Macromedia Contribute 3 Tom Negrino, 2005 Visitors to your Web site want to see up-to-date content. They don't care how complicated it is to edit that content or about the manpower issues involved. If they don't find what they need, they'll get it elsewhere. To ensure that they don't, you need Macromedia's hot content management tool, Contribute, and this task-based guide to get you up to speed on it. In this thoroughly updated guide, popular author Tom Negrino uses simple step-by-step instructions and loads of visual aids to show you how to build Web pages, edit content, create tables, employ Dreamweaver templates, and more with the newly updated Contribute 3. If you're a first-time user, you'll find all the instruction you need to start adding content to Web pages immediately without fear of breaking the site. And if you're a Contribute veteran, you'll want to go straight to the sections covering this version's new features: integrated image editing, Microsoft Office integration, automatic publishing to PDF and Flash file formats, and more.
