Pedagogy of Language Learning in Higher Education Gerd Bräuer, 2001-03-30 Fifteen authors from the United States Australia and Germany contribute articles on issues such as the political agenda of higher institutions language across the curriculum service learning adult education artistic and aesthetic practice intercultural awareness through electronic media extra curricular consultation and language learning outreach related to Portuguese Spanish Russian Japanese French German and English as a foreign and second language The second volume of the series Advances in Foreign and Second Language Pedagogy is an introduction to the pedagogy of language learning in higher education focusing on learner motivation classroom environments relationships for learning and the future of language education The book reveals numerous links to language education on the secondary level appealing to a wide audience

A Psycholinguistic Approach to Technology and Language Learning Ronald Leow, Luis Cerezo, Melissa Baralt, 2015-11-13 The use of technology for second language learning is ever more present This book offers a unique four prong approach theoretical methodological empirical and pedagogical to current and prospective uses of technology in L2 learning from a psycholinguistic perspective It is accessible to teachers graduate students and professors of all disciplines interested in technology and L2 learning

The Routledge Handbook of Educational Linguistics Martha Bigelow, Johanna Ennser-Kananen, 2014-08-13 The Routledge Handbook of Educational Linguistics provides a comprehensive survey of the core and current language related issues in educational contexts Bringing together the expertise and voices of well established as well as emerging scholars from around the world the handbook offers over thirty authoritative and critical explorations of methodologies and contexts of educational linguistics issues of instruction and assessment and teacher education as well as coverage of key topics such as advocacy critical pedagogy and ethics and politics of research in

educational linguistics Each chapter relates to key issues raised in the respective topic providing additional historical background critical discussion reviews of pertinent research methods and an assessment of what the future might hold This volume embraces multiple dynamic perspectives and a range of voices in order to move forward in new and productive directions making The Routledge Handbook of Educational Linguistics an essential volume for any student and researcher interested in the issues surrounding language and education particularly in multilingual and multicultural settings

Handbook of Research on New Literacies Julie Coiro, Michele Knobel, Colin Lankshear, Donald J. Leu, 2014-04-04 Situated at the intersection of two of the most important areas in educational research today literacy and technology this handbook draws on the potential of each while carving out important new territory It provides leadership for this newly emerging field directing scholars to the major issues theoretical perspectives and interdisciplinary research pertaining to new literacies Reviews of research are organized into six sections Methodologies Knowledge and Inquiry Communication Popular Culture Community and Citizenship Everyday Literacies Instructional Practices and Assessment Multiple Perspectives on New Literacies Research FEATURES Brings together a diverse international team of editors and chapter authors Provides an extensive collection of research reviews in a critical area of educational research Makes visible the multiple perspectives and theoretical frames that currently drive work in new literacies Establishes important space for the emerging field of new literacies research Includes a unique Commentary section The final section of the Handbook reprints five central research studies Each is reviewed by two prominent researchers from their individual and different theoretical position This provides the field with a sense of how diverse lenses can be brought to bear on research as well as the benefits that accrue from doing so It also provides models of critical review for new scholars and demonstrates how one might bring multiple perspectives to the study of an area as complex as new literacies research The Handbook of Research on New Literacies is intended for the literacy research community broadly conceived including scholars and students from the traditional reading and writing research communities in education and educational psychology as well as those from information science cognitive science psychology sociolinguistics computer mediated communication and other related areas that find literacy to be an important area of investigation Pedagogical Norms for Second and Foreign Language Learning and Teaching Susan M. Gass, Kathleen Bardovi-Harlig, Sally Sietloff Magnan, Joel Walz, 2002-09-03 The concept of Pedagogical Norm is grounded in both sociolinguistic and psycholinguistic principles Pedagogical norms guide the selection and sequencing of target language features for language teaching and learning This book both situates and expands on this concept highlighting the interaction of research and pedagogy The papers collectively illustrate how the concept of pedagogical norm applies to all components of language including phonology morphology syntax and discourse The book begins with a discussion of definitions including papers that trace the history of the concept and define what is meant by norms Also included are papers that apply the concept of pedagogical norms in specific contexts e g intonation morphology

and to specific languages Finally pedagogical norms are extended beyond the more traditional areas of grammatical competence to such disparate areas as listening discourse and circumlocution

Self-Esteem and Foreign Language Learning Fernando Rubio, 2021-02-19 Self Esteem and Foreign Language Learning deals with a topic which has been given surprisingly little attention in Second and Foreign Language Acquisition studies Although there are several studies dealing with general education this volume addresses the need to take self esteem into consideration in the language classroom and adopts both theoretical research and practical perspectives with the hope of being useful for both researchers and practitioners The book is organized into three main parts Part I serves as an introduction to self esteem Part II reports on the existing literature about the theory and research dealing with self esteem and foreign language learning and Part III includes procedures for implementation and activities for classroom applications Self Esteem and Foreign Language Learning is edited by Fernando Rubio PhD a researcher and teacher at the University of Huelva in Spain Most of the chapters have been written by members of the research group Affective factors in language learning which has also published a book on Multiple Intelligences and the teaching of English Dr Jane Arnold Dr Carmen Fonseca etc There are two outside contributions one is by Andrew Wright author of numerous publications for language teachers and the other by Veronica de Andr s teacher trainer from the University of El Salvador Argentina and member of the executive board of the International Council for Self Esteem Dr Elaine Horwitz of the University of Texas has contributed a preface

Intercultural Language Teaching and Learning Anthony J. Liddicoat, Angela Scarino, 2013-02-05 This wide ranging survey of issues in intercultural language teaching and learning covers everything from core concepts to program evaluation and advocates a fluid responsive approach to teaching language that reflects its central role in fostering intercultural understanding Includes coverage of theoretical issues defining language culture and communication as well as practice driven issues such as classroom interactions technologies programs and language assessment Examines systematically the components of language teaching language itself meaning culture learning communicating and assessments and puts them in social and cultural context Features numerous examples throughout drawn from various languages international contexts and frameworks Incorporates a decade of in depth research and detailed documentation from the authors collaborative work with practicing teachers Provides a much needed addition to the sparse literature on intercultural aspects of language education
