other story if you're trying to get the most pleasure. We're all unique individuals and so the way we get the most out of sex is slightly different for each of us. So in order to engage in sex that maximizes pleasure, some guidelines are necessary. That's especially true if one or both partners have a special need of some sort which is not uncommon. Also, every couple changes over time and if you're not familiar with the approaching speed bumps, they can turn into barriers. And you shouldn't fight change, she says; you should embrace it. Change can help push boredom aside provided you're prepared and willing to head off in the right direction. In this wise book, the beloved sex therapist boils down her life teaching to ten basic secrets including: Make Sex a Priority, Know Yourself, Know Your Partner, Know the Kama Sutra, Kick Boredom out of the Bedroom, Remember the Romance, Afterplay is as Important as Foreplay, Improve Communication, Prepare for the Changes that Lie Ahead, and others. Once you have a good grasp of these rules, she concludes, you'll be free to improvise the only way you'll keep finding the pleasure that terrific sex can bring.

Better Than Ever Bernie Zilbergeld, George Zilbergeld, 2004. Is it better than ever? Now that the children have grown and there's more time on your hands as a couple, are you finding that the love and intimacy has gone from your life? It is a fact that as we mature, our sexual drives mature as well, but it is also a fact that while you may slow down and your lovemaking may be different than it was in your youth, that doesn't mean that the quality has to be lower or your pleasure less. In this honest yet light-hearted volume, replete with delightful stories and anecdotes that present a variety of tools and techniques to help us all develop the kind of openness we desire, Bernie Zilbergeld, well-known sex therapist and author of the widely quoted *The New Male Sexuality*, draws on his many years of clinical and life experience. He explains why we should be enjoying our lovemaking and our intimacy even more than ever and certainly better than ever. Although it's true you are probably going to get to know your doctor much better as you grow older and probably your pharmacist as well, Dr. Zilbergeld shows how all of us can choose whether we are either going to be Lovers in our life or Non-Lovers. Meticulously researched based on 145 interviews with men and women ages 45 to 87, Dr. Zilbergeld presents evidence that a good number of men and women are having great sex in both their long and short-term relationships. He shows you how you can learn from the Lovers who are the relationship experts among us. Read this book and you will go away knowing that your love life and your intimate relationships can be just as strong today as 10, 20, or even 30 years ago. You will learn about the myths and realities about sex and aging, normal physical changes in men and women, Lovers and Non-Lovers, where do you fit in, problem solving and what's health got to do with it, medications and their uses, how to talk sexy at any age. Don't just complain about your love life; get started today to make it better than ever.
