International Politics and National Political Regimes Peter Burnell, Oliver Schlumberger, 2014-06-11 There is much speculation about whether democracy is still advancing around the world and the influence that leading authoritarian or semi authoritarian regimes such as Russia are starting to have on the trends This collection assesses global trends in democratisation reviews the condition of international democracy promotion and enquires into whether serious competition in the form of autocracy promotion is now a major possibility The influence of international politics on national political regimes is explored in more detail for Russia s resistance to democracy promotion and Russian influence on regimes in Central Asia in particular along with an Indian perspective on India s reluctance to push for democracy abroad and concerns that democracy promotion itself should be considered more critically if it undermines democratisation in foreign aid dependent states The book concludes by briefly addressing the potential significance of the 2011 Arab spring for these

themes This book was published as a special issue of Contemporary Politics *India's Grand Strategy and Foreign Policy* Bernhard Beitzelmair-Berini, 2021-07-15 The book explores the competing grand strategic worldviews shaping India's foreign and security policies by analyzing the interaction between normative modern international relations theories and vernacular concepts of statecraft and strategy To assess the diverse competing ideas which characterize India's debates on grand strategy and foreign policy the author presents the subculture cleavage model of grand strategic thought This innovative analytical framework reveals the complexities of India's strategic pluralism and offers the building blocks for a systematic analysis of grand strategy formation The book demonstrates that the strategic paradigms or strategic subcultures are marked by contending ideas of Indian statehood and civilization held by policymakers and the informed public and are a result of ideology driven perceptions of the country's strategic environment The author argues that the apparent hybridization and stretching of modern and traditional concepts of international relations in India has become a widespread feature of Indian foreign policy to meet the needs of state formation and nation building A unique approach to organizing and understanding the debates and discourse in Indian strategic thinking the book will be of interest to specialists and students in the field of International Relations political theory South Asian Studies and India's foreign and security policy Islamist Militancy in Bangladesh Ali Riaz, 2012-08-21 In an unprecedented show of force organization and skill two proscribed Islamist militant organizations exploded more than 450 bombs within a span of less than an hour throughout Bangladesh on 17 August 2005 sending a strong message that they were a force to be reckoned with This catastrophic event followed by a number of suicide attacks forced the then reluctant Bangladeshi government a coalition of center right parties with two Islamists among them to acknowledge the existence of a network of militants and take action against this threat Against this backdrop this book is the first academic study on the growing Islamist militancy in Bangladesh It examines the relevance significance and trajectories of militant Islamist groups in Bangladesh exploring the complex web of domestic regional and international events and dynamics that have both engendered and strengthened Islamist militancy in Bangladesh The three factors domestic regional and international aspects are each discussed separately and their connection and links are analyzed It goes on to consider possible future trajectories of militant Islamism in Bangladesh This book addresses an issue of great importance for contemporary Bangladeshi politics and will be of interest to scholars of international politics and security studies including terrorism and the politics of South Asia **The Politics of Nuclear Weapons in South Asia** Dr Bhumitra Chakma, 2013-04-28 An important and critical re evaluation of South Asia's post tests nuclear politics in contrast to other books this volume emphasises the political dimension of South Asia's nuclear weapons explains how the bombs are used as politico strategic assets rather than pure battlefield weapons and how India and Pakistan utilise them for politico strategic purposes in an extremely complex and competitive South Asian strategic landscape Written by a group of perceptive observers of South Asia this volume evaluates the current state of Indo Pakistani nuclear deterrents the challenges that the

culminates with the developments of the COVID 19 period The great power shift marked by the rise of China and the relative decline of the US poses a serious challenge to the balance of power in the Indo Pacific region and the world order in general Ironically the play of realism in the region is stymied by broad partnerships of key countries that utilise the liberal approaches of cooperation with both rivals the US and China The book captures the mosaic of stakeholders rivals the US and China along with Russia other QUAD members Australia India and Japan key ASEAN members Indonesia Malaysia Singapore and Vietnam vulnerable states in East Asia viz Taiwan and South Korea and groupings including the ASEAN and QUAD that constitute the new world politics of the Indo Pacific The volume will be of great interest to scholars and researchers of Indo Pacific studies global politics and international relations **The New Cold War and the Remaking of Regions** T.V.

Paul,Markus Kornprobst,2025-07-01 A compelling examination of how secondary states are preserving their strategic autonomy and are resisting spheres of influence Russia s invasion of Ukraine and the deteriorating United States China relationship signify the onset of the New Cold War Unlike the original Cold War this competition is multipolar and multiplex with secondary powers small states and even nonstate actors pragmatically selecting which of their interests intersect with those of the great powers The New Cold War and the Remaking of Regions contends that multiplexity and multipolarity have important repercussions for the world s regional orders Contributors to the book address the New Cold War and regional ordering processes from realist liberal and constructivist perspectives They demonstrate how variable regional dynamics will lead either to peaceful change or conflict This volume is part of a new wave of scholarship that expands the focus of international relations beyond great powers and recognizes the increasing agency that other states have gained in the twenty first century world order **APAIS 1992: Australian public affairs information service , APAIS 1991: Australian public affairs information service ,**
