M. Guion,2014-03-18 First Published in 1988 Though many standard musicological reference works document the use of the trombone from its beginning in the middle of the seventeenth century and then from Mozart to the present few deal with the intervening years This book reproduces the texts from two dozen treatises dictionaries and encyclopaedias along with English translations published between 1697 and 1811 It provides an overview of the use of the trombone during that time in America and seven European countries and examines its use in choral music opera symphonic music and military music

Trombone Chamber Music Harry J. Arling,1978 The Trombone David M. Guion,2015 Practical Studies for Trombone, Book 2 Gerald Bordner,1999-10-19 The Second Book of Practical Studies is designed to logically extend the techniques already presented in the First Book and also to introduce and develop new techniques and rhythms that will offer a challenge to the intermediate student Through the use of slightly more difficult and more extended studies it is hoped that the material included in this book may more fully develop general musicianship and more feeling for style and interpretation and thus act as a foundation for solo literature **Vandercook Etudes for Trombone Or Baritone** Walter C.
