Reflective Learning For Social Work:

Reflective Practice in Social Work Christine Knott, Terry Scragg, 2013-08-12 Reflective practice is a key element of learning and development on social work courses and it is an important aspect of social work practice This accessible and introductory text explores a range of approaches to reflective practice that will help students become more confident in answering the question what is reflective practice There are sections on writing reflective journals communicating well with service users and carers and reflective practice while on placements Written in three parts this essential guide starts with a broad exploration of reflection drawing on key texts that have informed its development It then moves on to real practice issues including the management of social work practice and interprofessional working Finally part three looks at maintaining reflective practice and how to use these skills during your time as a social worker Fully updated with the Professional Capabilities Framework this third edition is a must have for all social work students at the beginning of their careers

Handbook of Reflection and Reflective Inquiry Nona Lyons, 2010-04-07 Philosophers have warned of the perils of a life spent without reflection but what constitutes reflective inquiry and why it is necessary in our lives can be an elusive concept Synthesizing ideas from minds as diverse as John Dewey and Paulo Freire the Handbook of Reflection and Reflective Inquiry presents reflective thought in its most vital aspects not as a fanciful or nostalgic exercise but as a powerful means of seeing familiar events anew encouraging critical thinking and crucial insight teaching and learning In its opening pages two seasoned educators Maxine Greene and Lee Shulman discuss reflective inquiry as a form of active attention Thoreau's wide awakeness an act of consciousness and a process by which people can understand themselves their work particularly in the form of life projects and others Building on this foundation the Handbook analyzes through the work of 40 internationally oriented authors Definitional issues concerning reflection what it is and is not Worldwide social and moral conditions contributing to the growing interest in reflective inquiry in professional education Reflection as promoted across professional educational domains including K 12 education teacher education occupational therapy and the law Methods of facilitating and scaffolding reflective engagement Current pedagogical and research practices in reflection Approaches to assessing reflective inquiry Educators across the professions as well as adult educators counselors and psychologists and curriculum developers concerned with adult learning will find the Handbook of Reflection and Reflective Inquiry an invaluable teaching tool for challenging times

Reflective Thinking in Social Work Mekada Julia Graham, 2017-02-17 It is vital that social work students learn to integrate their personal and professional selves if they are to meet the challenges of social work in complex changing environments This accessible text is designed to enable readers to explore and build on their existing skills and abilities supporting them to become competent and self aware reflective practitioners Reflective Thinking in Social Work uses stories told by a range of social work students to model reflective practice learning Discussing issues such as identity motivation to enter the social work profession and lived experiences in the journey into social work

the book brings together stories of hardship privilege families hopes interests and community activism from many diverse ethnic backgrounds Each narrative is introduced by the author and ends with a commentary drawing out the key themes and exploring how the reader can use the narrative to enhance their own understanding and critical thinking and to engage in transformative practice Framed by an in depth discussion of available frameworks for reflective practice in different contexts and the importance of narratives in constructing identities this is an invaluable text for social work students at both bachelor s and master s degree levels Reflective Social Work Practice Richard Ingram,Jane Fenton,Ann Hodson,2017-09-16 This book provides social workers with a framework for reflecting on their day to day practice Using a social worker s diary as a starting point it provides valuable insight in to how reflection enhances skills and how factors such as values and emotions can shape social work practice *Reflective Learning for Social Work* Nick Gould,Imogen Taylor,2017-03-02 Since the publication of Donald Sch n s *The Reflective Practitioner* in 1983 there has been a dramatic growth of research and writing developing the concept of reflective learning Surprisingly there has been little application of concepts of reflective learning to social work education This volume makes accessible for the first time to a social work readership a book which focuses on reflective learning in social work brings together material on reflective learning from both academic and practice settings creates a seminal text for educators and trainers in universities and practice settings has relevance to an international readership with contributions from the UK USA Canada and Australia **Reflective Learning for Social Work** Nick Gould,Imogen Taylor,1996 The 1st volume to bring to a social work readership a book which focuses on reflective learning in social work this text brings together conceptual research and case material on reflective learning from academic and practice settings **Handbook for Practice Learning in Social Work and Social Care** Joyce Lishman,2007-05-15 This substantially revised expanded and updated edition of the popular *Handbook of Theory for Practice Teachers* is a comprehensive summary of the theory knowledge research and evidence relating to practice learning in social care focussing on knowledge based practice with a focus on improving outcomes *Teaching Reflective Learning in Higher Education* Mary Elizabeth Ryan,2014-11-05 This book is about understanding the nature and application of reflection in higher education It provides a theoretical model to guide the implementation of reflective learning and reflective practice across multiple disciplines and international contexts in higher education The book presents research into the ways in which reflection is both considered and implemented in different ways across different professional disciplines while maintaining a common purpose to transform and improve learning and or practice The Readers will find this book is innovative and new in three key ways Firstly in its holistic theorisation of reflection within the pedagogic field of higher education Secondly in conceptualising reflection in different modes to achieve specific purposes in different disciplines and finally in providing conceptual guidance for embedding reflective learning and reflective practice in a systematic way across whole programmes faculties or institutions in higher education The book considers important contextual factors that influence the teaching of

forms and methods of reflection It provides a functional analysis of multiple modes of reflection including written oral visual auditory and embodied forms Empirical chapters analyse the application of these modes across disciplines and at different stages of a programme The theoretical model accounts for students stage of development in the disciplinary field along with progressive and cyclical levels of higher order thinking and learning and professional practice that are expected within different disciplines and professional fields Secondly in conceptualising reflection in different modes to achieve specific purposes in different disciplines It provides a functional analysis of multiple modes of reflection including written oral visual auditory and embodied forms Empirical chapters analyse the application of these modes across disciplines and at different stages of a programme in terms of demonstrating levels of reflection The book includes images diagrams and different text forms to support the creative applications of reflection And thirdly the book is innovative in providing conceptual guidance for embedding reflective learning and reflective practice systematically across whole programmes faculties or institutions in higher education contexts across the world

Reflective Practice For Social Workers: A Handbook For Developing Professional Confidence Bruce, Linda, 2013-04-01 This book demystifies the reflective process and provides a straight forward knowledge base to enhance professional development

Reflective Practice in Education and Social Work Robyn Ewing, Fran Waugh, David L. Smith, 2021-12-14 This book offers unique interdisciplinary insights into developing connections between reflective practice and employability particularly through the lenses of the education and social work professions It recognises the various meanings that can be applied to the notion of reflection and examines the challenges of using reflective practice in the workplace The chapters explore the tensions that arise from preparing professionals to be agents of change and concerned with social justice and equity Further the book provides much needed perspective on how diverse positions can be identified and leveraged and shared meanings negotiated in the creation of meaningful professional learning resources for early career teachers and social workers and across the career continuum Bringing together contributions from internationally renowned scholars Reflective Practice in Education and Social Work is essential reading for early career and experienced professionals in education and social work academics and practitioners seeking further professional development in reflective practice
