Reform Zionism Twenty Years An Educators Perspective:

Reform Zionism Michael Livni, 1999 REFORM ZIONISM is a compilation of essays and articles that describes the past present and future of Reform Judaism's Zionist movement in Israel and the Diaspora **Reform Zionism : Twenty Years**

, 1999 **Fratricide in the Holy Land** Avner Falk, 2005-02-17 This is the first English language book ever to apply psychoanalytic knowledge to the understanding of the most intractable international struggle in our world today the Arab Israeli conflict Two ethnic groups fight over a single territory that both consider to be theirs by historical right essentially a rational matter But close historical examination shows that the two parties to this tragic conflict have missed innumerable opportunities for a rational partition of the territory between them and for a permanent state of peace and prosperity rather than perennial bloodshed and misery Falk suggests that a way to understand and explain such irrational matters is to examine the unconscious aspects of the conflict He examines large group psychology nationalism group narcissism psychogeography the Arab and Israeli minds and suicidal terrorism and he offers psychobiographical studies of Ariel Sharon and Yasser Arafat two key players in this tragic conflict today **Israel, the Diaspora, and Jewish Identity** Danny Ben-Moshe, Zohar Segev, 2007 This title investigates the significance contribution and role played by the State of Israel ideologically and practically and explores the extent and way Israel features in diaspora identity through a range of issues

Judaism in Biological Perspective Rick Goldberg, 2015-12-03 Can there be rational examples of the compatibility between natural science and Judaism This book offers a strikingly novel perspective on traditional and contemporary Judaic practices For those with some Judaic knowledge there are biological explanations in these chapters not seen elsewhere For those well versed in evolutionary theory the authors perspectives suggest new approaches to the scientific study of religion Topics include the monistic tendency biblical polygyny biblical family conflict circumcision and proselytes sacrificial ritualistic mitzvot obligations periodic conjugal separation Judaic traditionalism male and female reproductive strategies and the relationship between costly signaling and prestige **Jewish Reform Movement in the US** Mara W. Cohen

Ioannides, 2017-11-20 This volume examines the development of the non liturgical parts of the Central Conference of American Rabbis Haggadot Through an understanding of the changes in American Jewish educational patterns and the CCAR's theology it explores how the CCAR Haggadah was changed over time to address the needs of the constituency While there have been many studies of the Haggadah and its development over the course of Jewish history there has been no such study of the non liturgical parts of the Haggadah that reflect the needs of the audience it reaches How the CCAR the first and largest of American born Judaism's addressed the changing needs of its members through its literature for the Passover Seder reveals much about the development of the movement This in turn provides for the readers of this book an understanding of how American Judaism has developed **Index to Jewish Periodicals**, 2005 An author and subject index

to selected and American Anglo Jewish journals of general and scholarly interests **The American Hebrew**, 1926 **The**

Advocate, 1909

The Women Who Reconstructed American Jewish Education, 1910-1965 Carol K.
