Reaching For The Goal The Life Story Of David Adeney:

Reaching for the Goal Carolyn Armitage,1993 **A New History of Christianity in China** Daniel H.

Bays,2011-06-09 A New History of Christianity in China written by one of the world s the leading writers on Christianity in China looks at Christianity s long history in China its extraordinarily rapid rise in the last half of the twentieth century and charts its future direction Provides the first comprehensive history of Christianity in China an important understudied area in both Asian studies and religious history Traces the transformation of Christianity from an imported Western religion to a thoroughly Chinese religion Contextualizes the growth of Christianity in China within national and local politics Offers a portrait of the complex religious scene in China today Contrasts China with other non Western societies where Christianity is surging *Reaching Chinese Worldwide* Wright Doyle,2015-03-25 Reaching Chinese Worldwide introduces the many ways

in which Christians may communicate the truth and love of God in Christ to Chinese around the world Drawing upon four decades of reading and experience the author first lays a biblical foundation for cross cultural witness then briefly explores the various facets of ministry among Chinese Preparation Presence Proclamation Points of Contact Perfection of Believers Participation in the Body of Christ Performance of Good Works and Partnering with God This nearly comprehensive survey contains both fundamental principles and practical suggestions useful for all those wanting to make a Christian impact on China **The Priesthood of All Students** Timothée Joset,2023-06-30 Drawing on archival records and firsthand accounts this work explores the history theology and missiology of the International Fellowship of Evangelical Students IFES It examines how IFES s commitment to immediacy mediation and participation are grounded upon a firm belief in the priesthood of all believers and a missional ecclesiology that presupposes God s involvement in all aspects of life including the university It traces the impact of diverse cultures and theologies upon the manifold expressions of mission IFES has engaged and the role of IFES in extending the presence of God s people in places and among ideologies where traditional church structures have limited access This book is a powerful reminder of the transformative impact created when believers whether students or otherwise participate in the missio Dei as faithful and creative witnesses in their own contexts Bearing relevance for all those interested in a Christian perspective on the university or the theological reverberations of student ministry it also offers a robust theological framework for understanding the legitimacy of parachurch organizations and lay ministry

C. Stacey Woods and the Evangelical Rediscovery of the University A. Donald MacLeod,2007-05-16 C Stacey

Woods was a moving force in mid century American evangelicalism A Donald MacLeod tells the story of a man of great strengths and weaknesses whose most striking achievement was perhaps encouraging fundamentalism to actively engage the university **Chinese Christians in America** Fenggang Yang,2010-11-01 Christianity has become the most practiced

religion among the Chinese in America but very little solid research exists on Chinese Christians and their churches This book is the first to explore the subject from the inside revealing how Chinese Christians construct and reconstruct their

identity as Christians Americans and Chinese in local congregations amid the radical pluralism of the late twentieth century Today there are more than one thousand Chinese churches in the United States most of them Protestant evangelical congregations bringing together diasporic Chinese from diverse origins Taiwan Hong Kong mainland China and Southeast Asian countries Fenggang Yang finds that despite the many tensions and conflicts that exist within these congregations most individuals find ways to creatively integrate their evangelical Christian beliefs with traditional Chinese most Confucian values The church becomes a place where they can selectively assimilate into American society while simultaneously preserving Chinese values and culture Yang brings to this study unique experience as both participant and observer Born in mainland China he is a sociologist who converted to Christianity after coming to the United States The heart of this book is an ethnographic study of a representative Chinese church located in Washington D C where he became a member Throughout the book Yang draws upon interviews with members of this congregation while making comparisons with other churches throughout the United States Chinese Christians in America is an important addition to the literature on the experience of new immigrant communities
