudes issue based politics and local factions *Crisis and Transformation in China's Hong Kong*, Crisis and Transformation in China's Hong Kong Ming K. Chan, Alvin Y. So, 2016-07-08 Hong Kong has undergone sweeping transformation since its return to Chinese

sovereignty in 1997 This is a multidisciplinary assessment of the new regime and key issues challenges crises and opportunities confronting the Hong Kong Special Administrative Region HKSAR **Political Development in Hong Kong** Ngok Ma,2007-01-01 This book reviews the political development of Hong Kong before and after 1997 in particular the evolution of state society relations in the last two decades to analyze the slow development of democracy and governance in Hong Kong after 1997 This book is a most comprehensive analysis of the multi faceted changes in Hong Kong in the last 20 years The scope of changes analyzed included state functions and institutions political changes such as party development and development of the Legislative Council and social changes such as social movements civil liberties etc It helps the reader understand the crisis of governance of Hong Kong after 1997 and the difficulty of democratic development in Hong Kong over the years The book covers changing state institutions in Hong Kong in the last few decades party development in Hong Kong the changing role and function of the legislature in Hong Kong the evolution of social movement and movement organizational forms media freedom civil liberties and the role of civil society and theoretical discussions concerning governance problems and state society relations in Hong Kong Special emphasis is placed on how these changes brought about a new state society relation which in turn brought governance difficulties after 1997 **Out of the Shadow of 1997?** Hsin-chi Kuan,2002 Hong Kong s Legislative Council Elections have been riddled with difficulties The first partial elections introduced in 1991 were tainted by the traumatic memories of the events of June 4 1989 The elections of 1995 bore the marks of the bitter Sino British controversies over Hong Kong s political reforms As a result of the derailed through train the first general election after the change of sovereignty to China in 1997 produced a two year successor to the Provisional Legislative Council which in turn was troubled by the Asian Financial Crisis In light of this the elections held in September 2000 offered Hong Kong a new lease on life A full four year term legislature was thus elected under conditions that were relatively free from the issues that characterized 1997 uncertainties over the political future of Hong Kong the attendant anxieties of the Hong Kong people and the tortuous struggle over reform initiatives among the political powers This book draws on a wide range of local and overseas expertise to provide an in depth study of the various aspects of the 2000 Legislative Council elections in Hong Kong These aspects include the basic conditions under which the elections took place the role of labor the District Councilors and media reporting the decisive effect of the proportional representation system factionalism in the Democratic Party voting propensity and the issues of identity campaign finance democratization and the degree of political participation *Elections as Popular Culture in Asia* Beng Huat Chua,2007-08-07 Conventional political science depicts legitimate elections as rational affairs in which informed voters select candidates for office according to how their coherently presented aims ideologies and policies appeal to the self interest of the electorate In reality elections whether in first world democracies or in the various governmental systems present in Asia can more realistically be seen as cultural events in which candidates campaigns are shaped consciously or unconsciously to appeal to the cultural

understanding and practices of the electorate The election campaign period is one in which the masses are mobilized to participate in a range of cultural activities from flying the party colours in noisy motorcycle parades to attending political rallies for or against or simply to be entertained by the performances on the political stage and to gambling on the outcome of the contest The essays in this book analyse electioneering activities in nine Asian countries in terms of popular cultural practices in each location ranging from updated traditional cultures to mimicry and caricatures of present day television dramas In presenting political election as an expression of popular culture this book portrays electoral behaviour as a meaningful cultural practice As such this book will appeal to student and scholars of political science and cultural studies alike as well as those with a more general interest in Asian studies

Hong Kong 20 Years after the Handover Brian C.H. Fong,Tai-Lok Lui,2017-10-10 This book examines the socio political conflicts which have arisen since Hong Kong's return to China and confronts the fundamental problems in the design of the One Country Two Systems OCTS Model It considers not only the issue of democratization but also the institutional fractures in the executive dominant political system and the disconnection between the executive and the legislature It describes the drastic changes which have affected social mobilization and political activism in Hong Kong as well as the pattern of interaction between the government and civil society This edited volume brings together a team of cutting edge researchers to examine the operation of the One Country Two Systems OCTS Model in Hong Kong over the past 20 years The discussion and analysis offered by the contributors will cast light on social and political tensions and conflicts that will continue to unfold in the coming years This timely account published on the 20th anniversary of the handover will be a valuable read for students and scholars of Chinese and East Asian studies

Popular Protest, Political Opportunities, and Change in Africa Edalina Rodrigues Sanches,2022-02-15 This book offers a fresh analysis of third wave popular protests in Africa shedding light on the complex dynamics between political change and continuity in contemporary Africa The book argues that protests are simultaneously products and generators of change in that they are triggered by micro and macrosocial changes but they also have the capacity to transform the nature of politics By examining the triggers actors political opportunities resources and framing strategies the contributors shed light onto tangible e.g policy implementation liberal reforms political alternation and intangible e.g perceptions imagination awareness forms of change elicited by protests It reveals the relevant role of African protests as engines of democracy accountability and collective knowledge Bringing popular protests in authoritarian and democratic settings into discussion this book will be of interest to scholars of African politics democracy and protest movements

Taiwan Electoral, Political Parties Laws and Regulations Handbook - Strategic Information and Regulations IBP, Inc.,2016-09-08 Taiwan Electoral Political Parties Laws and Regulations Handbook Strategic Information Regulations Procedures

Hong Kong Politics Brian C. H. Fong,2024-09-16 Hong Kong Politics A Comparative Introduction is a comprehensive and pioneering guide of this emerging field It aims to advance scholarly understanding of Hong Kong's

political developments since the handover of sovereignty in 1997 using a comparative politics approach The book advances a unique integrated comparative framework for studying Hong Kong through geopolitical autonomy centre periphery democratisation political economic and governance perspectives It guides readers to understand and interpret the various political dimensions of Hong Kong in a comprehensive and holistic way This book will be of key interest to scholars and students of comparative politics Experienced political researchers in Hong Kong will find this book illuminating while comparative political scholars worldwide would also find it a handy introductory text to the important case of Hong Kong This book is also an excellent resource for instructors and students of Asian Studies China Studies and Hong Kong Studies

Issues in Ghana's Electoral Politics Ninsin, Kwame A., 2017-05-05 Ghana attained independence in 1957 From 1992 when a new constitution came into force and established a new democratic framework for governing the country elections have been organized every four years to choose the governing elites The essays in this volume are about those elections because elections give meaning to the role of citizens in democratic governance The chapters depart from the study of formal structures by which the electorate choose their representatives They evaluate the institutional forms that representation take in the Ghanaian context and study elections outside the specific institutional forms that according to democratic theory are necessary for arriving at the nature of the relationships that are formed between the voters and their representatives and the nature and quality of their contribution to the democratic process

Hong Kong's Governance Under Chinese Sovereignty Brian C. H. Fong, 2014-09-04 As a hybrid regime Hong Kong has been governed by a state business alliance since the colonial era However since the handover in 1997 the transformation of Hong Kong's political and socio economic environment has eroded the conditions that supported a viable state business alliance This state business alliance which was once a solution for Hong Kong's governance has now become a political burden rather than a political asset to the post colonial Hong Kong state This book presents a critical re examination of the post 1997 governance crisis in Hong Kong under the Tung Chee hwa and Donald Tsang administrations It shows that the state business alliance has failed to function as an organizational machinery for supporting the post colonial state and has also served to generate new governance problems Drawing upon contemporary theories on hybrid regimes and state capacity this book looks beyond the existing opposition centered explanations of Hong Kong's governance crisis By establishing the causal relationship between the failure of the state business alliance and the governance crisis facing the post colonial state Brian C H Fong broadens our understanding of the governance problems and political confrontations in post colonial Hong Kong In turn he posits that although the state business alliance worked effectively for the colonial state in the past it is now a major problem for the post colonial state and suggests that Hong Kong needs a realignment of a new governing coalition Hong Kong's Governance under Chinese Sovereignty will enrich and broaden the existing literature on Hong Kong's public governance whilst casting new light on the territory's political developments As such it will be welcomed by students and scholars interested in Chinese politics Hong

Kong politics and governance **Routledge Handbook of Contemporary Hong Kong** Tai-lok Lui, Stephen W.K. Chiu, Ray Yep, 2018-07-17 When Britain and China negotiated the future of Hong Kong in the early 1980s their primary concern was about maintaining the status quo The rise of China in the last thirty years however has reshaped the Beijing Hong Kong dynamic as new tensions and divisions have emerged Thus post 1997 Hong Kong is a case about a global city's democratic transition within an authoritarian state The Routledge Handbook of Contemporary Hong Kong introduces readers to these key social economic and political developments Bringing together the work of leading researchers in the field it focuses on the process of transition from a British colony to a Special Administrative Region under China's sovereign rule Organized thematically the sections covered include One Country Two Systems in practice Governance in post colonial Hong Kong Social mobilization The changing social fabric of Hong Kong society Socio economic development and regional integration The future of Hong Kong This book provides a thorough introduction to Hong Kong today As such it will be invaluable to students and scholars of Hong Kong's politics culture and society It will also be of interest to those studying Chinese political development and the impact of China's rise more generally **The Hong Kong Special Administrative Region in Its First Decade** Joseph Y. S. CHENG, 2007-09-01 This book with 24 essays will appeal to local and international readers interested in Hong Kong The latter include the international financial and business community researchers in Asian Studies journalists and educated tourists Published by City University of Hong Kong Press *Hong Kong's Tortuous Democratization* Ming Sing, 2004 This book raises interesting questions about the process of democratization in Hong Kong It asks why democracy has been so long delayed when Hong Kong's level of socio economic development has become so high It relates democratization in Hong Kong to wider studies of the democratization process elsewhere and it supplements the received wisdom that democracy was delayed because of colonial rule and by the opposition of China with new thinking for example that its quasi bureaucratic authoritarian political structure vested power in bureaucrats who refused to have top down democratization a politically weak civil society and a non participant political culture that crippled bottom up democratization plus the division between pro democratic civil society and political society **Hong Kong in Transition** Robert Ash, Peter Ferdinand, Brian Hook, Robin Porter, 2003-08-29 Hong Kong in Transition offers a perspective on the exceptional constitutional and administrative experiment that has been taking place in Hong Kong based on a substantial period under Chinese rule There have been both successes and failures and a perceptible process of change which is important to document The particular appeal of this volume lies in the fact that it combines a broad overview with detailed study of individual topics It is multidisciplinary and its chapters may be read as stand alone studies or taken as complementary parts of a whole snapshot of Hong Kong in this critical early period The chapters are pitched at a level to make them accessible both to undergraduates and to the specialist Contributors have been drawn from Hong Kong Macau the UK the US Australia and Germany reflecting the international interest in the fate of Hong Kong **The First Tung**

Chee-hwa Administration Zhaojia Liu, Siu-kai Lau, 2002 This book is a study of the administration of Hong Kong's government under the leadership of Tung Chee hwa during a time when Hong Kong was changing politically and economically The contributors address the following questions To what extent are government policies consistent with those of colonial rule What does one country two systems mean and to what extent has the Tung regime been successful in safeguarding this principle How responsible are external economic forces for the apparent deterioration of the Hong Kong economy Who are affected most by the restructuring of the economy and what are some of the long term implications for Hong Kong as an important world financial center How do people in general perceive these changes What are some of the most effective economic and social policy measures that the Tung government has initiated Finally how successful has the Chief Executive been during his five years in office

Democracy, Intermediation, and Voting on Four Continents

Richard Gunther, Jose Ramon Montero, Hans-Jürgen Puhle, 2007-02-08 This book presents the results of systematic comparative analyses of electoral behavior and support for democracy in 13 countries on four continents It is based on national election surveys held in old and new democracies in Europe Germany Britain Spain Greece Italy Portugal Bulgaria North and South America the United States Chile and Uruguay and Asia Hong Kong between 1990 and 2004 It is methodologically innovative notwithstanding the fact that its core concern with political intermediation i e the flow of political information from parties and candidates to voters through the mass communications media membership in secondary associations and direct face to face contacts within interpersonal networks was first introduced to the study of electoral behavior by Paul Lazarsfeld and his collaborators in the 1940s In addition to reviving that long neglected analytical framework this book breaks new ground by systematically exploring the impact of socio political values on electoral behavior It also analyzes the role of political intermediation in forming basic attitudes towards democracy which are crucial for the consolidation of new democracies and in turn channeling those orientations into various forms of political behavior Some of the findings presented in this volume are dramatic and clearly reveal that these channels of information are among the most powerful factors influencing the development of political attitudes and partisan electoral behavior So too are socio political values in some countries particularly the United States This volume is the first book length product of the now 18 country Comparative National Elections Project

This Engaging Realm of Kindle Books: A Thorough Guide Unveiling the Advantages of Kindle Books: A Realm of Ease and Versatility Kindle books, with their inherent mobility and simplicity of access, have liberated readers from the limitations of hardcopy books.
