Rise And Fall Of Mikhail Gorbachev:

Rise and Fall of Mikhail Gorbachev Thomson Learning Australia, **Gorbachev** I. D. Oppenheim, 1991 *The Rise and Fall of the Soviet Economy* Philip Hanson, 2014-09-11 Why did the Soviet economic system fall apart Did the economy simply overreach itself through military spending Was it the centrally planned character of Soviet socialism that was at fault Or did a potentially viable mechanism come apart in Gorbachev's clumsy hands Does its failure mean that true socialism is never economically viable The economic dimension is at the very heart of the Russian story in the twentieth century Economic issues were the cornerstone of Soviet ideology and the Soviet system and economic issues brought the whole system crashing down in 1989-91 This book is a record of what happened and it is also an analysis of the failure of Soviet economics as a concept **The Rise and Fall of Gorbachev** Dmitrii Mikheev, 1992 One such puzzle is the phenomenon of Gorbachev Dozens of books and thousands of articles have already been written about his upbringing his decisions his words his image his career and his behavior His wife close associates friends and enemies have written books about him Yet the real Gorbachev as man and as politician still defies explanation Perhaps the most striking paradox of the Gorbachev puzzle is the fact that a leader so admired around the world could be so hated despised and pitied by so many people in his own country He captured the imaginations of the world and was talked about as a new messiah yet so many of his countrymen when asked about Gorbachev could hardly fight back their loathing toward the man who changed the world The political dimension of Gorbachev's saga is the drama of gaining enormous power and losing it all **Red October: The Rise and Fall of the Soviet Regime** Pasquale De Marco, 2025-05-14 In the annals of history few experiments have been as ambitious transformative and ultimately tragic as that of the Soviet Union Spanning seven tumultuous decades this colossal enterprise sought to reshape the world in the image of communism leaving an indelible mark on humanity's collective memory This comprehensive and captivating book delves into the heart of the Soviet experience unraveling the intricate tapestry of events decisions and personalities that shaped its destiny From the ashes of the Russian Empire we witness the birth of the Bolshevik Revolution and the rise of Vladimir Lenin the charismatic leader who ignited the flames of communism We follow the Soviet Union's tortuous path through industrialization collectivization and the Great Purge as Joseph Stalin's iron fist grips the nation Through the lens of ordinary citizens we experience the hardships hopes and dreams of those who lived under the Soviet regime We witness the sacrifices they made the compromises they endured and the resilience they displayed in the face of adversity We encounter dissidents and reformers visionaries and tyrants all playing their part in the grand drama of Soviet history We traverse the harrowing years of World War II witnessing the Soviet Union's resilience in the face of Nazi Germany's onslaught We explore the ideological battles of the Cold War the space race and the Cuban Missile Crisis as the world teeters on the brink of nuclear annihilation We navigate the labyrinthine corridors of the Kremlin observing the power struggles political intrigues and economic challenges that plagued the Soviet leadership The collapse of

the Soviet Union in 1991 marked a seismic shift in the global geopolitical landscape The world watched in awe as the Iron Curtain crumbled and the Soviet republics declared their independence Yet the legacy of the Soviet Union continues to cast a long shadow over Russia and the world shaping political discourse international relations and cultural identities This book is an essential guide to understanding this fascinating and complex chapter in human history Through a blend of rigorous research vivid storytelling and insightful analysis it provides a comprehensive overview of the Soviet Union s rise reign and eventual collapse It is a must read for anyone seeking to unravel the enigmas of this vanished empire and its enduring impact on the modern world If you like this book write a review on google books

Raymond Pearson,2002-07-04 The Rise and Fall of the Soviet Empire describes and explains the creation maintenance and eventual demise of the Soviet regime across post 1945 Eastern Europe Balancing internal factors such as resilient nationalism against external factors such as America s acceleration of the arms race Raymond Pearson sets the so called Soviet Empire within the broader context of global imperialism and decolonisation Full coverage is also given to the dramatic episodes of Eastern Europe dissent and the chequered career of the ostensibly monolithic Soviet Empire This revised and updated second edition features an expanded final chapter on the Last Empire assessing not only its patent strengths and hidden weaknesses but also its much publicised vices and rarely acknowledged virtues New documentation that has only become available in the last five years has been incorporated to provide a fuller retrospective historical judgement on the Soviet regime across Eastern Europe

Harkins,2020-02-04 Soviet History begins with bloodshed oppression and strife Civil War stained the Russian landscape with the blood of its people after Nicholas II abdicated his throne to a provisional government The Bolsheviks wanted Russia and eventually they took her Peasants became citizens with rights but the truth is the civil war only changed the name of their oppressor from czar to Communist dictator After decades of isolation and sometimes harsh living conditions Mikhail Gorbachev ushered in an age of reform but in doing so he made enemies Then Boris Yeltsin championed reform and the rights of the people When Communist hard liners made one last effort to regain control Yeltsin held his ground Unlike its birth the death of the Soviet Union saw little bloodshed After seventy years even the Communist hard liners no longer had the stomach for killing citizens to keep control The union dissolved in 1991
