Imagery of Lynching Dora Apel, 2004 Outside of the classroom and scholarly publications lynching has long been a taboo subject Nice people it is felt do not talk about it and they certainly do not look at images representing the atrocity In *Imagery of Lynching* Dora Apel contests this adopted stance of ignorance Through a careful and compelling analysis of over one hundred representations of lynching she shows how the visual documentation of such crimes can be a central vehicle for both constructing and challenging racial hierarchies She examines how lynching was often orchestrated explicitly for the camera and how these images circulated on postcards but also how they eventually were appropriated by antilynching forces and artists from the 1930s to the present She further investigates how photographs were used to construct ideologies of whiteness and blackness the role that gender played in these visual representations and how interracial desire became part of the imagery Offering the fullest and most systematic discussion of the depiction of lynching in diverse visual forms this book addresses questions about race class gender and dissent in the shaping of American society Although we may want to avert our gaze Apel holds it with her sophisticated interpretations of traumatic images and the uses to which they have been put

The Lynched Man J.R. Roberts, NO NOOSE IS GOOD NOOSE Hoping to find a replacement for his now retired horse Duke Clint Adams heads to Minnesota where an old friend has promised him just the animal he needs But once he gets there his friend seems to have vanished And when Clint starts looking for him someone makes it violently clear that his presence is not wanted It turns out that his friend was strung up by a lynch mob out to avenge a young girl's murder at least that's the way it's meant to look The more he investigates the more the Gunsmith knows that something rotten is at work And the closer he gets to the culprits who lynched his pal the tighter the rope around his own neck gets

Lynchings in Kansas, 1850s-1932 Harriet C. Frazier, 2015-02-11 In 1933 Genevieve Yost Kansas State Historical Society cataloger

published a History of Lynching in Kansas The present book is a development of that work researched with the benefit of modern technology The author locates 58 lynchings Yost missed and removes 19 from her list that for various reasons are not lynchings in Kansas Yost apparently catalogued her 123 entries some containing up to six names based on her newspaper sources headlines not the actual stories on the lynchings Her catalog places some events in counties that did not exist at the time of the lynching In this book errors in her data are corrected misspelled names incorrect places and dates and the number of victims per incident In agreement with Yost the author finds that most of the victims were white men who were horse thieves their deaths taking place in the eastern tier of counties bordering Missouri an area then and now where most Kansans lived The last lynching in Kansas took place in 1932 in the extreme northwest of the state and an interview of an eyewitness is included

Crisis William Edward Burghardt Du Bois, 1913

First Available Cell Chad R. Trulson, James W. Marquart, 2010-01-01 Decades after the U S Supreme Court and certain governmental actions struck down racial segregation in the larger society American prison administrators still boldly adhered to discriminatory practices Not until 1975 did legislation prohibit racial segregation and discrimination in Texas prisons However vestiges of this practice endured behind prison walls Charting the transformation from segregation to desegregation in Texas prisons which resulted in Texas prisons becoming one of the most desegregated places in America First Available Cell chronicles the pivotal steps in the process including prison director George J Beto s 1965 decision to allow inmates of different races to co exist in the same prison setting defying Southern norms The authors also clarify the significant impetus for change that emerged in 1972 when a Texas inmate filed a lawsuit alleging racial segregation and discrimination in the Texas Department of Corrections Perhaps surprisingly a multiracial group of prisoners sided with the TDC fearing that desegregated housing would unleash racial violence Members of the security staff also feared and predicted severe racial violence Nearly two decades after the 1972 lawsuit one vestige of segregation remained in place the double cell Revealing the aftermath of racial desegregation within that 9 x 5 foot space First Available Cell tells the story of one of the greatest social experiments with racial desegregation in American history
