Commercial and Military Uses of Outer Space Melissa de Zwart,Stacey Henderson,2021-02-25 This edited book brings together a diverse range of chapters on space related topics The authors included in this book are drawn from Australia and overseas from academia government industry civil society and the military This book contains chapters that cover topics such

as law science archaeology defence policy and more all with a focus on space This edited collection is a timely international and interdisciplinary book which addresses some of the contemporary issues facing activities in space and those attempting to understand use and regulate the space domain This edited book seeks to normalise the role of women as experts in the space sector by not calling attention to the fact that all the authors are women they are all experts in their respective fields who just happen to be women Bringing together these contributions in this book in turn promotes the inclusion of diversity in the space sector This edited collection is an opportunity to influence the development of the space industry in terms of gender diversity and diversity of disciplines and thinking while it is in its formative stage rather than trying to redress imbalances once they are entrenched in the industry

Achieving Success for New and Aspiring Superintendents

Mary Frances Callan, William Levinson, 2011 The authors of this book wrote it for those aspiring to be superintendents those new to the position and those completing their second or third year and who are looking to the future What makes their approach unique is the belief that talented people who aspire to be superintendents are far more likely to accomplish that goal and achieve success on the job if they understand the totality of the position School districts are complex organizations Providing effective leadership to these organizations requires mastery of a wide array of leadership and organizational skills Aspiring superintendents with vision and motivation who understand the inherent challenges of the position have a great advantage over those who do not The book's goal is to provide readers with this advantage This is why the book covers the full cycle of the first superintendent position preparation application and transition the challenges of the first few years and the decision to stay or move to another position Aspiring and new superintendents who read the book will learn about the full range of skills and knowledge needed to succeed They will be better prepared to be effective superintendents
