New England Fishery Issues United States; Congress; Senat Commerce,2015-08-05 Excerpt from New England Fishery Issues Hearing Before the Committee on Commerce Science and Transportation United States Senate One Hundred Third Congress Second Session July 30 1994 The committee met pursuant to notice at 9 30 a m at Durant Sail Loft 1 Merrill s Wharf New Bedford MA Senator John Kerry Vice Chairman of the National Ocean Policy Study presiding Staff members assigned to this hearing Penelope D Dalton senior professional staff member and John A Moran minority staff counsel Opening Statement Of Senator Kerry Senator Kerry This field hearing of the National Ocean Policy Study of the Commerce Committee is officially called to order I want to thank everybody for coming out on a Saturday morning when you obviously have a lot of pressures on you and other things you could be doing and some of you obviously could be fishing So I am very appreciative of your being here to take time to discuss the plight of the fishing industry Let me tell you what I would like to do We want to have a roundtable discussion We do not want to have a lot of formal testimony with people talking on and on We would like to have a short introductory comment by each of the participants with as much time for discussion as possible Then after a certain period of time with the participants here I intend to open it up for some questions or thoughts from the public and that way I think we will all learn a lot more and you will feel that this has really been a sharing experience rather than just someone pontificating at you or talking past you I know there are a lot of emotions that are even at a higher pitch today than normal on this issue Many of you have been in this very room with me before and we have talked about fishing issues There are some existing trends within the fishing industry that I did not create and that I do not think any of the panelists here created but which we have to deal with So I ask you in the course of the discussion to remember that we all share the emotion about what is happening and I hope that we can keep the discussion completely civil and hopefully as productive as possible Before I make a couple of introductory comments let me introduce the members of the panel so everybody understands who is here and I particularly am grateful to them for coming About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving
