Pogiebait's War Jack H. McCall, 2023-02-03

Jack H McCall Sr was a born storyteller an inveterate practical joker and a proud Tennessean whose flaws included a considerable taste for candy or pogiebait in Marine parlance Like so many other able bodied young people in on the eve of World War II he decided to enlist in the wake of the Japanese attack on Pearl Harbor Much more than a family memoir or nostalgic wartime reminiscence this painstakingly researched biography presents a rich engaging study of the U S Marine Corps particularly McCall's understudied unit the Ninth Defense Battalion the Fighting Ninth The author provides a window into the day to day service of a Marine during World War II with important coverage of fighting in the Pacific Theater McCall also depicts life in wartime Franklin Tennessee and offers a poignant and personal tribute to his father McCall dramatizes some of the classic themes of the war memoir genre war is hell but memories fade but he sets riveting descriptions of decisive action against rarely seen views of mundane work and daily life supported with maps photographs and fresh interpretations Another distinction of this work is its attention to the action on Guam a very unpleasant late war mopping up that has received relatively little scholarly attention In his portrait of the bitter island hopping war in the Pacific the author shows how both U S and Japanese soldiers were often eager innocents drawn to the cauldron of conflict and indoctrinated and trained by their respective governments Reflecting on the action late in life Jack as well as several other Ninth veterans came to a begrudging respect for the enemy

Operation KE Dennis R Letourneau, J. A. R Letourneau, 2012-11-15 Operation KE explores the air combat that attended the Japanese evacuation of Guadalcanal in early 1943 a topic which has hitherto received very little attention Operation KE was successful largely because Japanese strategic planning and tactical execution was basically sound The traditional view holds that the Japanese got away with the initiative largely because the Americans let them the US Pacific high command felt it was not worth the effort to try and stop them Letourneau contends that this was not entirely the case He argues that the Cactus Air Force and Guadalcanal based naval units did their best to disrupt the evacuation still believing that the Tokyo Express was bringing reinforcements and supplies to the 17th Army Other US forces in the South Pacific did make a half hearted and questionably executed attempt to stop the Japanese but were bluffed into adopting a wait and see posture Operation KE focuses on the air war fought between the Cactus and US 13th Air Forces on

the one hand and the Japanese Navy and Army Air Forces on the other from mid December 1942 to mid February 1943 The book scrutinizes the US air strikes against the six KE related Tokyo Express destroyer runs plus related air strikes against the Japanese merchant marine as well as air and naval base suppression missions undertaken by both sides to determine what actually happened in order to analyze why the Japanese evacuation succeeded and why Cactus failed to stop it Background chapters attempt to assess the respective states of readiness of the Japanese and US air arms in the South Pacific to support on the one hand and counter on the other the execution of Operation KE The central portion of the book narrates in some detail what actually occurred in the air and at sea including air strikes fighter sweeps base suppression missions and naval sorties during the crucial prelude to and the actual playing out of the interrelated events that comprised the evacuation operation Concluding chapters analyze on both strategic and tactical levels the Japanese planning and execution of Operation KE and Cactus initiatives to interdict KE s successful prosecution The authors conclude that both the Japanese and the American states of readiness on the eve of Operation KE suffered in such matters as optimizing both resources and operating procedures and combating a hostile environment Consequently both combatants were somewhat handicapped in their abilities respectively to carry out and contest Operation KE The author contends that the Japanese developed a reasonably sound strategy that exploited those methods and tools of war then in use in the South Pacific to achieve success they maximized their own strengths while taking advantage of their adversary s limitations Contrary to the traditional view the authors are of the opinion that Japanese utilization of their newly built airstrip at Munda in the Central Solomons played an important role in the success of Operation KE which was in keeping with the long range intention of developing Munda and Vila airstrips as major forward airbases to defend against any Allied push toward Rabaul through the Solomons The U S on the other hand by consistently misreading Japanese intent regarding Operation KE and pursuing a cautious offensive strategy blunted the tactical impact of their initiatives to counter the evacuation Several imprudent tactical decisions and a misallocation of resources further diluted the strength of US efforts

South Pacific Cauldron Alan P Rems, 2014-05-15 Award winning author Alan Rems brilliantly tells of the campaigns in the South Pacific a region long overlooked offering both the big picture and the foxhole view Military Officer A fitting tribute to the men who fought and died in an often overlooked theater of World War II As such it is a welcome addition to our knowledge of World War II in the Pacific Theater On Point The Journal of Army History While the Pacific War has been widely studied by military historians and venerated in popular culture through movies and other media the fighting in the South Pacific Theater has with few exceptions been remarkably neglected Authoritative yet written in a highly readable narrative style South Pacific Cauldron is the first complete history embracing all land sea and air operations in this critically important sector of the oceanic conflict

Allied Armour, 1939-1945 Anthony Tucker-Jones, 2020-12-02 An important review of armoured warfare armoured vehicle design tactics and operational issues during World War 2 it comes highly commended Dr Stuart C Blank Military Archive

Research During the first years of the Second World War Allied forces endured a series of terrible defeats at the hands of the Germans Italians and Japanese Their tanks were outclassed their armored tactics were flawed But the advent of new tank designs and variants especially those from the United States turned the tables Although German armor was arguably still superior at the end of the war the competence of Allied designs and the sheer scale of their production gave them a decisive advantage on the armored battlefield This is the fascinating story that Anthony Tucker Jones tells in this book which is part of a three volume history of armored warfare during the Second World War Chapters cover each major phase of the conflict from the early blitzkrieg years when Hitler s Panzers overran Poland France and great swathes of the Soviet Union to the Allied fight back in tank battles in North Africa Italy and northern Europe He also covers less well known aspects of the armored struggle in sections on Allied tanks in Burma India and during the Pacific campaign Technical and design armored are a key element in the story but so are changes in tactics and the role of the tanks in the integrated all arms forces that overwhelmed the Axis The matter of armoured vehicles and their role in the turning of the tide against Germany is covered brilliantly in Anthony Tucker Jones s excellent treatise Books Monthly Very Highly Recommended Firetrench

The Allied Neutralisation of Rabaul Jon Diamond,2025-01-30 Details the 1943 1944 Allied strategy to neutralize Japan s Rabaul stronghold through fierce aerial sieges and targeted landings in the Pacific Fierce Pacific ground sea and aerial combat raged between the Allies and Imperial Japan to halt the latter s inexorable advance in 1942 1943 After the American victory at Guadalcanal in February 1943 Admiral Halsey s South Pacific Area SPA naval and amphibious forces battled through the Solomon Islands building new and acquiring extant Japanese airfields Simultaneously General Douglas MacArthur s Southwest Pacific Area SWPA Australian American ground forces supported by General George Kenney s US Fifth Air Force and other Allied air squadrons captured Japanese installations in Papua New Guinea before campaigning along Northeast New Guinea s northern coast ousting or bypassing enemy installations there Using newly built Papuan airfields the Allies gained air superiority over New Guinea and also interdicted Japanese maritime supply lines Yet the main Japanese southwest Pacific bastion at Rabaul on the northeastern tip of New Britain the largest island of the Bismarck Archipelago remained In March 1943 realizing an amphibious assault and ground campaign against Rabaul s naval and army bases would be too costly the US Joint Chiefs of Staff decided to neutralise Rabaul with a joint SPA and SWPA aerial siege rather than capture it This IOW volume recounts this strategy during 1943 and 1944 and the December 1943 amphibious landings by the US 1st Marine Division and US Sixth Army units at Cape Gloucester and Arawe respectively which successfully isolated the Japanese fortress and satellite bases

Watriama and Co Hugh Laracy,2013-10-01 WATRIAMA AND CO the title echoes Kipling s

STALKY AND CO is a collection of biographical essays about people associated with the Pacific Islands. It covers a period of almost a century and a half. However, the individual stories of first-hand experience converge to some extent in various ways so as to present a broadly coherent picture of Pacific History. In this, politics, economics, and religion overlap. So too do indigenous cultures and concerns together with the activities and interests of the Europeans who ventured into the Pacific and who had a profound, widespread, and enduring impact there from the nineteenth century and who also prompted reactions from the Island peoples. Not least significant in this process is the fact that the Europeans generated a paper trail through which their stories and those of the Islanders who also contributed to their written record can be known. Thus, not only are the subjects of the essays to be encountered personally and within a contextual kinship, but the way in which the past has shaped the future is clearly discernible. Watriama himself features in various historical narratives. So too certain of his confreres in this collection, which is the product of several decades of exploring the Pacific past in archives by sea and on foot through most of Oceania.
