Robbing Peter to Pay Paul F. F. Powell,2009-09-24 Robbing Peter to Pay Paul looks at how Jesus teachings were supplanted by St Paul s doctrines Jesus is presented to the reader of the New Testament with two different personalities He is first described as a Jewish Rabbi recognized by His followers as the promised Hebrew Messiah His second personality stripped of its Jewish ness is somewhat like that of a Greco Roman god His Disciples were Hebrew in the first instance and in the second they were mostly Greco Roman Saint Paul authored most of the Greco Roman tenets in the New Testament of course He became a citizen of Rome as Saul of Tarsus but is now known as Saint Paul For centuries theologians seem to have preferred Paul s doctrines to the teachings of Jesus and have shaped a message over the years that our faith must be placed in Jesus death not in His life As Christianity took shape Paul battled to get his Greco Roman dogma accepted Those persons supporting Paul soon developed

a strategy to accomplish that feat Belittling the Disciples was one approach to the problem it appears This is especially true of Peter in some of Paul's Galatians passages

The Idea of Justice in Literature Hiroshi Kabashima, Shing-I Liu, Christoph Luetge, Aurelio de Prada García, 2018-05-07 The theme arises from the legal academic movement Law and Literature This newly developed field should aim at two major goals first to investigate the meaning of law in a social context by questioning how the characters appearing in literary works understand and behave themselves to the law law in literature and second to find out a theoretical solution of the methodological question whether and to what extent the legal text can be interpreted objectively in comparison with the question how literary works should be interpreted law as literature The subject of justice and injustice has been covered not only in treatises of law and philosophy but also in many works of literature On the one hand poets and writers have been outraged at the social conditions of their time On the other hand some of them have also contributed fundamental reflections on the idea of justice itself
