Machine Labor Confronts The Future:

Following the Sun Robin Tennant-Wood, 2012-10-01 In 1970 a small group of physicists at The Australian National University decided to veer away from the accepted and expected directions in energy research and pursued the emerging discipline of solar energy Over the next decade ANU joined a small cluster of research institutions including the CSIRO UNSW and the University of Sydney to emerge as a world leader in solar energy technology This book traces the history of solar energy research at ANU over 35 years from its origin its sometimes controversial early stages through its flagship projects to its current status as one of the world's best known solar energy research establishments It is as much a story of the future as it is a history Following the sun is the story of how an idea to pursue what was in 1970 a new and unpopular research path has come to underpin sustainable development in the 21st Century

The Ayes Have It John Wanna, Tracey Arklay, 2010-07-01 The Ayes Have It is a fascinating account of the Queensland Parliament during three decades of high drama politics It examines in detail the Queensland Parliament from the days of the Labor split in the 1950s through the conservative governments of Frank Nicklin John Bjelke Petersen and Mike Ahern to the fall of the Nationals government led briefly by Russell Cooper in December 1989 The volume traces the rough and tumble of parliamentary politics in the frontier state The authors focus on parliament as a political forum on the representatives and personalities that made up the institution over this period on the priorities and political agendas that were pursued and the increasingly contentious practices used to control parliamentary proceedings Throughout the entire history are woven other controversies that repeatedly recur controversies over state economic development the provision of government services industrial disputation and government reactions electoral zoning and disputes over malapportionment the impost of taxation in the low tax state encroachments on civil liberties and political protests the perennial topic of censorship as well as the emerging issues of integrity concerns about conflicts of interest and the slide towards corruption There are fights with the federal government especially with the Whitlam government and internal fights within the governing coalition which eventually leads to its collapse in 1983 after which the Nationals manage to govern alone for two very tumultuous terms On the non government side the bitterness of the 1950s split was reflected in the early parliaments of this period and while the Australian Labor Party eventually saw off its rivalrous off shoot the QLP DLP it then began to implode through waves of internal factional discord

Labor's Conflict Tom Bramble, Rick Kuhn, 2010-11-22 Once widely regarded as the workers greatest hope for a better world the ALP today would rather project itself as a responsible manager of Australian capitalism Labor's Conflict provides an insightful account of the transformations in the Party's policies performance and structures since its formation Seasoned political analysts Tom Bramble and Rick Kuhn offer an incisive appraisal of the Party's successes and failures betrayals and electoral triumphs in terms of its competing ties with bosses and workers The early chapters outline diverse approaches to understanding the nature of the Party and then assess the ALP's evolution in response to major social

upheavals and events from the strikes of the 1890s through two World Wars the Great Depression and the post war boom
 The records of the Whitlam Hawke Keating Rudd and Gillard governments are then dissected in detail The compelling
 conclusion offers alternatives to the Australian Labor Party for those interested in progressive change *Howard's Agenda*
 Marian Simms, John Warhurst, 2000 No Marketing Blurb The Development of Managerial Culture Arthur J.
 Wolak, 2014-11-18 The Development of Managerial Culture examines the differences in underlying values and cultural
 distinctions in managerial cultures in Australia and Canada It offers commentary on differences in attitudes to managerial
 culture and industrial relations through a comparison of national character development to provide context and insight for
 readers **Labour History** , 2005 **Abbott's Gambit** Carol Johnson, John Wanna, Hsu-Ann Lee, 2015-01-21 This book
 provides a truly comprehensive analysis of the 2013 federal election in Australia which brought the conservative Abbott
 government to power consigned the fractious Labor Party to the Opposition benches and ended the hung parliament
 experiment of 2010 13 in which the Greens and three independents lent their support to form a minority Labor government It
 charts the dynamics of this significant election and the twists and turns of the campaign itself against a backdrop of a very
 tumultuous period in Australian politics Like the earlier federal election of 2010 the election of 2013 was an exercise in
 bipolar adversarial politics and was bitterly fought by the main protagonists It was also characterised again by leadership
 changes on Labor's side as well as the entry of new political parties anxious to deny the major parties a clear mandate
 Moreover the 2013 election continued the trend whereby an increasing proportion of the electorate has chosen not to vote
 for one of the main two political parties While the 2013 election delivered a clear victory to the Coalition in the Lower House
 it simultaneously produced a much more mixed outcome in the Senate where the Greens managed to record their largest
 ever representation and a new party the Palmer United Party initially secured three Senate positions at its first attempt
 together with the election of Clive Palmer to a Queensland seat in the House of Representatives With minor and micro parties
 also winning Senate seats amounting to a total of 18 Senators on the cross benches the Abbott government's ability to govern
 and pass legislation was placed in some doubt The 2013 election result suggested that far from ending the preceding
 tumultuous period of Australian politics it merely served to prolong this era indefinitely The 2013 campaign was one of the
 longest on record arguably commencing when the besieged Prime Minister Julia Gillard announced the date for the election
 in late January 2013 then over seven months away This unconventional tactic overshadowed the election from that date
 onwards providing a definite timeline for Labor infighting influencing the largely negative tactics of the Opposition and
 encouraging new parties to proliferate to contest the election This volume traces these formative influences on the campaign
 dynamics and explains the electoral outcome that occurred including the 2014 re election for the Western Australian Senate
 seats ordered by the High Court Abbott's Gambit includes insightful contributions from academic experts campaign directors
 and electoral watchers political advisers and professional psephologists Contributors utilise a wide range of sources and

approaches including the Australian Election Survey to provide a detailed analysis of this important federal election The New Progressive Dilemma D. O'Reilly, 2007-04-12 The New Progressive Dilemma documents the international diffusion ideological meaning and long term political implications of the ideas that informed the late twentieth century revolution in thinking inside the British Labour Party a revolution that had important antecedents in Australia *The A to Z of Australia* James C. Docherty, 2010-04-01 The last continent to be claimed by Europeans Australia began to be settled by the British in 1788 in the form of a jail for its convicts While British culture has had the largest influence on the country and its presence can be seen everywhere the British were not Australia's original populace The first inhabitants of Australia the Aborigines are believed to have migrated from Southeast Asia into northern Australia as early as 60 000 years ago This distinctive blend of vastly different cultures contributed to the ease with which Australia has become one of the world's most successful immigrant nations The A to Z of Australia relates the history of this unique and beautiful land which is home to an amazing range of flora and fauna a climate that ranges from tropical forests to arid deserts and the largest single collection of coral reefs and islands in the world Through a detailed chronology an introduction appendixes a bibliography and cross referenced dictionary entries on some of the more significant persons places and events institutions and organizations and political economic social cultural and religious facets author James Docherty provides a much needed single volume reference on Australia from its most unpromising of beginnings as a British jail to the liberal tolerant democracy it is today **The Australian Study of Politics** R. Rhodes, 2009-11-11 The Australian Study of Politics provides the first comprehensive reference book on the history of the study of politics in Australia whether described as political studies or political science It focuses on Australia and on developments since WWII also exploring the historical roots of each major subfield

Powerscape Anika Gauja, 2020-08-05 An innovative and exciting approach to the study of Australian politics that is guaranteed to spark students interest Professor Carol Johnson University of Adelaide Powerscape is an engaging study of power relationships in the Australian political system and the community at large Alex Karolis Public Administration Today Powerscape is an introduction to Australian politics designed for today's students It outlines the core political institutions and processes and also analyses contemporary political issues and debates Powerscape tells the story of a dynamic political system and of high levels of public engagement Despite the prevailing view that political participation in the 21st century in many liberal democracies is subdued this book reveals complex interactions with political processes by a wide range of players Organised in three parts power and democracy political actors and policy processes Powerscape systematically investigates the role of power in political life Each chapter is introduced by a snapshot a detailed example based on a current issue or recent event With extended analysis of the change of government at the 2007 federal election this second edition has been fully updated It includes new examples and new chapters on political institutions and policy making *Do Parties Still Represent?* Knut Heidar, Bram Wauters, 2019-04-05 This book examines the representativeness of party membership and

analyses the potential consequences of changing representativeness Parties with high membership ratios as well as those experiencing severe decline are compared and examined across countries with varying constitutional arrangements and party systems The book discusses whether changing representative capacities lead to declining political representation of group interests less representative party candidate selection processes and declining legitimacy for the political system The book bridges two subareas that are usually not in conversation with each other literature on the decline of party membership and that on group representation gender ethnic minorities and other social groups This text will be of key interest to students and scholars of party politics political parties representation and elections and more broadly to people interested in European and comparative politics

The Life and Soul of the Party Brett Evans, 2001 Out of office and at sea the federal ALP has spent the past five years facing up to the causes of its electoral failure and the lessons for the future But despite the soul searching this work states that it is not clear that Labour has come up with a convincing case for its return to government

Scarcity Fredrik Albritton Jonsson, Carl Wennerlind, 2023-04-18 Fredrik Albritton Jonsson and Carl Wennerlind chart ideas about economic scarcity across centuries of European intellectual history Showing how ideologies of infinite desire and infinite growth came to dominate capitalist societies they argue for alternative modes of economic thought that respect nature's boundaries in the face of climate crisis

The Politics of Party Policy A. Gauja, 2015-12-11 Examining the complexities and tensions in relations between party members and parliamentarians through an in depth analysis of the processes that shape the development of party policy in the UK Australia and New Zealand this book Presents new evidence on the challenges facing parties in encouraging citizen participation in policy development

So Many Firsts Margaret FitzHerbert, 2009 Inspiring and informative So Many Firsts examines the political lives of women in the Liberal Party from Enid Lyons to today Annabelle Rankin Margaret Guilfoyle Helen Coonan and Julie Bishop are among the pioneering women who achieved so many firsts in their achievements as women and for women They had many hurdles to overcome including the long fight to extend child endowment the battle to remove the legislative barriers to married women working in the public service equal work equal opportunity and equal pay along with the notion that they could do more than only represent women's issues In 1948 The Mail helpfully declared of Senator Annabelle Rankin She tackles men's problems too In the Turnbull era women are occupying many of Party's key positions and continue to applying their spirit and talent to achieving even more firsts for the nation

Politics, Policy and Public Administration in Theory and Practice Andrew Podger, Michael de Percy, Sam Vincent, 2021-06-15 This festschrift celebrates the extensive contribution John Wanna has made to the research and practice of politics policy and public administration It includes both personal acknowledgements of his work and substantial essays on the issues that he focused most closely upon during his academic career budgeting and financial management politics and public policy and administration The essays address contemporary developments in public sector financial management in Australia and overseas changing political processes in Queensland and the Commonwealth and

public governance and administration reform trajectories in Australia and internationally including in China A common theme is the importance of linking research to practice reflecting John Wanna s own style and contribution Essays include exploration of the interface between academia and practice including from the perspective of practitioners The authors of the essays in this volume include eminent Australian and international scholars of public administration experienced public service practitioners and younger scholars influenced by John Wanna

Routledge Handbook of Political Marketing

Jennifer Lees-Marshment,2012-03-12 With the Obama campaign universally acknowledged as the most successfully marketed presidential campaign of all time the future of political marketing is fiercely contested provoking a wealth of high quality scholarship from across the globe This work provides an accessible introduction to the field international in both content and authorship which will set the direction of future research Routledge Handbook of Political Marketing contains cutting edge contributions written by academic experts and informed practitioners but will also have a cohesive structure containing emerging areas and authors alongside established ones The handbook addresses the practicalities as well as the broader impact of political marketing on politics including its role in the changing relationship between political leaders parties and voters With each chapter providing a comparative and carefully structured discussion of a key topic the handbook examines issues within the following broad themes Understanding the market gathering ideas and debate Product development branding and strategy Internal Marketing Communicating and connecting with the public Government Marketing delivery policy and leadership With each chapter written to a common template presenting new research and contemporary case studies the handbook combines a succinct presentation of the latest research with an accessible and systematic format that will be of great interest to scholars and practitioners alike

Social Democracy After the Cold War Ingo Schmidt,Bryan

Evans,2012 Despite the market triumphalism that greeted the end of the ColdWar the collapse of the Soviet empire seemed initially to herald newpossibilities for social democracy In the 1990s with a new era ofpeace and economic prosperity apparently imminent people discontentedwith the realities of global capitalism swept social democrats intopower in many Western countries The resurgence was however brief Neither the recurring economic crises of the 2000s nor the ongoing Waron Terror was conducive to social democracy which soon gave way to a prolonged decline in countries where social democrats had once heldpower Arguing that neither globalization nor demographic change waskey to the failure of social democracy the contributors to this volumeanalyze the rise and decline of Third Way social democracy and seek tolay the groundwork for the reformulation of progressive classpolitics Offering a comparative look at social democratic experience sincethe Cold War the volume examines countries where social democracy haslong been an influential political force Sweden Germany Britain and Australia while also considering the history ofCanada s NDP and the emergence of New Left parties in Germany andthe province of Qu bec The case studies point to a social democracythat has confirmed its rupture with the postwar order and its role asthe primary political representative of workingclass interests Oncemarked by redistributive and

egalitarian policy perspectives socialdemocracy has the book argues assumed a new role that of amodernizing force
advancing the neoliberal cause *Confronting Dystopia* Eva Paus,2018-06-15 No detailed description available for
