Lynn Riggs, Southwest Playwright Thomas A. Erhard, 1970 **Lynn Riggs: The Indigenous Plays** Lynn Riggs, 2024-03-28 Lynn Riggs The Indigenous Plays bundles critically edited texts of three thematically allied plays with an extensive primary secondary and textual apparatus The Cherokee Night 1932 comprising seven asynchronous scenes set between 1895 and 1931 is Riggs s most experimental play Its Cherokee characters inhabit a history of dispossession and violence including the dissolution of the Cherokee Nation with Oklahoma statehood in 1907 Their daily survival constitutes the apex of resistance Not so for the Indigenes of The Year of Pilar 1938 the most radical American Indian text prior to the Native American renaissance that began in the late 1960s Here Yucatecan Mayans take a government program of land reform as an opportunity to reclaim their homeland and punish settler colonialists for centuries of enslavement torture and sexual violence Riggs returns to Indian Territory in The Cream in the Well 1941 set on the eve of Oklahoma statehood The Cherokee Sawters family responds to the onset of statehood by lamenting lost opportunities and fretting about an uncertain future Culture in the American Southwest Keith L. Bryant, 2014-09-01 If the Southwest is known for its distinctive regional culture it is not only the indigenous influences that make it so As Anglo Americans moved into the territories of the greater Southwest they brought with them a desire to reestablish the highest culture of their former homes opera painting sculpture architecture and literature But their inherited culture was altered challenged and reshaped by Native American and Hispanic peoples and a new vibrant cultural life resulted From Houston to Los Angeles from Tulsa to Tucson Keith L Bryant traces the development of high culture in the Southwest Humans create culture but in the Southwest Bryant argues the land itself has also influenced that creation Incredible light natural grandeur and a geography at once beautiful and yet brutal molded societies that sprang from unique cultural sources The peoples of the American Southwest share a regional consciousness an experience of place that has helped to create a unified but not homogenized Southwestern culture Bryant also examines a paradox of Southwestern cultural life Southwesterners take pride in their cultural distinctiveness yet they struggled to win recognition for their achievements in high culture A dynamic tension between those seeking to re create a Western European culture and those desiring one based on regional themes and resources continues to stimulate creativity Decade by decade and city by city Bryant charts the growth of cultural institutions and patronage as he describes the contributions of artists and performers and of the elites who support them Bryant focuses on the significant role women played as leaders in the formation of cultural institutions and as writers artists and musicians The text is enhanced by more than fifty photographs depicting the interplay between the people and the land and the culture that has resulted

American painter Gina Knee 1898 1982 is an important virtually unclaimed artist whose career stretched over five decades and many locations she worked in the Southwest the South California and New York Starting in the 1940s she was given solo shows on both coasts and her work found its way into major public and private collections She knew and exhibited with some of the major artists of her day Jackson Pollock Willem de Kooning Mark Tobey and her third husband Alexander Brook Yet like many artists especially women working on the fringes of mainstream art movements her achievements have been nearly forgotten in the rush to create art superstars This book is an in depth examination of the artist's life and work from hesitant artistic beginnings to a culmination in highly original paintings reflecting her modernist and abstract vision Inside Looking Out reflects too the recent recognition in art history that art is as much a product of culture as it is the elusive privileged

activity of the isolated genius Knee's efforts to find the delicate balance between marriage and her life's work is a central theme of the book traced in her letters and conversations with friends Her story gives new insight into American art and life at mid century Gina modified her schedule to suit the demand of her husband's They rose early she prepared his breakfast and packed his lunch then drove him to work in the pre dawn rushing traffic Returning home she faced the new tasks of managing the household without help Dishwashing making beds dusting laundry all the things middle class women took for granted in the 1940s these were frustrating and time consuming It just takes hours for me to do what an organized housewife does in one she complained Gina's affluent upbringing and the ease of finding servants in Santa Fe had accustomed her to hours of time spent as she chose In wartime Los Angeles when servants were impossible to find she suddenly had to do everything and it soon began to feel burdensome Forced to sacrifice precious studio time to the demands of a repetitious household routine she came face to face with a new reality that she must now give up a certain amount of control over her own life Money her own independent income had formerly given her the luxury of time time to be used as a man does in professional activity freed from enervating household chores Now the leveling effect of the war reminded her firmly that she was a woman in a situation where affluence could not buy the uninterrupted freedom to create Her life was turned upside down her priorities questioned her relationship with Ernie Knee strained **Journal of the Southwest** ,1995
