John M. Marzluff,Tony Angell,2008-10-01 Crows and people share similar traits and social strategies To a surprising extent to

know the crow is to know ourselves from the Preface From the cave walls at Lascaux to the last painting by Van Gogh from the works of Shakespeare to those of Mark Twain there is clear evidence that crows and ravens influence human culture Yet this influence is not unidirectional say the authors of this fascinating book people profoundly influence crow culture ecology and evolution as well John Marzluff and Tony Angell examine the often surprising ways that crows and humans interact The authors contend that those interactions reflect a process of cultural coevolution They offer a challenging new view of the human crow dynamic a view that may change our thinking not only about crows but also about ourselves Featuring more than 100 original drawings the book takes a close look at the influences people have had on the lives of crows throughout history and at the significant ways crows have altered human lives In the Company of Crows and Ravens illuminates the entwined histories of crows and people and concludes with an intriguing discussion of the crow human relationship and how our attitudes toward crows may affect our cultural trajectory

Haboo Hilbert, Vi,1985 The stories and legends of the Lushootseed speaking people of Puget Sound were an important part of the oral tradition by which beliefs values and customs were handed from one generation to another Vi Hilbert a Skagit Indian grew up at a time when many of the old social patterns survived and when everyone still spoke the ancestral language As an adult when she realized that native language and culture were being forgotten she began to work with linguists and anthropologists in recording and translating as much of the Lushootseed oral tradition as possible Haboo is her collection of thirty three stories Most of the stories in the book take place in the Myth Age before the world was transformed Animals plants trees and even rocks had human attributes as well as the characteristics we know today Characters included Wolf Salmon and Changer who made things the way they are now Especially prominent are Mink Raven and Coyote three tricksters who are usually caught in their duplicity but who can occasionally rise to heroic deeds Other worlds exist the sky world the Salmon People s world and it is possible to walk from one to another Many of the stories are light humorous and earthy reflecting the foibles of human nature While a serious moral is usually implied instruction is achieved by humorously detailing the unfortunate even disastrous consequences of breaking taboos In his Introduction Thom Hess professor of linguistics at the University of Victoria places the stories in the context of the Lushootseed world view Vi Hilbert in her Preface describes the storytellers many of them relatives and older friends with special knowledge of the old ways The vivid and humorous stories in Haboo will be of interest to linguists anthropologists and folklorists as well as to future generations of Lushootseed people and all others concerned with native languages and cultures
