globalization is not a recent phenomenon but rather a process of long duration that may be divided into four main phases of accelerated globalization. These phases connect our present across the world's widely divergent modern eras to the period of early modern history. Ette demonstrates how the literatures of the world make possible a tangible perception of that which constitutes life both of our planet and on our planet, which may only be understood through the application of multiple logics. There is no substitute for the knowledge of literature; it is the knowledge of life from life. This English translation will be of great interest to English-speaking scholars in the fields of Global and Area Studies, Literary Studies, Cultural Studies, History, Political Science, and many more. About the author: Ottmar Ette has been Chair of Romance Literature at the University of Potsdam, Germany, since 1995. He is Honorary Member of the Modern Language Association of America (MLA), elected in 2014; member of the Berlin-Brandenburg Academy of Sciences and Humanities, elected in 2013; and regular member of the Academia Europaea since 2010.

**Bulgarian British Review**, 1929 **Catalog of Copyright Entries. Third Series** Library of Congress, Copyright Office, 1976 **Outspoken Women** Lesley A. Hall, 2014-05-01

Studying a broader period than its contemporaries, this comprehensive study reveals a neglected tradition of British women's writing from the Victorian era to the sexual revolution of the 1960s. *Outspoken Women* brings together the many and varied non-fictional writings of British women on sexual attitudes and behaviour, beginning nearly a hundred years prior to the second wave of feminism. Commentators cover a broad range of perspectives and include Darwinists, sexologists, and campaigners against the spread of VD, as well as women writing about their own lives and experiences. Covering all aspects of the debate from marriage, female desire, and pleasure to lesbianism, prostitution, STDs, and sexual ignorance, Lesley A. Hall studies how the works of this era didn't just criticise male-defined mores and the dark side of sex, but how they increasingly promoted the possibility of a brighter view and an informed understanding of the sexual life. Hall's remarkable anthology is an engaging examination of this fascinating subject, and it provides students and scholars with an invaluable source of primary material.
