Reflections On England:

Reflections on England Tom King, 1998-04-01 *Debating England's Aristocracy in the 1790s* Amanda Goodrich, 2005 The 1790s saw a lively French Revolution Debate in England with much space and intellectual energy in classic texts by men such as Burke and Paine and ensuing pamphlet literature devoted characterisations and representations of the aristocracy yet this is the first full scale survey of the subject Dr Goodrich takes a fresh approach to the topic illustrating the complexities of the bitter battle fought out in such texts between radicals and loyalists and highlighting the persistent viciousness and vitriol of a radical anti aristocratic rhetoric However she demonstrates that the loyalist response contained the more innovative campaign bringing out in particular the development of a commercial loyalism which promoted a new model of society with a modern aristocracy and an open elite what emerges are English defences of aristocracy which are not simply reducible to ideas of an ancien r gime or a Gothic institution Amanda Goodrich is a lecturer in the history department of the Open University

From Classical to Modern Republicanism Mark Hulliung, 2020 In 1955 Louis Hartz published a volume titled *The Liberal Tradition in America* in which he argued that liberalism was the one and only American tradition Since then scholars of New Left and neoconservative persuasion have offered an alternative account based on the notion that the civic notions of antiquity continued to dominate political thought in modern times Against this revisionist view the argument of *From Classical to Modern Liberalism* is that we need to study America in comparative perspective and if we do so we shall discover that republicanism in the modern world was distinctively modern drawing upon ideas of natural rights consent and social contract Rather than a struggle between liberalism and republicanism we should speak about liberal republicanism Rather than republicanism versus liberalism we should address liberalism versus illiberalism the true issue of our age
