Reflections On Nature Small Paintings By Arthur Dove 19421943:

Reflections on Nature Charles C. Eldredge, Arthur Garfield Dove, 1997 **Arthur Dove** Rachael Z. DeLue, 2016-03-16

Arthur Dove often credited as America's first abstract painter created dynamic and evocative images inspired by his surroundings from the farmland of upstate New York to the North Shore of Long Island. But his interests were not limited to nature. Challenging earlier accounts that view him as simply a landscape painter, Arthur Dove Always Connect reveals for the first time the artist's intense engagement with language, the nature of social interaction, and scientific and technological advances. Rachael Z. DeLue rejects the traditional assumption that Dove can only be understood in terms of his nature paintings and association with photographer and gallerist Alfred Stieglitz and his circle. Instead, she uncovers deep and complex connections between Dove's work and his world, including avant-garde literature, popular music, meteorology, mathematics, aviation, and World War II. Arthur Dove also offers the first sustained account of Dove's Dadaesque multimedia projects and the first explorations of his animal imagery and the role of humor in his art. Beautifully illustrated with works from all periods of Dove's career, this book presents a new vision of one of America's most innovative and captivating artists and reimagines how the story of modern art in the United States might be told.

Arthur Dove Melanie Kirschner, 1998. The first book to focus exclusively on the luminous watercolors and pastels of the American artist Arthur Dove, 1880-1946, this volume explores the contributions of these mediums to the development of Dove's distinctive abstract images of the American landscape. Dove's landmark pastel series of 1911-12, *The Ten Commandments*, represents American modernism's first breakthrough into abstraction. His subsequent pastels of the 1910s and 1920s provided him with stylistic innovations he later adapted in his oil paintings.

Four Artists of the Stieglitz Circle R. Scott Harnsberger, 2002-09-30. Providing a detailed annotated bibliography and research guide to the Stieglitz Circle and four of its leading members: Arthur Dove, Marsden Hartley, John Marin, and Max Weber, this new sourcebook offers a chapter on each of the four artists, complete with biographical essays and guides to writings, statements, correspondence, books, articles, reviews, reference sources, and archival sources. Each artist's chapter gives the researcher an exhaustive catalogue of relevant material. The only such annotated sourcebook currently available on the Stieglitz Circle, R. Scott Harnsberger's work offers lists of annotated reproductions of each artist's works keyed to over 600 source volumes not mentioned elsewhere in the volume, including catalogues of museums, galleries, private collections, thematic exhibitions, and auction firms.
