**What the RAF Airman Took to War** Bill Howard, 2015-05-10 Between July and October 1940 in what became known as the Battle of Britain a nation held its breath while the pilots of the Royal Air Force battled Hitler's Luftwaffe in the skies above England. A huge number of airmen lost their lives in this hard fought episode and in the four years of air campaigns that followed and those who survived faced terrifying risks as Prime Minister Winston Churchill put it. Never in the field of human conflict was so much owed by so many to so few. In this beautifully illustrated tribute to The Few Bill Howard catalogues the objects which were essential to every wartime pilot from the superstitious good luck charm to the parachute on which his life might have depended and a wealth of other poignant items relating to his day to day existence during the air war against the Nazis.

considered by many to be the greatest combat photographer of all time Complementing the period photographs are numerous color plates detailing the rare and often unique items of insignia weaponry and equipment that marked the soldiers whose heavy task it was to lead the way **Cumulated Index to the Books** ,1999 The International Militaria Collector's Guide Gary Sterne,Irene Moore,2004 This fascinating guide to collecting Militaria has been produced in conjunction with the Editorial team of the Armourer magazine which itself is the market leading international magazine distributed to Militaria and Arms collectors and enthusiasts worldwide This book contains over 1000 items of militaria which are each in turn pictured described and then priced in Sterling Euros and Dollars Items listed in the book include Ordnance Bayonets Medals Insignia Trench Art and other material that can be found on sale at Arms and Militaria Fairs throughout the world This book is a must for anyone who is interested in collecting militaria and is the only book of its type that provides a guide to this interesting subject area *Subject Guide to Books in Print* ,2001 Blitz on Britain 1939-45 Dr Alfred Price,2016-07-22 During the latter half of the 1930s the fear of a possible aerial knock out on Great Britain became a dominating factor in the formulation of national policy This text examines how justified these pre war fears were in light of the Luftwaffe s capabilities in 1939 and describes the bombing attacks on Britain during the years that followed together with the operations of the defences to parry them From the start the air defences proved able to take a heavy toll on the bombers attacking Britain by day By night it was a different matter Initially the fighter and gun defences were lucky if between them they were able to knock out one or two bombers out of three or four hundred involved in a night attack From this poor beginning the defences improved out of all recognition and when the Germans launched a series of attacks on London early in 1944 it cost them one bomber and four trained crewmen for every five British civilians killed Blitz on Britain makes compelling reading for anyone interested in the Luftwaffe s wartime raids on Britain and how the air defences ultimately succeeded in defeating this long running aerial onslaught *The Luftwaffe at War, 1939-1945* Adolf Galland,Karl Ries,R.
