Lovers Guide To The Perfumed Garden:

The Garden Lover's Guide to the West Kathleen McCormick, 2000-09 Our Garden Lover's Guide series has been hailed by Garden Design as eminently practical and by Home as authoritative and indispensable. These three new volumes complete our survey of American gardens together the four books feature over 500 public gardens across the country. Each book is designed for readers to use as they travel through a state or region. Similar to our highly successful European garden guides the U.S. guides are illustrated in full color with numerous photographic images and watercolor drawings of the most significant gardens all specially commissioned for these books. In addition to insightful texts, contact data, opening hours, admission fees, and directions are provided. The perfect companion for any garden enthusiast whether tourist or armchair traveler.

Garden Lover's Guide to Spain and Portugal Barbara Segall, 1999 This authoritative new series of guidebooks to the gardens of Europe is the perfect companion for any garden enthusiast whether tourist or armchair traveler. Each title is a richly illustrated in-depth guide to over 100 gardens from the famous to little-known hidden treasures and features colorful photography and easy-to-read illustrations commissioned especially for this series. Also included are maps, directions, complete visitor information, special features, and neighboring sites of interest. Each guide, written by a gardening expert, begins with a comprehensive background on the country's garden history and local climate. The most significant gardens in each volume are featured in even greater detail, accompanied by illustrated plans of the gardens and close-up views of particular features. The numerous color photographs and maps show travelers what awaits at each garden. The Garden Lover's Guides are indispensable aids for those planning European travel itineraries. The Garden Lover's Guide to Spain and Portugal is for everyone who enjoys visiting gardens. In this compact volume, gardening writer Barbara Segall explores over 100 of the most beautiful Iberian gardens, highlighting their most striking features, describing their distinctive characters, and revealing charming aspects that will delight every garden lover. From Antoni Gaudí's fantastic Park Güell to the exotic Moorish pools and patios of the Alhambra and Generalife to the intricate parterres at the Palacio Nacional de Queluz, this volume will guide travelers to some of the most breathtaking sights in Europe.

The Garden Lover's Guide to Canada Larry Hodgson, 2001 The Garden Lover's Guides were devised for gardeners on the move, profiling points of horticultural interest in various countries. Each guide lists an extensive range of practical information including opening times, admission fees, directions, nearby sites of interest, and other available facilities. Exquisitely drawn three-dimensional maps are provided for selected gardens. These new titles lead readers to over 100 of the best Canadian gardens and through the imposing formal terraces and breathtaking plantings of Ireland's castles, parks, and country gardens. All guides include lush photographs and detailed descriptions.
