Reflections of Eve and Her Daughters Marsha Newman,1981 **Them's Eve's Daughters** Marris R. Dick,2000-10-03
Eve and Don Paul shared a forbidden love over nineteen years ago Through their children Samantha and Blaine they are reunited Upon sight of one another they reminisced of the love they once shared A love if reunited could cause the down fall of both their futures **Sisters in Spirit** Maureen Ursenbach Beecher,Lavina Fielding Anderson,1987 This book of essays about Mormon women all written and edited by scholars who are themselves Mormon women is a brave and important work Readers will fully appreciate just how brave and important it really is however if they can see how this work of historical theology fits into the history of historical writing about Mormon women as well as how it fits into Mormon history itself The women who contributed to this book are among the best of the Mormon literati they hold that there is hope within the church for change for reform for expansion of the place of women Women s Review of Books Historians of women in America have a great deal to learn from the history of Mormon women This fine set of essays provides an excellent introduction to a subject about which we should all know more Anne Firor Scott author of Making the Invisible Woman Visible **Their Fathers' Daughters** Elizabeth Kowaleski-Wallace,1991-10-03 Current feminist theory has developed powerful explanations for some women writers rebellion against patriarchy But other women writers did not rebel rather they supported and celebrated patriarchy Examining the lives and selected works of two late eighteenth century writers Hannah More and Maria Edgeworth this book explores what it means for a woman writer to identify with her father and the patriarchal tradition he represents Kowaleski Wallace exposes the psychological social and historical factors that motivated such an identification and reveals the consequences that result from being a daddy s girl **Lycan King** Anastasia Maltezos,2012-02-15 Lycans and vampires do not mate When Eve a beautiful vampire journeys to King Drago s castle she doesn t expect the contempt and dislike the king shows her He wants her off his royal grounds because he doesn t want to place his people in harm s way with her vile thirst Vampires are evil he says ruled by the devil feeding off innocents to survive Eve doesn t care what he thinks She has arrived at his castle for one reason She wants her daughter Drago a two hundred year old Lycan King cannot explain the lust heating his loins for this undead beauty She has the face of an angel yet she splays her sword like a warrior and fights like his best royal guard In time it is more than her beauty and fighting skills that interests him It is her courage and bravery her compassion and honour that makes him realise he may have done her a great injustice calling her evil He soon discovers he is lusting after her like no other because she is his one his soul mate How can that be He knows of no Lycan in existence who has ever claimed a vampire **Reflection** Becky Klauer,2020-10-28 The threat of a terrorist attack Confusing dreams Pesky demons Multiple puzzles An alleged Halloween deadline What do all of these things have in common Veronica Pearl As Agent Pearl she is the Special Investigative Consultant for the Southwest Region specializing in fighting terrorism and counter terrorism by day As Veronica she is plagued by fighting demon counterparts in her dreams by night sometimes because they

have to do with a case she is working sometimes because demons simply don't like her. She is a busy lady. Her newest case begins accidentally at first glance. What appears to be a large outbreak of food poisoning at a local mall food court is just the beginning of the puzzle. In addition to her favorite and only niece being too close for comfort to that event, there is also considerable chatter about an upcoming terrorist attack. If what she uncovered is accurate, the planned attack on San Antonio, her beloved home, would be like nothing she has ever seen before. Using a bioweapon she never could have even imagined. Marrying scientific advancements with real life needs is a huge benefit to society. Of course, everything can be twisted away from good towards evil, but how could somebody plan something like this? Why would they want to hurt innocent people in order to benefit themselves? And just how wide does the terror web spread? The heads of two biotech companies in San Antonio appear equally guilty and able to conspire about something like this. Is the attack allegedly planned for Halloween night when so many children and adults will be out in public and susceptible to harm? It will take an entire team to figure out this threat that has been years in the making and stop it before the world as she knows it changes irreversibly. *Eve's daughters* Frances Upcher Cousens, 1895

God's Mother, Eve's Advocate Tina Beattie, 2002-12-01 Tina Beattie has written a stunning book on the theology of woman. Her stated objective is to discern the place of the female body in the Christian story of salvation, and she has done so from the very heart of Christian stylisations of the female: the figures of Mary and Eve. Beattie has pursued her subject with the aid of French psychoanalytic feminism; these writers are preoccupied as is Catholic theology with questions of language and symbolism. But she deliberately puts herself at odds with neo-orthodoxy and feminist liberal theology; she believes that theologians like von Balthasar depart from the best Patristic tradition of Marian theology with disastrous effect. Nor does she offer any solace to the Marina Warners of this world in a book which is strong in defence of classical Marian theology. She defends with passion and theological insight not only the Virgin Birth, the Immaculate Conception and the Assumption, but also the perpetual virginity of Mary. Virginal desire, according to Beattie, need not be seen negatively but as an affirmation of the integrity of women's desire before God in a way not dependent on the phallus nor reducible to genitality.
