New Hampshire 1742 Estate List:

New Hampshire 1742 Estate List Pauline Johnson Oesterlin, 1994 This handy volume provides data on the heads of households and helps to span the gap between the 1732 enumeration and the Association Test Lists of 1776 The enumeration lists by name only polls and omits all mention of women and children except the occasional reference to widow The good news is that it provides some detailed statistical data on the number of houses owned the amount and types of land owned and on the types of livestock owned by each head of household

Darkness Falls on the Land of Light Douglas L. Winiarski, 2017-02-09 This sweeping history of popular religion in eighteenth century New England examines the experiences of ordinary people living through extraordinary times Drawing on an unprecedented quantity of letters diaries and testimonies Douglas Winiarski recovers the pervasive and vigorous lay piety of the early eighteenth century George Whitefield's preaching tour of 1740 called into question the fundamental assumptions of this thriving religious culture Incited by Whitefield and fascinated by miraculous gifts of the Holy Spirit visions bodily fits and sudden conversions countless New Englanders broke ranks with family neighbors and ministers who dismissed their religious experiences as delusive enthusiasm These new converts the progenitors of today's evangelical movement bitterly assaulted the Congregational establishment The 1740s and 1750s were the dark night of the New England soul as men and women groped toward a restructured religious order Conflict transformed inclusive parishes into exclusive networks of combative spiritual seekers Then as now evangelicalism emboldened ordinary people to question traditional authorities Their challenge shattered whole communities

Hillsborough County, New Hampshire Court Records, 1772-1799 Pauline Johnson Oesterlin, 1996 More than 8 000 Hillsborough County court records spanning 1772 to 1799 have been abstracted for this index The data are important not only for purposes of genealogical research and as a history of litigation but also for the picture of the New England community and its trades and commerce which these records provide The book is divided into several sections Individuals Institutions and Other Assorted Records and Warnings Out within each records have been abstracted in index form alphabetically by plaintiff name The order of elements within these records is plaintiff's name occupation title and residence defendant's name occupation title and residence document date date of

recording cause of action file number a reference to the original archive and notations Not all records contain all this information In some cases when the record is of a judgment or court order there is no plaintiff thus the indexed name is the first or only name given The introductory material includes a brief glossary of titles occupations and legal processes to aid researchers unfamiliar with these terms and the last section of the book is an index of buried surnames The publication of this index will only enhance the accessibility of these court records and hence their value An index to buried names gives access to those people associated with the primary alphabetized individual
