Invisible Digital Aylish Wood,2024-01-11 Invisible Digital helps us makes sense of something we cannot see by presenting an innovative approach to digital images and digital culture At its heart is a novel method for exploring software used in the creation of moving images as markers of converging cultural organizational and technological influences The three main case studies of Invisible Digital are the animated feature Moana 2016 and the computer games No Man s Sky 2016 and Everything 2017 All three were created using procedural techniques simulation software for Moana and procedural content generation for No Man s Sky and Everything Production culture disclosures associated with procedural techniques often emphasize the influences of automated systems and their algorithms making them ideal for a study that interrogates digital processes The approach of Invisible Digital is informed by relational theories and the concept of entanglement based on materialist perspectives combined with insights from work that more explicitly interrogates algorithms and algorithmic culture Aylish Wood employs the notion of assemblages to introduce the concept of material cultural narratives Using this conceptual framework she draws out material cultural narratives for each case study to demonstrate what they reveal about software and digital culture These analyses of software provide a widely applicable method through which moving image

studies can contribute more fully to the wider and growing debates about algorithmic culture The Hill Is Mine Maurice Walsh,2024-03-12T00:00:00Z Here once more is the Walsh of The Small Dark Man and The Road to Nowhere Stephen Wayne of Montana and Renny Alpin of the Highlands of Scotland hatch a plot at the Algonquin bar and the following holidays find Wayne carrying out his part of the agreement by turning up to view the croft he has inherited from his Scotch grandmother Straightway he becomes involved romantically with every pretty girl that crosses his path and adventurously speaking with the poaching activities of his caretaker one Farquar and with the manoeuvres to keep the old Laird from revealing his encroaching madness to the outside world Coincidence and circumstances cross wires and Wayne has an adventurous holiday withal Grand entertainment a good story against the background of the Highlands as Walsh can so hauntingly portray them **Automotive Industries** ,1914 **Motor Age** ,1920 **The Black Closet:Vol 1: Mynd Fyck**
