as the rejuvenator of the once dying American short story Drawing on representative tales from each of Carver's major volumes of fiction Nessel's critical exploration leads us deep into the heart of Carver country an eerie post industrial world of low rent survivors In this comprehensive study of Carver Nessel discusses the relationship of minimalism and postmodern trends and the rise of new realism By locating Carver in the gallery of American letters Nessel shows him to be at once more simple and more complex than we might have believed skillfully laying the groundwork for Carver studies to come BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved The Dialectic of Self and Story Robert Durante,2014-01-14 Informed by selected postmodern theories and cultural criticism this study argues that while American fiction of the 1980s and 1990s bears the outward signs of a return to realism it also evidences recurring themes of postmodernism such as alienation social disintegration personal despair historical dislocation and authorial self reflexivity

The Carver Chronotope G.P. Lainsbury,2004-02-24 Raymond Carver's fiction is widely known for its careful documentation of lower middle class North America in the 1970s and 80s Building upon the realist understanding of Carver's work Raymond Carver's Chronotope uses a central concept of Bakhtin's novelistics to formulate a new context for understanding the celebrated author's minimalist fiction G P Lainsbury describes the critical reception of Carver's work and stakes out his own intellectual and imaginative territory by arguing that Carver's fiction can be understood as diffuse fragmentary and randomly ordered Offering a fresh analysis of Carver's body of work this book offers an extensive meditation on this major figure in postmodern U S fiction *Pedagogical Stylistics* Michael Burke,Szilvia Csabi,Lara Week,Judit Zerkowitz,2012-03-29 An exploration of cutting edge international trends in the pedagogy of stylistics illustrating current theory and teaching methods with both empirical data and practical examples **American Culture in the 1970s** Will Kaufman,2009-02-19 The 1970s was one of the most culturally vibrant periods in American history This book discusses the dominant cultural forms of the 1970s fiction and poetry television and drama film and visual culture popular music and style public space and spectacle and the decade's most influential practitioners and texts from Toni Morrison to All in the Family from Diane Arbus to Bruce Springsteen from M A S H to Taxi Driver and from disco divas to Vietnam protesters In response to those who consider the seventies the time of disco polyester and narcissism this book rewrites the critical engagement with one of America's most misunderstood decades Key Features Focused case studies featuring key texts and influential writers artists directors and musicians Chronology of 1970s American Culture Bibliographies for each chapter and a general bibliography on 1970s Culture 14 black and white illustrations Carver Across the Curriculum Katherine Ashley,Paul Benedict Grant,2020-05-15 Raymond Carver's canonical status is secure his short stories appear regularly in all of the major literary anthologies and his fiction and poetry are taught at universities around the world Despite this there are few instructional aids to teaching Carver's work at university level and none that take into account the interdisciplinary nature of many modern university courses Carver Across the Curriculum addresses these needs Drawing on the experiences

Raymond Carver Ewing Campbell, 1992 Perhaps the most significant and influential figure in this century's wave of American realism Raymond Carver 1938 1988 is credited not only with reviving the short story as an artistically legitimate form but also with perfecting minimalist fiction His 1981 collection *What We Talk about When We Talk about Love* remains the standard against which minimalist literature is measured and his numerous prize winning and frequently anthologized stories have established him as the extender of a modernist tradition stretching from Chekhov through Joyce and Hemingway In his later collections such as *Cathedral* 1983 and *Where I'm Calling From* 1988 Carver surpasses even his own great achievement setting a bold new path for his short fiction and intensifying the scholarly attention he'd first inspired with *Will You Please Be Quiet Please* anthologized in *Best American Short Stories* of 1967 Moving chronologically through Carver's complete short fiction canon and examining key stories in depth Ewing Campbell traces the author's development through and beyond literary minimalism into the tradition of tragic allegory He explores Carver's persistent use of myth and archetype motifs of the grotesque religious iconography and oppressed spiritually paralyzed characters From the earliest stories through the latest Campbell illuminates Carver's constant fascination with the way individuals connect or fail to connect with one another
