book it has served novel roles in a modern era otherwise characterized by discontinuity and dislocation Drawing on recent theoretical explorations of collective memory he elaborates an important new philosophical basis for it one that unveils profound limitations to its scope in relation to the historical past Crucial to Barash s analysis is a look at the radical transformations that symbolic configurations of collective memory have undergone with the rise of new technologies of mass communication He provocatively demonstrates how such technologies capacity to simulate direct experience especially via the image actually makes more palpable collective memory s limitations and the opacity of the historical past which always lies beyond the reach of living memory Thwarting skepticism however he eventually looks to literature specifically writers such as Walter Scott Marcel Proust and W G Sebald to uncover subtle nuances of temporality that might offer inconspicuous emblems of a past historical reality A highly insightful and erudite book on the complex relationship of the past to the present It raises a host of important questions about memory and history Journal of the History of Ideas Rauschenberg Currents Dayton's Gallery, Minneapolis,1970 **Contact: Art and the Pull of Print** Jennifer L. Roberts,2024-05-14 A leading art historian presents a new grammar for understanding the meaning and significance of print In process and technique printmaking is an art of physical contact From woodcut and engraving to lithography and screenprinting every print is the record of a contact event the transfer of an image between surfaces under pressure followed by release Contact reveals how the physical properties of print have their own poetics and politics and provides a new framework for understanding the intelligence and continuing relevance of printmaking today Focusing on the material and spatial transformations of the printmaking process rather than its reproducibility this beautifully illustrated book explores the connections between print painting and sculpture but also between the fine arts industrial arts decorative arts and domestic arts Throughout Roberts asks what artists are learning from print and what we in turn can learn from them New York Magazine ,1970-06-29 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Robert Rauschenberg's »Erased de Kooning Drawing« (1953)** Gregor Stemmrich,2023-01-01 Erased de Kooning Drawing ist ein Kunstwerk das auf radikale Weise die Definition von Kunst und das Verst ndnis von Autorschaft herausfordert Drei amerikanische K nstler waren 1953 an seiner Erschaffung beteiligt Robert Rauschenberg radierte eine Zeichnung Willem de Koonings aus der mit einem gewissen Widerwillen sein Einverst ndnis gegeben hatte Jasper Johns versah es anl sslich seiner ersten Pr sentation mit einem Label das ma geblich zu seiner Wahrnehmung als eigenst ndigem Werk beitrug Das zu etwas Neuem transformierte Blatt wurde in den 1950er Jahren als Neo Dada aufgefasst in den 1960ern als Beginn der Konzeptkunst und in den 1980er Jahren als Aufbruch in die Postmoderne Zahlreiche K nstler innen bezogen sich auf das Werk und Rauschenberg

selbst griff es immer wieder auf Es erwies sich als Testfall für Bestimmungen von Modernismus Literalismus und Postmodernismus Gregor Stemmrichs kenntnisreiche kunsttheoretische Betrachtung arbeitet die anhaltende Relevanz des Werks für die Theorie des Bildes des Index der Spur des Allegorischen und der Frage nach Appropriation heraus

Schloss was born in Germany and moved to New York City during World War II. She became part of a thriving community of artists and intellectuals that included Elaine and Willem de Kooning, Larry Rivers, John Cage, and Frank O'Hara. She married the photographer and filmmaker Rudy Burckhardt. She was both a working artist and an incisive critic and was a candid and gimlet-eyed witness of the close-knit community that was redefining the world of art. In Italy, she spent time with Giorgio Morandi, Cy Twombly, Meret Oppenheim, and Francesca Woodman. In *The Loft Generation*, Schloss creates a rare and irreplaceable up-close record of an era of artistic innovation and the colorful characters who made it happen. There is no other book like it. Her canny observations are indispensable reading for all critics and researchers of this vital period in American art.
