Rimbaud,2010-05-15 The enfant terrible of French letters Jean Nicholas Arthur Rimbaud 1854 91 was a defiant and precocious youth who wrote some of the most remarkable prose and poetry of the nineteenth century all before leaving the world of verse by the age of twenty one More than a century after his death the young rebel poet continues to appeal to modern readers as much for his turbulent life as for his poetry his stormy affair with fellow poet Paul Verlaine and his nomadic adventures in eastern Africa are as iconic as his hallucinatory poems and symbolist prose The first translation of the poet s complete works when it was published in 1966 Rimbaud Complete Works Selected Letters introduced a new generation of Americans to the alienated genius among them the Doors s lead singer Jim Morrison who wrote to translator Wallace Fowle to thank him for rendering the poems accessible to those who don t read French that easily Forty years later the book remains the only side by side bilingual edition of Rimbaud s complete poetic works Thoroughly revising Fowle s edition Seth Whidden has made changes on virtually every page correcting errors reordering poems adding previously omitted versions of poems and some letters and updating the text to reflect current scholarship left in place are Fowle s literal and respectful translations of Rimbaud s complex and nontraditional verse Whidden also provides a foreword that considers the heritage of Fowle s edition and adds a bibliography that acknowledges relevant books that have appeared since the original publication On its fortieth anniversary Rimbaud remains the most authoritative and now completely up to date edition of the young master s entire poetic oeuvre **Arthur Rimbaud** Seth Whidden,2018-09-15 Before he turned

twenty one Arthur Rimbaud 1854 91 had upended the house of French poetry and left it in shambles In this critical biography Seth Whidden argues that what makes Rimbaud s poetry important is part of what makes his life so compelling rebellion audacity creativity and exploration Almost all of Rimbaud s poems were written between the ages of fifteen and twenty Against the backdrop of the crumbling Second Empire and the tumultuous Paris Commune he took centuries old traditions of French versification and picked them apart with an unmatched knowledge of how they fitted together Combining sensuality with the pastoral parody political satire fable eroticism and mystery his poems range from traditional verse forms to prose

poetry to the first two free verse poems written in French By situating Rimbaud's later writing in Africa as part of a continuum that spanned his entire life Whidden offers a corrective to the traditional split between Rimbaud's life as a poet and his life afterwards A remarkable portrait of the original damned poet Arthur Rimbaud reinvents a figure who continues to captivate readers artists and writers across the world

Rimbaud's Theatre of the Self James R. Lawler, 1992 In a new interpretation of a poet who has swayed the course of modern poetry in France and elsewhere James Lawler focuses on what he demonstrates is the crux of Rimbaud's imagination the masks and adopted personas with which he regularly tested his identity and his art A drama emerges in Lawler's urbane and resourceful reading The thinking feeling acting Drunken Boat is an early theatrical projection of the poet's self the Inventor the Memorialist and the Ingenu assume distinct roles in his later verse It is however in *Illuminations* and *Une Saison en enfer* that Rimbaud enacts most powerfully his grandiose dreams Here the poet becomes Self Creator Self Critic Self Ironist he takes the parts of Floodmaker Oriental Storyteller Dreamer Lover and he recounts his descent into Hell in the guise of a Confessor In delineating and exploring the poet's theatre of the self Lawler shows us the tragic lucidity and the dramatic coherence of Rimbaud's work

The Material, the Real, and the Fractured Self Susan Harrow, 2004-01-01 In *The Material the Real and the Fractured Self* Susan Harrow explores the fascinating interrelation of subjectivity materiality and representation in the poetry and related texts of four modern French writers Arthur Rimbaud Guillaume Apollinaire Francis Ponge and Jacques Rda She demonstrates the richness and the relevance of modern French poetry for today's readers putting contemporary thought to work on the fractured self emerging in the post Baudelairean lyric Harrow addresses the widely perceived marginalization of poetry in the writing theory debate demonstrating that the emergence of a self at once shaped by and straining against material historical subjective and cultural impediments reveals fertile relations between theory and poetry Where purer forms of postmodernist thinking have stressed the dissolution and dispersal of the human subject new approaches informed by cultural studies autobiography theory and gender studies work to recover fictions of experience and retrieve submerged narratives of the self Probing the activity of textual self recovery among the debris of history and fantasy visuality and desire and culture and corporeality *The Material the Real and the Fractured Self* imparts something of the startling beauty and the raw urgency of poetry writing across the broad modern period

Recreating the World/Word Lynda D. McNeil, 1992-07-01 This book combines interdisciplinary and comparatist approaches anthropology philosophy psychology and language in the investigation of the mythic mode of thought and language in the post Symbolist poets Arthur Rimbaud Georg Trakl Hart Crane and Charles Olson Part One covers the philosophical tradition from Gottfried Herder to Ernst Cassirer Part Two includes close analytical readings of individual poems by these authors as they enact the mythic mode The conclusion relates the mythic mode to feminist studies of thought and language

Mandelstam's Worlds Andrew Kahn, 2020-07-28 Rightly appreciated as a poet's poet Mandelstam has been habitually read as a repository of learned allusion Yet as Seamus Heaney observed his work is as

firmly rooted in both an historical and cultural context as real as Joyce's Ulysses or Eliot's Waste Land. Great lyric poets offer a cross section of their times and Mandelstam's poems represent the worlds of politics, history, art, and ideas about intimacy and creativity. The interconnections between these domains and Mandelstam's writings are the subject of this book, showing how engaged the poet was with the history, social movements, political ideology, and aesthetics of his time. The importance of the book also lies in showing how literature, no less than history and philosophy, enables readers to confront the huge upheaval in outlook that can demand of us. Thinking with poetry is to think through the moral compromise and tension felt by individuals in public and private contexts and to create out of art experience in itself. The book further innovates by integrating a new comprehensive discussion of the Voronezh Notebooks, one of the supreme achievements of Russian poetry. This book considers the full political dimension of works that explore the role of the poet as a figure positioned within society but outside the state, caught between an ideal of creative independence and a devotion to the original ameliorative ideals of the revolution.

The Other Orpheus Merrill Cole, 2004-06-01. First published in 2003. This volume aims to re-establish an interest in poetry by integrating questions of prosody and aesthetics with political literary inquiry. The broader theoretical goal is nothing less than a rehabilitation of the concepts of affect and imagination, though the study also argues against anti-formalist approaches to literature.
