

Realignment in American Politics

Toward a Theory

Edited by Bruce A. Campbell and Richard J. Trilling

Realignment In American Politics Toward A Theory

Russell L. Hanson

Realignment In American Politics Toward A Theory:

Realignment in American Politics Bruce A. Campbell, Richard J. Trilling, 1980-05-01 To have a voice in shaping government policy has been a goal of the American people since the nation's founding. Yet government seems even less accessible now than in the past. An increasing rate of incumbency in Congress, the unwieldy committee system that controls legislation, and the decline of political parties have all weakened representation and alienated Americans from the seat of power. The one remaining way to produce major and coherent change in national policy is through partisan realignment: a sharp enduring shift in voter support of the two major parties. This book is about the phenomenon of realignment in American politics. It not only brings together and assesses previous work in the area but also breaks new ground in the analysis of the effects of realignment on political elites and public policy. In addition, it is the first study to present an integrated theory of realignment that can be applied to the understanding of mass elite and policy change in times of social crisis. Contributors include Lawrence McMichael, David Nexon, Louis Seagull, Robert Lehn, Philip Converse, Gregory Markus, Lester Seligman, Michael King, David Brady, Kenneth Meier, Kenneth Kramer, David Adamany, Charles Stewart, Susan Hansen, and the editors Bruce A. Campbell and Richard J. Trilling. Campbell taught political science at the University of Georgia. He is the author of *The American Electorate*.

Realignment in American Politics Bruce A. Campbell, Richard J. Trilling, 2014-07-03 To have a voice in shaping government policy has been a goal of the American people since the nation's founding. Yet government seems even less accessible now than in the past. An increasing rate of incumbency in Congress, the unwieldy committee system that controls legislation, and the decline of political parties have all weakened representation and alienated Americans from the seat of power. The one remaining way to produce major and coherent change in national policy is through partisan realignment: a sharp enduring shift in voter support of the two major parties. This book is about the phenomenon of realignment in American politics. It not only brings together and assesses previous work in the area but also breaks new ground in the analysis of the effects of realignment on political elites and public policy. In addition, it is the first study to present an integrated theory of realignment that can be applied to the understanding of mass elite and policy change in times of social crisis. Contributors include Lawrence McMichael, David Nexon, Louis Seagull, Robert Lehn, Philip Converse, Gregory Markus, Lester Seligman, Michael King, David Brady, Kenneth Meier, Kenneth Kramer, David Adamany, Charles Stewart, Susan Hansen, and the editors Bruce A. Campbell and Richard J. Trilling. Campbell taught political science at the University of Georgia. He is the author of *The American Electorate*.

The End of Realignment? Byron E. Shafer, 1991 This collection of essays questions whether the theory of electoral realignment, referring originally to a major shift in party preference within the general public, can explain electoral developments in the USA both of the post 1968 period and of earlier political eras.

Explaining American Politics Robert Williams, 2024-02-29 First published in 1990, *Explaining American Politics* looks at substantial and specific problems in American politics. Focusing on the key issues in contemporary American government, the contributors give lively and provocative interpretations of

controversial topics such as the New Right perceptions of the Presidency the alleged irresponsibility of Congress the workings of bureaucracy Supreme Court activism and the decline of political parties This book will be indispensable to all students of American politics as well as to the reader who wants to understand what is really happening in the world's most complex and fascinating political system

Realignment Theodore Rosenof, 2003-05-07 Realignment The Theory that Changed the Way We Think About American Politics tells the dramatic story of how a new approach to American politics emerged in the aftermath of Harry Truman's stunning 1948 election upset victory This approach realignment theory held that critical elections such as those of the Civil War era the 1890s and the 1930s shaped politics for decades to come Theodore Rosenof details how realignment theory emerged as the predominant explanation of electoral change and how after decades of analysis it remains a subject of continuing influence and controversy The first history of this important theory Realignment weaves history and political science into a compelling look at American elections

Party Period and Public Policy Richard L. McCormick, 1988

Russian-American Dialogue on the History of U.S. Political Parties Joel H. Silbey, 2000 Russian American Dialogue on the History of U.S. Political Parties is the fourth volume in the Russian American Dialogues series a series that brings together scholars in the former Soviet Union and the United States who share an interest in the study of America's heritage and its importance to contemporary Russia In this valuable work Russian scholars such as N. V. Sivachev Alexander S. Manykin and Vladimir V. Sogrin examine the history of American political parties and the role they played across two centuries The Russians draw their own conclusions about the durability of the two party system giving careful consideration to historical crises the secessionist movement and the Civil War the reform era of the Populists and Progressives at the turn of the twentieth century the Great Depression and the New Deal in which the two party structure was tested Russian perspectives are also applied in analyzing the evolution of particular parties from the rise and fall of the nineteenth century Whigs to the shifting balance between twentieth century Democrats and Republicans The dialogue is then developed through commentaries by American historians such as Allan G. Bogue and Theodore J. Lowi and through counter responses often strongly expressed by the Russian authors This lively exchange of ideas helps advance an understanding of key aspects of American party history and offers thought provoking discussions of comparative international studies and historiography Because the book provides unique perspectives on the American partisan experience by non American specialists it will be welcomed by all historians as well as by anyone with an interest in the American Russian connection

Historical Dictionary of United States Political Parties Harold F. Bass Jr., 2020-01-26 For over two centuries political parties have competed in encouraging organizing and directing political activity in the United States This volume compiles the key concepts terms labels and individuals central to identifying and comprehending these key roles political parties have played in American political life The dictionary contains brief biographies of party leaders major party presidential tickets noteworthy minor party presidential nominees congressional party leaders including Speakers of the

House of Representatives presidents pro tempore of the Senate and floor leaders for both the majority and minority parties in each chamber and chairs of the national party committees of the Democratic and Republican Parties In addition to party leaders it also address the institutional offices they occupy and represent This third edition of Historical Dictionary of United States Political Parties contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 500 cross referenced entries on concepts terms labels and individuals central to identifying and comprehending the key roles political parties have played in American political life This book is an excellent resource for students researchers and anyone wanting to know more about United States Political Parties **Dynamics of the Party System**

James L. Sundquist, 2011-10-01 Since the original edition of Dynamics of the Party System was published in 1973 American politics have continued on a tumultuous course In the vacuum left by the decline of the Democratic and Republican parties single interest groups have risen and flourished Protest movements on the left and the New Right at the opposite pole have challenged and divided the major parties and the Reagan Revolution in reversing a fifty year trend toward governmental expansion may turn out to have revolutionized the party system too In this edition as in the first current political trends and events are placed in a historical and theoretical context Focusing upon three major realignments of the past those of the 1850s the 1890s and the 1930s Sundquist traces the processes by which basic transformations of the country's two party system occur From the historical case studies he fashions a theory as to the why and how of party realignment then applies it to current and recent developments through the first two years of the Reagan presidency and the midterm election of 1982 The theoretical sections of the first edition are refined in this one the historical sections are revised to take account of recent scholarship and the chapters dealing with the postwar period are almost wholly rewritten The conclusion of the original work is in general confirmed the existing party system is likely to be strengthened as public attention is again riveted on domestic economic issues and the headlong trend of recent decades toward political independence and party disintegration reversed at least for a time The Democratic Imagination in America

Russell L. Hanson, 2014-07-14 Russell Hanson discovers in the history of democratic rhetoric in the United States a series of essential contests over the meaning of democracy that have occurred in periods of political and socio economic change Originally published in 1985 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *The Oxford Handbook of American Political Parties and Interest Groups* L. Sandy Maisel, Jeffrey M. Berry, 2010-01-28 The Oxford Handbook of American Political Parties and Interest Groups is a major new volume that will help scholars assess the current state of scholarship on parties and interest groups and the directions in which it needs to move Never before has the

academic literature on political parties received such an extended treatment Twenty nine chapters critically assess both the major contributions to the literature and the ways in which it has developed With contributions from most of the leading scholars in the field the volume provides a definitive point of reference for all those working in and around the area Equally important the authors also identify areas of new and interesting research These chapters offer a distinctive point of view an argument about the successes and failures of past scholarship and a set of recommendations about how future work ought to develop This volume will help set the agenda for research on political parties and interest groups for the next decade The Oxford Handbooks of American Politics are a set of reference books offering authoritative and engaging critical overviews of the state of scholarship on American politics Each volume focuses on a particular aspect of the field The project is under the General Editorship of George C Edwards III and distinguished specialists in their respective fields edit each volume The Handbooks aim not just to report on the discipline but also to shape it as scholars critically assess the scholarship on a topic and propose directions in which it needs to move The series is an indispensable reference for anyone working in American politics General Editor for The Oxford Handbooks of American Politics George C Edwards III

To the Right Jerome L. Himmelstein, 2023-04-28 In this timely book Jerome Himmelstein offers a new interpretation of the growth of conservatism in American politics Tracing the New Right of the 1970s and 1980s back to the Old Right of the 1950s Himmelstein provides an interpretive map of the political landscape over the past decades showing how conservatives ascended to power by reconstructing their ideology and building an independent movement This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1990 In this timely book Jerome Himmelstein offers a new interpretation of the growth of conservatism in American politics Tracing the New Right of the 1970s and 1980s back to the Old Right of the 1950s Himmelstein provides an interpretive map of the political

The Making of the New Deal Democrats Gerald H. Gamm, 1989 Why is The Making of New Deal Democrats so significant One of the major controversies in the study of American elections has to do with the nature of electoral realignments One school argues that a realignment involves a major shift of voters from one party to another while another school argues that the process consists largely of mobilization of previously inactive voters The debate is crucial for understanding the nature of the New Deal realignment Almost all previous work on the subject has dealt with large scale national patterns which make it difficult to pin down the precise processes by which the alignment took place Gamm's work is most remarkable in that it is a close analysis of shifting voter alignments on the precinct and block level in the city of Boston His extremely detailed and painstaking work of isolating homogeneous ethnic units over a twenty year period allows one to trace the voting behavior of the particular ethnic groups that ultimately formed the core of the New Deal realignment Sidney Verba Harvard University

Right Turn

Thomas Ferguson, Joel Rogers, 1986 **Towards Consensus?** Peter Aimer, 2013-11-01 Based on a nationwide survey of voters this is a study of the historic 1993 New Zealand general election and referendum It seeks to explain why New Zealanders made the choices they did an extremely narrow majority for the National Party and a decision to shift to MMP representation **Dimensions of Law in the Service of Order** Robert Stanley, 1993-07-08 A sophisticated and accessible application of the newest theoretical work in public policy history and legal studies this book is a detailed account of how a permanent income tax was enacted into law in the United States The tax originated as an apology for the aggressive manipulation of other forms of taxation especially the tariff during the Civil War Levied with very low rates on a small proportion of the population and raising little revenue the early tax was designed to preserve imbalances in the structure of wealth and opportunity rather than to ameliorate or abolish them by strengthening the status quo against fundamental attacks by the political left and right This book shows that the early course of income taxation was more clearly the product of centrist ideological agreement despite occasional divergences than of conservative liberal allocative conflict

Soviet-American Dialogue on the New Deal Otis L. Graham, 1989 The study of U S history has flourished in the Soviet Union during the last several years with much research being published in Soviet journals Since those journals have very limited circulation in the West and since few U S scholars read Russian the Soviet vantage point on American history which often differs considerably from the view of U S scholars has been mostly inaccessible In this volume the first in a series scholars from both nations have cooperated to rectify part of that deficiency by examining one of the most significant decades in American history the 1930s Eleven essays by Soviet historians that were originally published in Soviet journals have been translated into English eight American historians have responded with commentary on those essays and the Soviets have written brief rejoinders The volume thus presents a unique opportunity to learn the contours of Soviet writings on the New Deal to take account of their preoccupations and conclusions and then to read the appraisals of noted U S scholars **United States History** James Warren Oberly, 1995 *Structure, Process and Party:* Peter H.

Argersinger, 2019-07-03 Challenging traditional approaches to the study of American political history the essays in this book establish the significance of the institutional framework of the electoral system and argue the importance of its interaction with political conditions Young V. Old Susan Macmanus, 2018-02-12 Arguing that an inter generational war is brewing in the United States this book paints a picture of the ageing of America and what it means for politics and policy questions including social security health care crime jobs social welfare defence and foreign affairs Differences between older and younger citizens are examined in the light of voting and registration patterns ideological and party preferences and varieties of political activism Contemporary media and new technologies are highlighted as sources of disparities and bridges between the generations how they watch politics how they prefer to solve social problems and how inter generational understanding may be improved through communication and education

Reviewing **Realignment In American Politics Toward A Theory**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence.
