After reviewing the developmental and social needs of teens, the authors demonstrate how those needs may be met in the public library setting. You'll find a wealth of ideas for adapting every facet of your library service for this growing population, from developing a homeschool collection to expanding services and creating special programs. You'll also find suggestions on how to market what your library has to offer to homeschoolers. You may even discover some new ways to employ the talents and time of these students and their families.
