Zenetou,2013-04-15 Surveying over thirty different positions in the museum profession this is the essential guide for anyone considering entering the field or a career change within it From exhibition designer to shop manager this comprehensive survey views the latest trends in museum work and the broad ranging technological advances that have been made For any professional in the field this is a crucially useful book for how to prepare look for and find jobs in the museum profession *Cracks in the Dome: Fractured Histories of Empire in the Zanzibar Museum, 1897-1964* Sarah Longair,2016-03-09 As one of the most monumental and recognisable landmarks from Zanzibar s years as a British Protectorate the distinctive domed building of the Zanzibar Museum also known as the Beit al Amani or Peace Memorial Museum is widely known and familiar to Zanzibaris and visitors alike Yet the complicated and compelling history behind its construction and collection has been overlooked by historians until now Drawing on a rich and wide range of hitherto unexplored archival photographic architectural and material evidence this book is the first serious investigation of this remarkable institution Although the museum was not opened until 1925 this book traces the longer history of colonial display which culminated in the establishment of the Zanzibar Museum It reveals the complexity of colonial knowledge production in the changing political context of the twentieth century British Empire and explores the broad spectrum of people from diverse communities who shaped its existence as staff informants collectors and teachers

Through vivid narratives involving people objects and exhibits this book exposes the fractures contradictions and tensions in creating and maintaining a colonial museum and casts light on the conflicted character of the colonial mission in eastern Africa

Museum, Media, Message Eilean Hooper-Greenhill, 2013-03-07 Collecting together a group of talented writers Museum Media Message considers in depth the most up to date approaches to museum communication including museums as media museums and audience and the evaluation of museums Addressing the need for museums to develop better knowledge of visitor experience this volume introduces a broad range of issues and presents the ultimate how why and who of museum communication Museum Media Message combines philosophical discussion practical examples and case studies and examines museum communication in three sections analyzing how museums and galleries construct and transmit complex systems of value through processes of collection and exhibition raising philosophical and management issues and exploration of work with specific audiences introducing methods for studying the audiences experiences of communication events in museums Perfect for people who want to develop a more critical and informed professional museum practice and for students looking to enhance their skills of analysis and reflection this book is of value to anyone interested in the current debates and issues of this new and growing field

Collecting and Exhibiting Computer-Based Technology Petrina Foti, 2018-11-05 Computer technology has transformed modern society yet curators wishing to reflect those changes face difficult challenges in terms of both collecting and exhibiting Collecting and Exhibiting Computer Based Technology examines how curators at the history and technology museums of the Smithsonian Institution have met these challenges Focusing on the curatorial process the book explores the ways in which curators at the institution have approached the accession and display of technological artifacts Such collections often have comparatively few precedents and can pose unique dilemmas In analysing the Smithsonian s approach Foti takes in diverse collection case studies ranging from DNA analyzers to Herbie Hancock s music synthesizers from iPods to born digital photographs from the laptop used during the filming of the television program Sex and the City to Stanley the self driving car Using her proposed model of expert curation she synthesizes her findings into a more universal framework for understanding the curatorial methods associated with computer technology and reflects on what it means to be a curator in a postdigital world Collecting and Exhibiting Computer Based Technology offers a detailed analysis of curatorial practice in a relatively new field that is set to grow exponentially It will be useful reading for curators scholars and students alike

Museum Provision and Professionalism Gaynor Kavanagh, 2005-06-20 Museums are public places where objects images and memories are kept and shared They exist in infinite variety and contradiction They can be places of great excitement and great boredom sharply insightful and hopelessly bland Museums are anything that the political climate and the imagination allows them to be No two museums are the same The papers which make up this volume give ample evidence of the variety of views that exist about museums They also demonstrate that museums and museum professionals are moving forward with energy and conviction This volume will be

invaluable to students and museum professionals and will provoke them to consider museum provision and professionalism in all their forms

Behind the Scenes at the Science Museum Sharon Macdonald, 2020-05-21 What goes on behind closed doors at museums How are decisions about exhibitions made and who or what really makes them Why are certain objects and styles of display chosen whilst others are rejected and what factors influence how museum exhibitions are produced and experienced This book answers these searching questions by giving a privileged look behind the scenes at the Science Museum in London By tracking the history of a particular exhibition Macdonald takes the reader into the world of the museum curator and shows in vivid detail how exhibitions are created and how public culture is produced She reveals why exhibitions do not always reflect their makers original intentions and why visitors take home particular interpretations Beyond this local context however the book also provides broad and far reaching insights into how national and global political shifts influence the creation of public knowledge through exhibitions

A Bibliography of Museum Studies Simon J. Knell, 2016-12-05 A comprehensive bibliographic reference for students and others wishing to investigate the contemporary literature on museums and collections The references are systematically arranged into sections including collections management communication and exhibitions museum education material culture the museums profession and museum management Compiled from the research and teaching materials of the Department of Museum Studies at the University of Leicester it provides an essential resource for anyone studying or working in museums Containing more than 4 000 references this new bibliography provides ready access to the literature whether you are developing a disaster plan or visitor survey or studying the history of museum education

Museums and the First World War Gaynor Kavanagh, 2014-05-15 The book is concerned with how during four demanding dislocating and world changing years that most Victorian of institutions the museum was forced or prompted to meet the extraordinary test of war on the home front Museums were no more immune from the pressures of war than any other institution and the changes in museums during this period some long term others transitory do much to explain the nature and character of museums in Britain today Their history reveals and reflects the broader history of the home front and the willing stumbling confused efforts to do the right thing at the right time They were far away from the fighting the despair and degradation of the battlefields But they were in some measure not only close to but part of a society carrying both its fears and expectations for those operating in a war which disassembled all their lives The discussion covers the progress of museums from just before the advent of war in August 1914 to the immediate post war period 1920 although this is set in the context of museum developments before and after this span of time Museums are considered in relation to the tensions and prevalent conditions of this period Further the nature and effect of the experience of them and the public services they provide in both the long and short term are examined

Museum Volunteers Sinclair Goodlad, Stephanie McIvor, 2005-08-08 Museum Volunteers is a practical handbook on the use of volunteers as interpreters within museums Drawing on key examples of outstanding practice from the UK and North America

this book forms a unique resource on volunteerism This book reviews research on the changing priorities of museums examines a form of volunteering that has provided benefits to all participants in an activity similar to museum interpretation student tutoring describes and analyses the strengths of five exceptional volunteer programmes in Canada and the USA reports the finding of five volunteer programmes set up and managed by the authors in the Science Museum London examines the development process of the pilot studies and the consequent establishment of a permanent volunteer programme in the Science Museum London discusses the mutual benefits that volunteer programmes can bring to museums and volunteers offers suggestions on the practical day to day management and administration of volunteers This book is essential reading for anyone involved with the management and administration of a museum or is thinking of offering their services to a museum as a volunteer

Curating empire Sarah Longair, John McAleer, 2017-02-01 *Curating empire* explores the diverse roles played by museums and their curators in moulding and representing the British imperial experience This collection demonstrates how individuals their curatorial practices and intellectual and political agendas influenced the development of a variety of museums across the globe Taken together these contributions suggest that museums are not just sites for accessing history but need to be considered as historical sites of significance in themselves Individual essays examine the work of curators in museums in Britain and the colonies the historical display and interpretation of empire in Britain and the establishment of museum networks in the British imperial context *Curating empire* sheds new light on the relationship between museums as repositories for objects and cultural institutions for conveying knowledge and the politics of culture and the formation of identities throughout the British Empire

Marketing the Museum Fiona Mclean, 2012-12-06 *Marketing the Museum* is the ideal guide to the ways in which museums can overcome the numerous hurdles on the route to truly achieving a marketing orientation The history of the museum is one of shifting purposes and changing ideals and this volume asks if it is possible to define the product which the modern museum can offer This book explores the crucial question Are the theories of marketing developed for manufactured goods in any way relevant to the experience of visiting a museum In covering one of the most highly disputed issues in the field this book is essential reading for museum professionals students and anyone who has dealing in the many branches of the heritage industry around the world
