Congress. House. Select Committee on Population, 1978 **Fertility Control — Update and Trends** Thomas Rabe, Benno Runnebaum, 2012-12-06 The name of Benno Runnebaum is closely tied to the status of gynaecological endocrinology and reproductive medicine and so it seemed appropriate to dedicate this conference book entitled Fertility Control to him in recognition of his achievements His clinical and research work is reflected in more than 450 original scientific publications and many young scientists and doctors from home and abroad have received their further clinical and scientific training in his department With this volume we would all like to thank Professor Runnebaum as a mentor and friend for his achievements in the field of gynaecological endocrinology and reproductive medicine World Food Problem Professor Miloslav Rechcigl, 2018-01-10 The aim of this publication is to provide the interested reader with an authoritative and comprehensive up to date bibliography on all important facets of the world food problem encompassing such questions as the availability of natural resources the present and future sources of energy environmental quality population growth world malnutrition the state of food production food consumption patterns future food needs toxicological aspects of food agricultural and industrial aspects of food production and family planning It is the first compilation of its kind in that it covers the subject from a multidisciplinary point of view including publications that deal with the description and analysis of the world food problem as well as those that offer alternative strategies and specific technological measures for alleviating the problem Contraceptive Research and Development Committee on Contraceptive Research and Development, Institute of Medicine, 1996-11-18 The contraceptive revolution of the 1960s and 1970s introduced totally new contraceptive options and launched an era of research and product development Yet by the late 1980s conditions had changed and improvements in contraceptive products while very important in relation to improved oral contraceptives IUDs implants and injectables had become primarily incremental Is it time for a second contraceptive revolution and how might it happen Contraceptive Research and Development explores the frontiers of science where the contraceptives of the future are likely to be found and lays out criteria for deciding where to make the next R D investments The book comprehensively examines today's contraceptive needs identifies niches in those needs that seem most readily translatable into market terms and scrutinizes issues that shape the market method side effects and contraceptive failure the challenge of HIV AIDS and other sexually transmitted diseases and the implications of the women's agenda Contraceptive Research and Development analyzes the response of the pharmaceutical industry to current dynamics in regulation liability public opinion and the economics of the

health sector and offers an integrated set of recommendations for public and private sector action to meet a whole new generation of demand **Contraception across Cultures** Andrew Russell, Mary Thompson, Elisa J. Sobo, 2020-06-04

Contraception is an issue of considerable concern to a great many heterosexually active people Yet the impact of contraceptive technologies in the world today in particular their implications for kinship gender relations and other aspects of social life receives relatively little scholarly attention This book brings a new perspective to the study of contraception by collecting together in one volume leading experts in the fields of contraception family planning and reproductive health Contributors look at the social economic political and cultural contexts in which contraceptive providers and recipients make decisions about whether and what forms of contraception to use User perspectives whether those of recipients or providers of contraceptive services are taken seriously as are the perspectives of policy makers and development experts With its in depth case study approach this challenging book will appeal to practitioners and planners in the fields of family planning and reproductive health as well as to students and academics of applied and medical anthropology health studies gender and development studies or anyone interested in the social cultural and ethical issues raised by contraceptive technologies A

Concept of Contraception Selig Neubardt, 1967 A Concept of Contraception is perhaps the first nontechnical investigation into every known form of birth control explaining clearly and in detail the advantages and disadvantages of each from every possible standpoint Writing with great warmth and charm and liberal seasoning of humor Dr Neubardt has produced a book that any woman may read with profit as well as with a deep sense of personal enjoyment **Female Contraception** Benno

Runnebaum, Thomas Rabe, Ludwig Kiesel, 2012-12-06 Contraceptives have always provided ground for controversy This book describes and discusses latest findings concerning the advantages as well as hazard and risk factors of contraception The clinical impact of oral contraceptives on metabolism is particularly highlighted In addition behavioral methods intrauterine devices implants and modern approaches in animal and clinical research in the field of immunization against pregnancy are considered Last but not least the book summarizes the complex ethical religious and political aspects of family planning and contraception Frontiers in Gynecological Endocrinology Bart C.J.M. Fauser, Andrea R. Genazzani, 2014-12-10 This volume

offers an up to date overview on the major areas of gynecological endocrinology presenting the latest advances in adolescent gynecological endocrinology assisted reproduction menstrual related disorders sexuality and transsexualism polycystic ovary syndrome myometrial pathology and adenomyosis obesity and metabolic syndrome hormonal contraception premature ovarian failure and menopause In each chapter the recent advances deriving from basic science and clinical investigations are related to the practical management of the condition under consideration taking into account the need for individualized therapies The book is published within the ISGE Book Series a joint venture between the International Society of Gynecological Endocrinology and Springer and is based on the 2014 International School of Gynecological and Reproductive Endocrinology Winter Course It will be an important tool for obstetricians and gynecologists endocrinologists and experts in

women's health as well as interested GPs **A Clinical Guide for Contraception** Leon Speroff, Philip D. Darney, 2005 The thoroughly updated Fourth Edition of this practical handbook is a current reliable and readable guide to the intelligent use of today's contraceptive options The authors provide the essential information that clinicians and patients need to choose the best contraceptive method for the patient's age and medical social and personal characteristics The book concisely covers all available drugs and devices including emergency contraception and the clinical effects placement and removal of Implanon Each contraceptive method is covered in a single chapter that includes history of the contraceptive method of action pharmacology when applicable contraindications and use Fertility and Sterility: A Current Overview J. Bringer, B. Hedon, 1995-09-15 This is the most complete and up to date medical reference work available on the newest clinical developments and scientific findings dealing with contraception infertility the endocrinology of reproduction andrology reproductive surgery IVF technology ethics and research on human fertility and sterility It contains 65 chapters by prominent international authorities As the volume editors state in their Foreword Whether you are a gynecologist endocrinologist biologist andrologist or basic scientist or whatever your own interest reproductive surgery assisted medical procreation techniques new drugs contraception reproductive endocrinology or perhaps all of these you will find that this book contains the appropriate answers **Religious Crisis and Civic Transformation** Kimba Allie Tichenor, 2016-05-03 This book offers a fresh interpretation of the connection between the West German Catholic Church and post 1950s political debates on women's reproductive rights and the protection of life in West Germany According to Tichenor Catholic women in West Germany influenced by the culture of consumption the sexual revolution Vatican II reforms and feminism sought to renegotiate their relationship with the Church They demanded a more active role in Church ministries and challenged the Church's hierarchical and gendered view of marriage and condemnation of artificial contraception When the Church refused to compromise women left en masse In response the Church slowly stitched together a new identity for a postsecular age employing an elaborate nuptial symbolism to justify its stance on celibacy women's ordination artificial contraception abortion and reproductive technologies Additionally the Church returned to a radical interventionist agenda that embraced issue specific alliances with political parties other than the Christian parties In her conclusion Tichenor notes more recent setbacks to the German Catholic Church including disappointment with the reactionary German Pope Benedict XVI and his failure in 2010 to address over 250 allegations of sexual abuse at twenty two of Germany's twenty seven dioceses How the Church will renew itself in the twenty first century remains unclear This closely observed case study which bridges religious political legal and women's history will interest scholars and students of twentieth century European religious history modern Germany and the intersection of Catholic Church practice and women's issues Cumulated Index Medicus , 1970
