**New France and New England** John Fiske, 1902      New England and New France James Douglas, 1913      **New France and New England** John Fiske, 2015-06-17 Excerpt from *New France and New England* I hope to have it ready in about two years from now This preface bears the date of Mayday 1899 It will be seen that *New France and New England* completes the story of the settlement and development of the colonies up to the point where Mr Fiske's American Revolution has already taken up the narrative It therefore gives a final unity to the sequence of remarkable volumes which he has devoted to American history The lamented death of the brilliant author prevented him from giving the final touches to his work Most of the material for it was delivered as lectures before the Lowell Institute during the last winter of his life but only the first two chapters received his definite revision for the press The third chapter was unfinished but has been completed by a few pages enclosed in brackets and prepared in accordance with Mr Fiske's own memoranda indicating what incidents he proposed to include in the remaining paragraphs The other chapters were in the form of carefully prepared lectures but were not equipped with the side notes and annotations calling attention to authorities such as Mr Fiske supplied freely in his *Discovery of America* and other volumes About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      *New France and New England* John Fiske, 2006-12      **New England and New France - Contrasts and Parallels in Colonial History** James Douglas, 2010-04 Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive We are republishing these classic works in affordable high quality modern editions using the original text and artwork      **Historical Works ...: New France and New England** John Fiske, 1902      **Count Frontenac and New France Under Louis XIV** Francis Parkman, 1901-01-01      New France: The Founders 1608-1700 Les Wood Tutor, Leslie Wood,      The People of New France Allan Greer, 1997-01-01 A brief overview of French colonial society before the British conquest of 1759-60 The primary focus is on what is now called Quebec but there are also chapters on Louisiana and the West as well as on the Atlantic colonies of Acadia and Ile Royal      *The Conquest of New France: A Chronicle of the Colonial Wars* George McKinnon Wrong, 1918-01-01      **New France Part II: The Rise and Fall 1700-1775 Grades 7-8** Les Wood Tutor, Leslie Wood,      **Raiders from New France** René Chartrand, 2019-11-28 Though the French and British colonies in North America began on a level playing field French political conservatism and limited investment allowed the British colonies to forge ahead pushing into territories that the French had explored deeply but failed to exploit The subsequent

survival of New France can largely be attributed to an intelligent doctrine of raiding warfare developed by imaginative French officers through close contact with Indian tribes and Canadian settlers The ground breaking new research explored in this study indicates that far from the ad hoc opportunism these raids seemed to represent they were in fact the result of a deliberate plan to overcome numerical weakness by exploiting the potential of mixed parties of French soldiers Canadian backwoodsmen and allied Indian warriors Supported by contemporary accounts from period documents and newly explored historical records this study explores the hit and run raids which kept New Englanders tied to a defensive position and ensured the continued existence of the French colonies until their eventual cession in 1763
