States Constitution and end their oppression In *Terrible Revolution* Christopher James Blythe examines apocalypticism across the history of the Church of Jesus Christ of Latter day Saints particularly as it took shape in the writings and visions of the laity The responses of the church hierarchy to apocalyptic lay prophecies promoted their own form of separatist nationalism during the nineteenth century Yet after Utah obtained statehood as the church sought to assimilate to national religious norms these same leaders sought to lessen the tensions between themselves and American political and cultural powers As a result visions of a violent end to the nation became a liability to disavow and regulate Ultimately Blythe argues that the visionary world of early Mormonism with its apocalyptic emphases continued in the church s mainstream culture in modified forms but continued to maintain separatist radical forms at the level of folk belief
