Severed Relations:

Severed Relations Tim Hays, 1998-07-01 In April 1996 a man was arrested for the murder of Dr Yakov Gluzman Now Tim Hays reveals the shocking details of this horrific crime of jealousy greed scorn and revenge that was ordered by Dr Gluzman's own wife

Concubines in Court Lisa Tran, 2015-06-01 This groundbreaking book analyzes marriage and family reform in twentieth century China Lisa Tran's examination of changes in the perception of concubinage explores the subtle yet very meaningful shifts in the construction of monogamy in contemporary China Equally important is her use of court cases to assess how these shifts affected legal and social practice Tran argues that this dramatic story has often been overlooked leading to the mistaken conclusion that concubinage remained largely unchanged or quietly disappeared in modern China Customarily viewed as a minor wife because her husband was already married a concubine found her legal status in question under a political order that came to be based on the principles of monogamy and equality Yet although the custom of concubinage came under attack in the early twentieth century the image of the concubine stirred public sympathy How did lawmakers attack the practice without jeopardizing the interests of concubines Conversely how did jurists protect the interests of women without appearing to sanction concubinage How law and society negotiated these conflicting interests dramatically altered existing views of monogamy and marriage and restructured gender and family relations As the first in depth study of the meaning and practice of monogamy and concubinage in modern China this book makes an important contribution to our understanding of Chinese society and legal norms In addition by crossing the 1949 divide it compares the Guomindang's designation of concubinage as adultery with the Chinese Communist Party's treatment of it as bigamy and draws out the legal implications for the practice of concubinage as well as for women who were concubines Poised at the intersection of Chinese history women's history and legal history this book makes a unique and significant contribution to the scholarship in all three fields

Interpreting History in Sino-Japanese Relations Caroline Rose, 2005-08-04 The first book length study to examine the re writing of school textbooks by the Japanese Education Ministry in an attempt to play down atrocities in China during World War II The famous textbook crisis in 1982 was at the centre of a diplomatic storm extending through the 1980s as Sino Japanese relations were beset by a series of political controversies This fascinating account of the period reveals that Chinese and Japanese policy makers were more concerned with changes taking place in international and domestic politics than with adopting a correct view of history

Intelligence Information Brief United States. Department of State. Bureau of Intelligence and Research, 1958

Political Facts of the United States Since 1789 Erik W. Austin, Jerome M. Clubb, 1986 This book explores the puzzling phenomenon of new veiling practices among lower middle class women in Cairo Egypt Although these women are part of a modernizing middle class they also voluntarily adopt a traditional symbol of female subordination How can this paradox be explained An explanation emerges which reconceptualizes what appears to be reactionary behavior as a new style of political struggle as accommodating protest

These women most of them clerical workers in the large government bureaucracy are ambivalent about working outside the home considering it a change which brings new burdens as well as some important benefits At the same time they realize that leaving home and family is creating an intolerable situation of the erosion of their social status and the loss of their traditional identity The new veiling expresses women s protest against this MacLeod argues that the symbolism of the new veiling emerges from this tense subcultural dilemma involving elements of both resistance and acquiescence
