Love Your Enemies Discipleship Pacifism And Just War Theory:

Love Your Enemies Lisa Sowle Cahill, 1994 The author examines the theological bases of just war theory and pacifism especially in the light of the concept of God as that motif illuminates Christian discipleship Differences between the theory of just war and the practice of pacifism are highlighted in the overview of the history of Christian thought on the subject and the inclusiveness of the ideal of the kingdom for pacifism is emphasized Christian Pacifism and Just War Theory Harold Palmer, 2016-05-31 What did Jesus mean when he said to love your enemies and pray for those who persecute you Do these commandments leave room for Christians to serve in militaries or police forces that implement the use of force Or is the Christian to steadfastly reject violence and embrace pacifism Are certain wars justified on the basis of just war theory or are all wars in their brutality and destruction inherently evil In this study Harold Palmer an attorney examines the case that has traditionally been made to justify Christian participation in war The author begins with a historical background of the roots of just war theory as promulgated by Thomas Aquinas He then examines the passages on which just war theorists rely including God's commandments to the Israelites to go to war against their enemies Jesus' praise of the Roman Army centurion for his faith and God's use of the centurion Cornelius to graft Gentiles into the Kingdom of God Arguing that these passages have been misunderstood he concludes that Christianity only permits a single response to evil self-sacrificial love The author makes a cogent case for Christian pacifism by examining the life of Jesus and arguing that His crucifixion was more than a salvific act it also exemplified the ideal of Christian living Being a disciple of Jesus means emulating Him in every way including responding to violence through self-sacrificial love as Jesus did and obeying Jesus' commands to be as harmless as doves to turn the other cheek and pray for those who persecute you Finally this study tackles the difficult question of Old Testament violence by arguing that it falls within a specific context and is not normative for members of the New Covenant of Grace Rather than embrace violence we are to follow the examples set by the early church and its martyrs including the Apostle Stephen who prayed that his persecutors not be charged with their sins and the apostle Paul who taught us to live peaceably with all men Our war is not a physical struggle but a spiritual war to be waged with prayer faith and the gospel of peace Eph 6:12-18

The Renaissance Discovery of Violence, from Boccaccio to Shakespeare Robert Appelbaum,2021-11-16 Many have wondered why the works of Shakespeare and other early modern writers are so filled with violence with murder and mayhem This work explains how and why putting the literature of the European Renaissance in the context of the history of violence Personal violence was on the decline in Europe beginning in the fifteenth century but warfare became much deadlier and the stakes of war became much higher as the new nation states vied for hegemony and the New World became a target of a shattering invasion There are times when Renaissance writers seem to celebrate violence but more commonly they anatomized it and were inclined to focus on victims as well as warriors on the horrors of violence as well as the need for force to protect national security and justice In Renaissance writing violence has lost its innocence

The Uses of the Bible in Crusader Sources ,2017-05-22 The Uses of the Bible in Crusader Sources sets out to understand the ideology and

spirituality of crusading by exploring the biblical imagery and exegetical interpretations which formed its philosophical basis. Medieval authors frequently drew upon scripture when seeking to justify praise or censure the deeds of crusading warriors on many frontiers. After all, as the fundamental written manifestation of God's will for mankind, the Bible was the ultimate authority for contemporary writers when advancing their ideas and framing their world view. This volume explores a broad spectrum of biblically derived themes surrounding crusading and by doing so seeks to better comprehend a thought world in which lethal violence could be deemed justifiable according to Christian theology. Contributors are Jessalynn Bird, Adam M. Bishop, John D. Cotts, Sini Kangas, Thomas Lecaque, T. J. H. McCarthy, Nicholas Morton, Torben Kjersgaard, Nielsen, Luigi Russo, Uri Shachar, Iris Shagrir, Kristin Skottki, Katherine Allen, Smith, Thomas W. Smith, Carol Sweetenham, Miriam Rita Tessera, Jan Vandeburie, Julian J. T. Yolles, and Lydia Marie Walker.

Mutuality Dawn M. Nothwehr, 2005-07-25. By selecting as her focus mutuality, Nothwehr brings to the fore an issue of perennial importance in Christian social ethics: that of power. As she shows, feminist theology invites religious ethicists to reconceive normative questions of power from the vantage point of its dynamic, mutual sharing—a sharing that encompasses not only individual relations but society and the natural world. She also demonstrates how attention to relations of mutuality sheds light on the spectrum of classical Christian theological and moral topics, revealing dimensions of our traditions that standard assumptions about power as domination tend to obscure. Christine Firer Hinze, Associate Professor of Theology, Marquette University. This book allows mutuality to take its rightful place along with love and justice in Christian social ethics. Written with great clarity, with excellent scholarship, and with the thinking of key historical figures in mind, this book focuses on the thinking of four contemporary Christian feminists: Beverly Wildung Harrison, Carter Heyward, Elizabeth Johnson, and Rosemary Radford Ruether, to show that mutuality is at the heart of ethics. But it does more. It shows that mutuality is at the heart of the human, at the heart of the divine, and at the heart of the meeting between the two. John J. Shea, visiting Associate Professor of Pastoral Care and Counseling, Boston College. Dawn Nothwehr employs a corrective category: mutuality. At first blush, the term would seem too tender and nebulous to address the splits in our consciousness, but this theologian brings well-informed care to its definition. It becomes in her hands a critical tool which can do healing surgery on many foundational categories of Catholic theology and indeed on much of modern thinking beyond the pale of Catholicism. Mutuality calls attention to the essential interdependency of all that is in our cosmos. Daniel C. Maguire, Professor of Theological Ethics, Marquette University.

Catholic Realism: Abolition of War David Carroll Cochran, 2014-01-09. Argues that the abolition of war, like that of slavery and other forms of social violence, is possible using

the principles and history of the Just War tradition in Catholic theology and philosophy *Political Practices and International Order* Stefan Heuser, Hans Günter Ulrich, 2007 International order is one of the most challenging issues in political ethics today and its place within the multifaceted field of politics is frequently debated The diverse phenomena resulting from globalisation particularly in the wake of the end of the so called Cold War urge us to think about our world in terms of a single political entity Besides the existing international institutions however it is still open to question what this entity should be and what concrete political practices should correspond to it In the essays collected in this book political scientists sociologists philosophers theologians and policy advisors explore how political practices can be institutionally localised without necessarily becoming incorporated into structures of governance Political ethics as presented in this book seeks to address the particular practices of power justice and peace of citizens themselves and to assess their relevance for the shaping of international insti
