*Scandal of Evangelicals and Homosexuality* Mark Vasey-Saunders, 2016-03-09 English evangelicals give the appearance of being a community at war with each other and with the world around them The issue of homosexuality is one of the key battlegrounds How has this issue become so significant to evangelicals Why is it provoking such violent responses How is it changing evangelicals and what might this mean for the future This book examines the history of evangelical responses to the issue of homosexuality setting them in a wider historical and cultural context and drawing on the work of Rene Girard to argue that the issue of homosexuality has come to symbolise deeply held convictions within evangelicalism The conflict over the issue that is now becoming apparent within evangelicalism reveals deep divisions within the evangelical community that will have great significance for the future *The Scandal of Evangelicals and Homosexuality* offers an alternative perspective seeking not to present an answer to the ethical question but rather to examine the way the debate has become scandalised and consider the cost It offers a window into contemporary English evangelicalism and provides an important contribution to international and ecumenical debate **ThirdWay** , 1999-05 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture **ThirdWay** , 1999-02 Monthly current affairs magazine from a

 Samuel Waje Kunhiyop, 2019-04-09 An introduction to African Christian ethics for Christian colleges and Bible schools African Christian Ethics is divided into two main parts The first deals with the theory of ethics while the second discusses practical issues The issues are grouped into the following six sections Socio Political Issues Financial Issues Marriage Issues Sexual Issues Medical Issues Religious Issues Each of these six section begins with a brief general introduction followed by the chapters dealing with specific issues in that area Each chapter begins with an introduction discusses traditional African thinking on the issue presents an analysis of relevant biblical material and concludes with some recommendations There are questions at the end of each chapter for discussion or personal reflection often asking students to reflect on how the discussion in the chapter applies to their ministry situation      Good Pastors, Bad Pastors  
 Dela Quampah, 2014-08-20 The emergence of Pentecostalism in Ghana has attracted a massive following and generated institutions that have significantly impacted Christian discourse and national life The movement has produced prominent leaders who have developed exemplary Christian education programs and generated volumes of Christian literature unprecedented in Ghanaian Christianity Nevertheless public opinion often upbraids church leaders for unethical conduct Despite the concern for high moral standards set by Pentecostal church polity and ministerial ethical codes reports of Pentecostal ministerial misconduct appear regularly in the media Although congregation members and perceptive public observers appreciate the constructive moral impact of Pentecostal ministers instances of promiscuity power abuse financial misappropriation and superstition reveal a gap between ethical ideals and practice As this research reveals factors behind unethical ministerial conduct include inadequate training poor accountability and a general low level of ethical reflection Good Pastors Bad Pastors suggests that a multidimensional approach of responsible reportage emphatic moral education

appropriate but sympathetic response to moral failure and peer review accountability could help uphold a higher standard of ministerial ethics

*Christian Theology* Adam Harwood, 2022-10-19 The church has been entrusted with God's revelation and to steward the word of truth we must confess the Bible's teaching with clarity and conviction Adam Harwood's *Christian Theology* is both biblically faithful and historically informed providing a fresh synthesis of the essential doctrines of the faith Writing from a Baptist perspective Harwood brings fresh insights that many systematic theologies lack With readable prose suggestions for further study and discussion questions *Christian Theology* will equip students and pastors to clarify and articulate what they believe and why

*Re-Visioning African Pentecostal-Charismatic Ecclesiology in the Public Sphere* Christian Tsekpoe, Lord Elorm Donkor, 2024-09-05 Despite the current impressive numerical growth of Pentecostal Charismatic Christianity in Africa there remain some concerns about the extent to which the church is making the desired impact in the public space As the church grows numerically the African continent is ironically plagued with many regrettable stories of corruption bad governance sexual abuse gender discrimination and perversion environmental degradation robbery economic crisis leading to poverty and hunger wars and other social vices This paradoxical increase in vices alongside the demographic growth of the Christian population on the continent has caused many to question the social impact of African Christianity *Re-Visioning African Pentecostal Charismatic Ecclesiology in the Public Sphere* is a response to these observations The contributors to this volume who are made up of seasoned academics theological educators and missiologists and mission practitioners have engaged the subject from multidisciplinary perspectives highlighting significant contributions of African Pentecostalism while pointing out critical areas for urgent attention The volume is intended to stimulate conversations around the church's

mandate of influencing the public sphere as an agent of social transformation      **Faith and Law** Robert F. Cochran,2008

The relationship between religion and the law is a hot button topic in America with the courts Congress journalists and others engaging in animated debates on what influence if any the former should have on the latter Many of these discussions are dominated by the legal perspective which views religion as a threat to the law it is rare to hear how various religions in America view American law even though most religions have distinct views on law In Faith and Law legal scholars from sixteen different religious traditions contend that religious discourse has an important function in the making practice and adjudication of American law not least because our laws rest upon a framework of religious values The book includes faiths that have traditionally had an impact on American law as well as new immigrant faiths that are likely to have a growing influence Each contributor describes how his or her tradition views law and addresses one legal issue from that perspective Topics include abortion gay rights euthanasia immigrant rights and blasphemy and free speech      *Finding Our Voice* Neil Glover,2024-04-30 Beneath all the anxieties about church decline and strategies to reverse that this book speaks to a problem that has not been addressed why is it that mainstream churches Anglican Methodist Baptist and Presbyterian have been particularly affected by the secular age And how might they be renewed It argues that these churches need to focus less on restructuring and closures and instead recover a sense of authenticity in the gospel they believe in their vision of human flourishing their diversity their passion for justice and their unique ability to connect with local communities Too often mainline churches are perceived as worthy but also profoundly unexciting This book explores the centuries old roots of this perceived boredom and how the church can more often become a place of inspiration and of encounter with God Finding Our Voice calls on all kinds of resources that can help refresh the church s self expression in engagement with the scriptures with art music and poetry in searching for a better language that remains true to the church s core identity and resonates with contemporary culture      **Christianity and Natural Law** Norman Doe,2017-07-20 Historically natural law has played a pivotal role in Christian approaches to the law and a contested role in legal philosophy generally However comparative study of natural law across global Christian traditions is largely neglected This book provides not only the history of natural law ideas across mainstream Christian traditions worldwide but also an ecumenical comparison of the contemporary natural law positions of different traditions Its focus is not solely theoretical it tests the practical utility of natural law by exploring its use in the legal systems of the churches studied Alongside analysis of the assumptions underlying the concept it also proposes a jurisprudence of Christian law itself With chapters written by distinguished lawyers and theologians across the world this book is designed for those studying and teaching law or theology those who practice and study ecumenism and those involved in the practice of church law      **Ethical Issues in Six Religious Traditions** Peggy Morgan,2007-02-16 How do Hindus view euthanasia Is there a Sikh view of advertising Do Jews and Muslims share the same attitude to marriage How do Christian and Buddhist views on the environment differ This book draws together authors respected in six traditions to

explore in parallel the ethical foundations for Hindu Buddhist Sikh Jewish Christian and Muslim faiths Each section introduces a different religion and asks specific topical questions set in a wider context The issues addressed are religious identity and authority the personal and the private marriage and family influences on and use of time money and other personal resources the quality and value of life questions of right and wrong equality and difference conflict and violence and global issues The contributors to this expanded edition are Peggy Morgan Clive Lawton Werner Menski Eleanor Nesbitt Alan Brown and Azim Nanji Additions for this new edition include subsections on reproduction vegetarianism just war and terrorism and African Christian Theology Samuel Waje Kunhiyop, 2023-10-30 God is eternal but the questions we ask about him are always rooted in our own culture Thus our understanding of theology is also rooted in our culture Dr Samuel Kunhiyop is deeply aware of this and so has produced African Christian Theology as a companion book to his African Christian Ethics In this book Dr Kunhiyop addresses many of the same issues mentioned in Western systematic theologies but also addresses issues that are not mentioned in those books including the spirit world ancestors and the power of blessings and curses This book thus constitutes an excellent introduction to systematic theology in relation to the traditional African world view and to the Bible An Ethic of Hospitality Emily Jeptepkeny Choge, 2020-07-30 In our increasingly xenophobic world countries are turning away refugees and immigrants Based on the situation in Kenya this book offers a countercultural ethic of hospitality and welcome to the stranger an ethic fraught with dangers and yet filled with great opportunities for transforming our world Drawing on the scriptural pilgrim motif and specifically on the book of Hebrews this study paints a picture of refugees not only as needy strangers to be herded into camps but as brothers and sisters who bring with them treasures and talents that can enrich our understanding of our Christian identity and mission as pilgrims in the world The hospitality practice seen in Hebrews offers hope and promise not only for refugees themselves but also for the pilgrim church Like the ancient heroes of faith portrayed in Hebrews we too live as pilgrims and aliens who await with hope the city whose architect and founder is God Refugees in fact teach us how to live our pilgrim identity they become teachers not only for the church in Kenya but also for the body of Christ worldwide *Evangelical Dictionary of Theology* Daniel J. Treier, Walter A. Elwell, 2017-11-07 This bestselling reference tool has been a trusted resource for more than 25 years with over 165 000 copies sold Now thoroughly updated and substantially revised to meet the needs of today's students and classrooms it offers cutting edge overviews of key theological topics Readable and reliable this work features new articles on topics of contemporary relevance to world Christianity and freshened articles on enduring theological subjects providing comprehensive A Z coverage for today's theology students The author base reflects the increasing diversity of evangelical scholars Advisory editors include D Jeffrey Bingham Cheryl Bridges Johns John G Stackhouse Jr Tite Ti nou and Kevin J Vanhoozer
