Donald Paul Sullins

New Faithful:

Healing Fractures in Contemporary Theology Peter John McGregor, Tracey Rowland, 2022-01-20 Since Vatican II the key question that has developed in Catholic theology often unstated or unrecognized is what is theology The thesis presented here is that contemporary theologizing is fractured in many places and to varying degrees These fractures can vary in seriousness between theologians and a particular theologian may suffer from some fractures but not others The fractures addressed here are between theology and spirituality theology and philosophy theology and liturgy the literal and spiritual senses of sacred scripture theology preaching and apologetics theology and ethics theology and social theory dogmatic and pastoral theology theology and the koinonial Christian life theologians and non theologians the generation gap between Gen X and Millennial Post Millennial Catholics and theology and the Magisterium For each of these an attempt is made to examine the symptoms give a diagnosis and write a prescription

Keeping the Vow Donald Paul Sullins, 2016 Based on one hundred fifteen interviews augmented by biographical survey and historical research Keeping the Vow tells the story of married priests and their wives their unusual and difficult journey from Anglicanism and their life in the Catholic Church The book combines personal narratives and sociological analysis to provide a clear view of the priesthood's collective features and discusses the implications of the married priesthood for the future of the Church

Y'All Come Jack W. Page Jr., 2016-12-19 Y'all Come seeks to understand God's call to Jesus the way that Jesus understood it to see the Jesus that Jesus saw The Jesus of Y'all Come was inviting Israel the religious community to join him as residents of God's neighborhood He did so by teaching and modeling what life looked like in that neighborhood By accepting Jesus's invitation Israel would live into her chosen status as established by the Sinai covenant She would become the holy nation of Exodus 19:6 and the light to the nations of Isaiah 49:6 She would do so by sharing the same holy light with other nations that Jesus had shared with her she would teach and model the lifestyle in God's neighborhood The journey that Jesus and Israel would share was strange and difficult It ended in a way that neither side would likely have predicted when Jesus left Nazareth bound for Jerusalem Modern readers will likely find the journey to be equally strange equally difficult and equally unpredictable

Bourgeois Dignity Deirdre N. McCloskey, 2011-11-15 Arguing that the biggest economic story of our times is how China India have embraced neoliberalism Deirdre McCloskey suggests that economic change depends less on foreign trade investment or material causes a whole lot more on ideas what people believe

The Eastern Church in the Spiritual Marketplace Amy Slagle, 2011-09-01 Like many Americans the Eastern Orthodox converts in this study are participants in what scholars today refer to as the spiritual marketplace or quest culture of expanding religious diversity and individual choice making that marks the post World War II American religious landscape In this highly readable ethnographic study Slagle explores the ways in which converts clerics and lifelong church members use marketplace metaphors in describing and enacting their religious lives Slagle conducted participant observation and formal semi structured interviews in Orthodox churches in

Pittsburgh Pennsylvania and Jackson Mississippi Known among Orthodox Christians as the Holy Land of North American Orthodoxy Pittsburgh offers an important context for exploring the interplay of Orthodox Christianity with the mainstreams of American religious life Slagle's second round of research in Jackson sheds light on the American Bible Belt where over the past thirty years the Orthodox Church in America has marshaled significant resources to build mission parishes Relatively few ethnographic studies have examined Eastern Orthodox Christianity in the United States and Slagle's book fills a significant gap This lucidly written book is an ideal selection for courses in the sociology and anthropology of religion contemporary Christianity and religious change Scholars of Orthodox Christianity as well as clerical and lay people interested in Eastern Orthodoxy will find this book to be of great appeal

The Books of Jeremiah and Lamentations

Brian Simmons, 2023-11-07 The books of Jeremiah and Lamentations chronicle the tragic fall of Jerusalem God spoke through Jeremiah to warn his people of judgment for their sins urge them to return to his heart and promise restoration The book of Jeremiah shares a detailed personal narrative of Judah's capture and exile Jeremiah's heart broke for his people as he prophesied and suffered alongside them but his tearful warnings of judgment are pierced by soaring promises of a new heart and a beautiful future The book of Lamentations is the deeply poetic cry of the Weeping Prophet after the destruction of Jerusalem and the temple It provides a prayerful and liturgical framework to mourn loss voice grief and confess sin while still hoping in God's ever present mercy and forgiveness These timeless prophetic truths balance warning with hope guiding us in repentance and grief while renewing our confidence in YAHWEH's endless love I will make an everlasting covenant with them and I will never stop doing good things for them Jeremiah 32:40

Living Theodrama Wesley Vander

Lugt, 2016-05-13 Living Theodrama is a fresh creative introduction to theological ethics Offering an imaginative approach through dialogue with theatrical theory and practice Vander Lugt demonstrates a new way to integrate actor oriented and action oriented approaches to Christian ethics within a comprehensive theodramatic model This model affirms that life is a drama performed in the company of God and others providing rich metaphors for relating theology to everyday formation and performance in this drama Different chapters explore the role of the triune God Scripture tradition the church mission and context in the process of formation and performance thus dealing separately with major themes in theological ethics while incorporating them within an overarching model This book contains not only a fruitful exchange between theological ethics and theatre but it also presents a promising method for interdisciplinary dialogue between theology and the arts that will be valuable for students and practitioners across many different fields

The Challenge of Emulation in Art and

Architecture Professor David Mayernik, 2013-12-28 Emulation is a challenging middle ground between imitation and invention The idea of rivaling by means of imitation as old as the Aeneid and as modern as Michelangelo fit neither the pessimistic deference of the neoclassicists nor the revolutionary spirit of the Romantics Emulation thus disappeared along with the Renaissance humanist tradition but it is slowly being recovered in the scholarship of Roman art It remains to

recover emulation for the Renaissance itself and to revivify it for modern practice Mayernik argues that it was the absence of a coherent understanding of emulation that fostered the fissuring of artistic production in the later eighteenth century into those devoted to copying the past and those interested in continual novelty a situation solidified over the course of the nineteenth century and mostly taken for granted today This book is a unique contribution to our understanding of the historical phenomenon of emulation and perhaps more importantly a timely argument for its value to contemporary practice

of religious colleges and universities particularly evangelical Protestant institutions in contemporary American higher education Many faith based schools are flourishing They have rigorous academic standards impressive student recruitment ambitious philanthropic goals and well maintained campuses and facilities Yet much of the U S higher education community ignores them or accords them little respect Seeing the Light considers instead what can be learned from the viability of these institutions The book begins with a history of post secondary U S education from the perspective of the religious traditions from which it arose After focusing briefly on nonevangelical institutions Schuman next looks at three Roman Catholic institutions the College of New Rochelle Villanova University and Thomas Aquinas College He then profiles evangelical colleges and universities in detail discovering the factors contributing to their success These institutions range from nationally recognized to little known from rich to poor with both highly selective and open admission requirements Interviews with key administrators faculty and students reveal the challenges the successes and the goals of these institutions Schuman concludes that these schools Baylor University Anderson University New Saint Andrews College Calvin College North Park University George Fox University Westmont College Oral Roberts University Northwestern College and Wheaton College and others like them offer important and timely lessons for the broader higher education community

Fulfilled in Our Hearing Guerric DeBona, 2005 What can today's preacher learn from past practices What needs to be adapted so that the preacher can be an authentic prophetic voice for today Father Guerric DeBona mines the treasures of the Christian homiletic tradition and confronts the challenges of modern technology multiculturalism and feminism to open a discussion about how the preacher can effectively reach the assembly in today's postmodern media saturated culture Fulfilled in Our Hearing is certain to become the standard text in homiletics courses for ordained and lay preachers alike

BOOK JACKET *Redeeming Judgment* Dale Patrick, 2012-06-08 This book arose from the author's sense of urgency The Protestant church that we know and love has grown silent about the judgment of God It seems that our church is bent upon living up to H Richard Niebuhr's caricature of liberal Protestantism A God without wrath brought men without sin into a kingdom without judgment through the ministrations of a Christ without a cross The book is meant to remedy this silence regarding God's judgment It demonstrates the pervasiveness of the judgment of God in both Old and New Testaments Not only do we find the act of judgment in every era but judgment is a necessary stage in God's saving work Moreover the illuminating power of the concept is confirmed by common human experience
