Signs of Continuity Greg Rhodea, 2019-12-11 For more than a century scholars have debated whether Paul the apostle was a faithful follower of Jesus or a corruptor of Jesus s message and the true founder of Christianity Signs of Continuity intervenes in this debate by exploring a largely overlooked element of similarity between the two men the place of miracles in their ministries In his close analysis of the miracles performed by Jesus and Paul Greg Rhodea points to signs of continuity between these two historical figures of Christianity He argues that both Jesus and Paul understood their miracles as accompanying and actualizing a message of gracious inclusion of the marginalized resisted proving their ability to work miracles to those who asked for a sign despite the importance of miracle working to their personal authentication and interpreted miracles as proof of the presence of the eschatological kingdom Based on these similarities Rhodea concludes that Paul the apostle knew of Jesus s miracles and that he imitated Jesus in his own ministry of miracle working In highlighting this previously unexplored area of continuity Rhodea makes a significant contribution to the debate over the relationship between Jesus and Paul Biblical scholars and students interested in this debate will find Signs of Continuity enlightening and informative

The Ultimate Evidence Larry Vern Newman, 2009-01-01 It is quite an assertion to claim that one is filled with the Spirit of God What does a person offer as proof that this is actually true Pentecostals at the turn of the twentieth century read the Bible debated the issue and then proposed an evidence they thought the scriptures indicated was the primary verification of Spirit baptism It was determined that the evidence to prove one had been baptized with the Holy Spirit was that the person had spoken in an unknown language as prompted by the Holy Spirit The primary evidence of Spirit baptism it was concluded was the expression of a charism It was charismatic In *The Ultimate Evidence* Larry Newman argues that the initial evidence doctrine as it stands is inadequate and needs to be revisited and adjusted Without discrediting or devaluing speaking in tongues Newman points the reader to the ultimate evidence of Spirit baptism the more excellent way Gathering from historical cultural and biblical sources Dr Newman argues that the biblical evidential paradigm is ethical and

issues forth from the agape of the Cross It is the ethical dimension of the Christian life that is primary In 1 Cor 13 1 Paul wrote If I speak in the tongues of men and of angels but have not love I am only a resounding gong or a clanging cymbal

The Baptism In The Holy Spirit Dr. Ashley Neil Smith,2013-10-09 This book represents a Doctor of Ministry thesis project from Gordon Conwell Theological Seminary it explores the major Evangelical perspectives on the Doctrine of Spirit Baptism with an excursus on the current reformation underway in the Pentecostal Movement **The Spirit of Truth as Revealed**

in Law ... John Coutts,1902 *The Thousand Generation Covenant: Dutch Reformed Covenant Theology and Group Identity in Colonial South Africa, 1652-1814* Gerstner,2021-12-06 This study presents the religious factor in the development of a separatistic group identity among the forebears of the Afrikaners during the Dutch colonial period of South African history Dutch Reformed covenant theology and baptism practice rooted in the thousand generation covenant theory helped to shape this self understanding It traces the basic developments of covenant theology in the Netherlands during the period and demonstrates how these concepts were conveyed to colonial South Africa The dominant strain of covenantal thought treated the entire community as redeemed and called to be separate It was presented through a variety of means through which virtually every colonist was exposed This study offers a balanced historical approach to the role of theological concepts in the colonial roots of Afrikaner group identity It answers traditional scholarship in the field which either directly identify the concepts behind the development of apartheid with Calvinist theology or more recently deny that the Reformed faith had any role in the development of apartheid ideology until the twentieth century
