DeSombre,2017-02-10 Global Environmental Institutions continues to provide the most accessible and succinct overview of the major global institutions

attempting to protect the natural environment Fully updated throughout to reflect the latest environmental issues the second edition includes substantial new material on developments in international agreements and how institutional mechanisms have evolved in the past 10 years including the creation of the new Sustainable Development Goals the Minamata Convention on Mercury and the Paris Agreement on Climate Change This second edition maintains the clear structure of the first edition examining the underlying causes of global environmental problems the creation of global environmental institutions the effectiveness of action undertaken by these institutions Providing an overview of the United Nations Environment Programme and the other entities within the UN that play important roles in global environmental governance it also examines institutions clustered by issue area introducing institutions that focus on protecting endangered species and biodiversity govern the ocean environment focusing on the atmosphere and regulate the transboundary movement of hazardous substances Concluding with an updated chapter on emerging issues and future directions drawing on the latest scholarship in the field and written by an acknowledged expert in the field Global Environmental Institutions is essential reading for students of environmental politics and international organizations Oppenheim's International Law: United Nations Rosalyn Higgins, Philippa Webb, Dapo Akande, Sandesh Sivakumaran, James Sloan, 2017-10-12 The United Nations whose specialized agencies were the subject of an Appendix to the 1958 edition of Oppenheim's International Law Peace has expanded beyond all recognition since its founding in 1945 This volume represents a study that is entirely new but prepared in the way that has become so familiar over succeeding editions of Oppenheim An authoritative and comprehensive study of the United Nations legal practice this volume covers the formal structures of the UN as it has expanded over the years and all that this complex organization does All substantive issues are addressed in separate sections including among others the responsibilities of the UN financing immunities human rights preventing armed conflicts and peacekeeping and judicial matters In examining the evolving structures and ever expanding work of the United Nations this volume follows the long held tradition of Oppenheim by presenting facts uncoloured by personal opinion in a succinct text that also offers in the footnotes a wealth of information and ideas to be explored It is book that while making all necessary reference to the Charter the Statute of the International Court of Justice and other legal instruments tells of the realities of the legal issues as they arise in the day to day practice of the United Nations Missions to the UN Ministries of Foreign Affairs practitioners of international law academics and students will all find this book to be vital in their understanding of the workings of the legal practice of the UN Research for this publication was made possible by The Balzan Prize which was awarded to Rosalyn Higgins in 2007 by the International Balzan Foundation *The Peacekeeping Economy* Lloyd J. Dumas, 2011-09-20 DIVThe idea that military strength is virtually synonymous with security is deeply entrenched and widely held But while the threat or use of military force may sometimes be necessary it cannot keep us as safe as we would be by building relationships that replace hostility with a sense of mutual purpose and mutual gain Economic relationships says Lloyd J Dumas can offer a far

more effective and far less costly means of maintaining security After defining the right kind of economic relationship one that is balanced and nonexploitative emphasizes development and minimizes environmental damage Dumas then addresses some practical concerns in establishing and maintaining these relationships He also considers the practical problems of the transition from military based security arrangements to economic peacekeeping and the effects of demilitarized security on economic development and prosperity div Special Bibliography Series ,1957 **Sponsoring Nature** Maano

Ramutsindela,Marja Spierenburg,Harry Wels,2013-11-05 Saving the world s flora and fauna especially high profile examples such as chimpanzees whales and the tropical rain forests is big business Individuals and companies channel their resources to the preservation of nature through various ways one of which is the funding of environmental non governmental organizations ENGOs and community based organizations CBOs This book is the first to comprehensively address this issue and focus on a dominant theme in environmental philanthropy the links between ENGOs and CBOs and their sponsors especially the private sector It has been argued that donor support is based on recipient s perceived expertise and needs with no favouritism of flagship environmental organizations as recipients of donor funds A counterview holds that the private sector prefers to fund mainstream ENGOs for environmental research and policy reforms congenial to industrial capital The authors show that the debate about these arguments together with the empirical evidence on which they are based may shed light on certain aspects of the nature of environmental philanthropy The book evaluates practical examples of environmental philanthropy from Africa and elsewhere against philosophical questions about the material and geographical expressions of philanthropy and the North South connections among philanthropists and ENGOs and CBOs
