recent scholarship Cover From Victoria to Vladivostok Benjamin Isitt, 2010 Isitt's work is new, innovative and important. He deftly weaves the Canadian working class opposition to war and the rising leftist sentiment among workers with the inner life of the Siberian Expedition itself. No less important, he melds a national story with an international one. He reveals new aspects of international cooperation in the attempt to suppress the Bolshevik revolution as well as international rivalries among the countries that intervened in Russia. Larry Hannant, editor of *The Politics of Passion*. Norman Behtune's *Writing and Art From Victoria to Vladivostok* sheds new light on a part of Canadian history that previous scholars have written off as a mere sideshow, a rather embarrassing episode that had no impact on the First World War. In contrast, Isitt sees the problems that befell the Expedition as being rooted in conflicting views of Bolshevism in Canada and different perceptions of the logic behind an intervention in Russia. In this, his contribution is both significant and original. Jonathan Vance, author of *Unlikely Soldiers: How Two Canadians Fought the Secret War against Nazi Occupation*. This highly readable and provocative book brings to life a forgotten chapter in the history of Canada and Russia: the journey of 4,200 Canadian soldiers from Victoria to Vladivostok in 1918 to help defeat Bolshevism. It illuminates how the Siberian Expedition exacerbated tensions within Canadian society at a time when a radicalized working class, many French Canadians, and even the soldiers themselves objected to a military adventure designed to counter the Russian Revolution. **BOOK JACKET** **The Rise of the New West** John F. Conway, 2014-05-30 This one-volume history chronicles a 150-year history of dramatic changes in fortune and attitudes in western Canada. From the Riel Rebellions and the Winnipeg General Strike to the founding of the CCF, Social Credit, and Reform parties, Canada's West has always been a hotbed of political, social, and economic change. In the early twentieth century, those calls for change emanated from the left as farmers and workers fought for social and economic justice. In the past two decades, the protests and calls for change emanated from the right as the region gained a new role for itself in Canada. This history chronicles the rise and fall of such figures as Grant Devine, Bill Vander Zalm, Glen Clark, Roy Romanow, Stockwell Day, and Lorne Calvert, and the emergence of Stephen Harper and the federal Conservatives. It describes how the West, the political wellspring of progressive changes over the years, has been transformed into the bastion of the right, culminating in the virtual annihilation of the NDP in Saskatchewan, the cradle of social democracy in Canada. This is the updated fourth edition of John Conway's classic book, originally published under the title *The West*. Alien Heart Lyall Powers, 2012-11-02 Today, almost two decades after her death, Margaret Laurence remains one of Canada's best-known and most beloved writers. Twice winner of the Governor General's Award for fiction, she was, as the late William French wrote, more profoundly admired than any other Canadian novelist of her generation. Lyall Powers is both a respected scholar of literature and a lifelong friend of Laurence's, having met her when they were students together at Winnipeg's United College in the 1940s. *Alien Heart* is the first full-length biography of Margaret that combines personal knowledge and insights about Laurence with a study of her work, which often paralleled the events and concerns in her own life. Drawing on letters, personal

correspondence journals and interviews Lyall Powers discusses the struggles and triumphs Laurence experienced in her efforts to understand herself in the roles of writer wife mother and public figure He portrays a deeply compassionate and courageous woman who yet felt troubled by conflicting demands While Laurence s work is not directly autobiographical Powers illustrates how her writing expressed many of the same dilemmas and how the resolution her characters achieved in the novels and stories had an impact on Laurence s own life Powers provides an in depth analysis of all Laurence s work including the early African essays fiction and translations and her books for children as well as the beloved Manawaka fiction The study clearly shows the progression and expression of Laurence as a writer of great humanity and conscience
