Reach Out Ricardo:

Star Wreck V Leah Rewolinski,2016-07-19 The most out of this world parody imaginable of America s favorite science fiction TV series returns The Captain Smirk and his crew refuse early retirement steal their own ship and take over the planet that holds the Fountain of Youth But Captain Jean Lucy Ricardo is out to bring them in *The Last Black Undercover Narc in America* Bobby R. White,2022-12-05 In 1990 I faced the biggest challenge of my law enforcement career when I was recruited for an undercover drug assignment here in East Texas At this point there had never been a black undercover narcotic officer in the history of East Texas law enforcement The top law enforcement officials of East Texas had no idea how bad the drug problem was and now after all this time they wanted to know the truth The white and black kids were becoming completely uncontrollable all over East Texas because of the drug usage I would later infiltrate so deep into the East Texas drug and criminal world that I gave up hope on coming out alive I inadvertently would find out additional information about a famous Texas and national murder case called The Kentucky Fried Chicken Murders which had occurred in 1984 that was drug related and involved some very high profile people The deception that I had to pull off involving so many people would go on to follow me the rest of my career My only way out was my deep religious belief in Jesus Christ **The Routledge**

Research Companion to Electronic Music: Reaching out with Technology Simon Emmerson,2018-05-16 The theme of this Research Companion is connectivity and the global reach of electroacoustic music and sonic arts made with technology The possible scope of such a companion in the field of electronic music has changed radically over the last 30 years The definitions of the field itself are now broader there is no clear boundary between electronic music and sound art Also what was previously an apparently simple divide between art and popular practices is now not easy or helpful to make and there is a rich cluster of streams of practice with many histories including world music traditions This leads in turn to a steady undermining of a primarily Euro American enterprise in the second half of the twentieth century Telecommunications technology most importantly the development of the internet in the final years of the century has made materials practices and experiences ubiquitous and apparently universally available though some contributions to this volume reassert the influence and importance of local cultural practice Research in this field is now increasingly multi disciplinary Technological developments are embedded in practices which may be musical social individual and collective The contributors to this companion embrace technological scientific aesthetic historical and social approaches and a host of hybrids but most importantly they try to show how these join up Thus the intention has been to allow a wide variety of new practices to have voice unified through ideas of reaching out and connecting together and in effect showing that there is emerging a different kind of global music **Red, Green, or Murder** Steven F. Havill,2024-04-02 Former Posadas County Sheriff Bill Gastner now a New Mexico Livestock Inspector is enjoying a day on Herb Torrance s ranch soaking in the sun counting a small herd of cattle and thinking about meeting an old friend back in town for lunch But suddenly a light breeze stirs the dust a horse

The Family in Bahia, Brazil, 1870-1945 Dain Edward Borges, 1992-07 This history of the Brazilian family in the nineteenth and twentieth centuries studies the relationship between the informal institution of the family and such formal social institutions as medicine the law organized politics and the church The author focuses primarily on middle and upper class families for whom adequate documentation is available and shows the change from a patriarchal model of the family to one that was more conjugal and nuclear a change necessitated by an insecure and urbanizing economy Nevertheless Bahian families maintained many traditional values and traditional kin networks The author examines the daily life and dynamics of households including what is known about lower class families where consensual arrangements were the norm He looks at the history of the medical profession the legal profession and the Catholic church and he describes the attempts of each group to mobilize the family for its own political social and cultural ends The author argues that family ideology and families themselves resisted and transformed the efforts of these institutions to impose their will The book also deals with the changes and continuities in Bahian attitudes and beliefs about courtship honor and the place of women as well as the ways in which Bahians projected a familial ethic onto social relations outside the home Within families conduct was governed by a belief in the traditional rituals of life in the family circle weekly family dinners at the table of an older relative residence in family compounds around an old mansion or in several apartments of a single building nepotism in public bureaucracies and the management of both small and large businesses by families and their relatives Although these patterns of family life were transformed over time this study demonstrates that such traditions did survive even thrive well into the twentieth century

Survival of the Fittest Michael Taylor, 2011-11-04 One night seven teenagers wake completely alone and in the dark. Their parents are gone and it seems everyone on earth has disappeared as well. Worse, the electricity is off. Surrounded by darkness, their differences no longer matter; they are the sole survivors of an alien attack and the last hope for humanity. But in the black of night, can they outrun the hulking creatures with the glowing red eyes? Priya is the exotic girl who says what she thinks. Will was a star athlete before the attack. They find Trevor and Aiyana, the twins, Alex and Ricardo, the tough guys, and finally Lindsey, the innocent. Together, the seven of them are the last humans on earth, but are they really humans at all? They have no idea that the government has known of the incoming alien attack for decades to prepare; they created special children with very special abilities. The chosen seven are part alien and part human and they exist to fight off the otherworldly forces threatening to conquer the planet. But with such differing personalities, will the seven be able to put their pride behind and work together? They must move beyond the grief of lost friends and family and find the strength to go on if they don't, the world will die, taken over by monstrous creatures that can smell your fear. *Sniper vs. Spotter* Cari Z, L.A. Witt, 2021-11-03 Mortal enemies turned furniture-breaking lovers. August Morrison and Ricardo Torralba have found a groove that suits them both. They've teamed up as hired guns; they live together and by some miracle, they haven't killed each other. It's the closest to normal they'll ever have and they love it. But their guns and roses future is thrown into chaos when Ricardo's past comes crashing into their present. What begins as a favor for an old friend, well, friend, but don't tell August, quickly spirals into something far bigger than they anticipated. Now they're in way over their heads with powerful people on both sides of the law and it's going to take more than snark and explosions to see them through. Nevertheless, there will be plenty of snark and explosions because this is August and Ricardo and no one would expect any less. In between the smoke and sarcasm, though, they are determined to bring an evil operation crashing down, no matter who they have to work with to get the job done. And no matter who they have to kill. *Sniper vs. Spotter* is the sequel to the apparently it doesn't want to be a standalone *Hitman vs. Hitman*, which absolutely was supposed to be a standalone, but August and Ricardo predictably refused to be contained. Our audiobook narrator also shares some of the blame. Michael, so here we are. Fans of L.J. Hayward and Alice Winters will love this assassin duo featuring a grumpy special forces veteran and the irreverently sunshine billionaire who drives him up a wall. Come for the enemies to lovers, stay for the feels and explosions. *Cursed* Johnny B. Truant, Sean Platt, THIS BOOK CONTAINS THE ENTIRE 9 BOOK CURSED SAGA Fear the change. Smell the blood. Ricardo Cuaron has been on the run for over 100 years, cursed with immortality and damned by the blood of a shapeshifter. He's tried to find a place to hide and rest. He's tried to forgive himself for his past. But the past is relentless, just like the monster devouring Ricardo from the inside out. Behind Ricardo is Tomas Morales, a father who lost a child who will never stop short of vengeance, even if it costs his soul to find it. Tomas was once a man like Ricardo. But he's a man no longer and he will never stop coming. Ricardo's
