Loving and Working Rosemary Curran Barciauskas, Debra Beery Hull, 1989 **Loving and Working** Rosemary Curran Barciauskas, Debra Beery Hull, 1989 **The Marketplace Annotated Bibliography** Pete Hammond, 2011-03 Every workday millions of Christians enter the marketplace Whether as sales associates or engineers auto mechanics or executives Christians are called to serve God in the workplace But most need help integrating faith and work How can you be salt and light on the job Where can you turn for help in developing a biblical and satisfying view Living in the Margins Terry A. Veling, 2002-11-12 A gifted theologian sheds light on the meaning and value of intentional faith communities in the margins of parish life *Work and Family in America* Leslie Stebbins, 2001-08-13 Surveying current research findings social trends and public controversies *Work and Family in America* examines the changing cultures of the workplace family and home Once viewed as a women and day care problem work family now encompasses a vast and complex set of issues Eldercare Fatherhood Telecommuting Pay equity Employee productivity and retention Feminism Child care and childcare development Youth violence Welfare Nontraditional families and family values This extensive overview of this burgeoning field includes everything from a detailed history and statistics comparing trends in the United States and abroad to key legislation and legal cases It gives biographical sketches of well known activists like Betty Friedan Arle Hothschild and Rosabeth Moss Kanter Lesser known advocates like James A Levine director of the Fatherhood Project at the Family and Work Institute and MIT professor Lotte Bailyn who believes work should be organized around tasks not time are also included **Work After Patriarchy** Patricia Budd Kepler, 2009-06-05 Traditional ways of dividing work by gender are disappearing and new ways of ordering our lives are emerging Today women and men engage in various forms of work in the course of a lifetime work for pay housework family care taking work volunteer work Our expansion of work roles holds great promise for our personal development the well being of families and the health of society We can weave together all forms of work with determination and imagination as we open doors for future generations Our attitudes values and world views are changing along with our working patterns Old ideal images now limiting and harmful are losing their power Opportunities for theological reformation emerge based on a new understanding of human nature just love and the order of society We live in an accelerating time of great change and great consequence This is a book for such a time **Handbook of Spirituality for Ministers Vol. 2** Robert J. Wicks, 2000 **Family, Self, and Human Development Across Cultures** Cigdem Kagitcibasi, 2007-03-09 Reflecting author igdem Kagit ibasi s influential work over the last two decades this new edition examines human development the self and the family in a cultural context It challenges the existing assumptions in mainstream western psychology about the nature of individuals The author proposes a new model the Autonomous Related Self which expands on existing theory by demonstrating how culture influences self development The development of competence is examined from a contextual perspective with a view towards global urbanization which is creating increasingly similar lifestyles around the

world The implications of this perspective are discussed extensively particularly early intervention policy implications related to promoting human competence in immigration and acculturation Rich in both theory and application each topic is introduced with a historical antecedent and earlier research before current work is discussed This new edition also features a new theoretical perspective that integrates cultural variation with universal human development trajectories in the context of social change globalization and immigration two new chapters on Parenting and the Development of the Autonomous Related Self and Immigration and Acculturation a more student friendly approach with boxed stories summary and main point reviews discussion questions and an extensive bibliography in each chapter and a comprehensive glossary of all the book s key terms for a quick reference Intended as a graduate or advanced undergraduate level text for courses addressing cross cultural psychology taught in a variety of departments including developmental community family and educational psychology this comprehensive volume will also appeal to researchers interested in issues of human development in a socio cultural context

Family and Human Development Across Cultures Cigdem Kagitibasi,2014-03-05 The culmination of 15 years of research by a Turkish psychologist who was educated in the West this volume examines both the theoretical and practical aspects of cross cultural psychology It takes a contextual developmental functional approach linking the child family and society as they are embedded in culture A refreshingly different view the author presents a portrait of human development from the other side from the perspective of the majority world In a world seemingly dominated by American psychology she proposes the cross cultural orientation as a corrective to the culture boundedness of much of Euro American psychology Analyzing human development in context while avoiding the pitfalls of extreme relativism this work studies development with an inclusive holistic and ecological perspective focusing on the development of the self and of competence In so doing it also attempts to combine cultural contextualism with universalistic standards and psychological processes It proposes a theory of family change which challenges some commonly held modernization assumptions and links theory and application while examining the role of psychology in inducing social change

Changing Life Patterns Elizabeth Liebert,2000

Also a Mother Bonnie J. Miller-McLemore, 1994 This book suggests that beneath the everyday scuffles over gender roles and child care lies a religious crisis of work and love As a professor the author asks of Christian teaching How can it respond better to women and men who want to work in fulfilling ways and to love in intimate relationships As a mother she insists that such teaching must at last take seriously what mothers think feel and desire

Sex and Love in the Home, Second Edition David M. McCarthy, 2011-01-01 This book inaugurates a completely new way of thinking about the ethics of marriage and sex I know of no book on the subject more promising than what McCarthy has achieved here Stanley Hauerwas Gilbert T Rowe Professor of Theological Ethics Duke University Much has been written in Christian theology about sex love and procreation but their social meanings and contributions are much more rarely addressed McCarthy now takes this greatly neglected task eloquently connecting the Christian household to the common good All those who want to realize the social vocation of the Christian family will find in this work a rich and challenging resource for understanding and for life Lisa Sowle Cahill J Donald Monan Professor of Theology Boston College Drawing on his own experience of learning how to be a husband and father David Matzko McCarthy offers wonderfully incisive and readable reflections on the habits of the household a neighborly space which resists consumerism and enables sexual relationships to be ordinary meaningful and passionate If you think that all that Christian theology has to say about sex and relationships is twaddle about complementarity and family values then this is the book for you Gerard Loughlin Senior Lecturer in Religious Studies University of Newcastle upon Tyne
